

ARCTIC EXPEDITION.

The expedition in search of the relics of Sir John Franklin has sailed from New York in the schooner "Eothen".

The searching party will consist of Lieut. Schwatka, Col. Gilder, Joseph Eberling, Henry W. Klutsch, an Austrian by birth, and an civil engineer by education, and Francis Melms.

Double doors to leave then open, and the apostles appear slowly, one by one, in procession. As they pass, the apostles turn toward him—Jesus bows, the apostles turn again and proceed through the double doors in an alcove on the right.

The scene can be repeated seven times an hour, if necessary; and the natural motion of the clock produces it four times per hour, whereas the Strasburg procession is made but once a day, at twelve o'clock.

THE POISON RUM.

The grand jury of New York had their attention directed by the presiding judge to the matter of the adulteration of liquors, and consequently there is a stir among the press.

therly, but when it is a question of speed the Frenchman is all abroad. Watching with a friend, the performance of the Frodo, where things were more behindhand than elsewhere, and where the need was most urgent, Mr. Small says no indication of haste or anything like zealous activity.

Communications.

For the "Agriculturist." Sir—Could you inform me where the writer of the Reporter gets so much information from, as I am very much puzzled with a certain notice in his issue of the 20th inst., that the Lunt property would revert back to the city in about two years.

I remain, yours, A. CITIZEN.

Frederick, July 1st, 1878.

BOSTON CORRESPONDENCE OF THE "AGRICULTURIST."

Boston, June 27th, 1878. Boston of late years has been growing not only in size, but in beauty. The visitor of ten years since would scarcely recognize the Boston of to-day, so much has it changed.

A NEW DEPARTURE IN CHARLOTTE.

A number of gentlemen of St. Stephen and other parts of Charlotte County, have had a meeting to talk over the political situation. The present state of representation does not suit them. They have decided to hold to the political line of difference resulting from old party factions in Ontario and Quebec, but strike out on a new and untried basis.

THE COMING ECLIPSE.

On the twenty-ninth inst., there will be a total eclipse of the sun. The path of totality will cross the American continent. The phenomenon of the total eclipse of the sun is an event of great interest to astronomers.

THE CANADIAN TROPHY AT THE PARIS EXHIBITION.

The special Paris correspondent of the Toronto Globe sends the following description of the Canadian trophy, which was first exhibited on the 8th inst.

THE TALK ABOUT THE PROVINCIAL GENERAL ELECTIONS.

Now that the Local Elections are over, the public mind begins to turn slowly towards the subject of Dominion politics, and before many weeks will be engaged in the turmoil of a general campaign.

THE CLOCK OF CLOCKS.

In Mengel's building is now on exhibition, in all probability the most wonderful clock in the world. It was built by Stephen D. Engle, a watchmaker at Hazelton. He is about forty-five years of age and was about twenty years in perfecting the clock.

THE CHINESE QUESTION.

Even for Canada the Chinese question is beginning to take on a practical bearing. Our neighbors of the California State have been troubled with the problem for years, and have advanced but a little way towards solving it.

DOMINION DAYS DOINGS.

Canada has never passed so truly general and hearty a birthday as the one just gone by. We are glad to see the evidence of natural unity and pride in country multiply and extend.

LAW REFORM IN ENGLAND.

The Parliament of Great Britain has now under consideration a criminal code, prepared by Sir James Fitzjames Stephens which, if passed, and it is probable it will be, will make a radical and much needed change in the criminal laws of England.

LABOR OUTRAGES.

The latest and in some respects most aggravating phase of the labor question is given to us in late telegrams from the Western States. Throughout Indiana and in some of the adjoining States, the reaping and other labor-saving machines of the farmer's have been destroyed in large numbers, and notices have been posted that should any farmer use these in his harvest instead of employing hand labor, destruction will be visited upon all machinery owned by him.

THE COMING AMERICAN CROPS.

Mr. Perkins, writing to the editor of the Times from Chicago, May 15th says:—"Sir, The question naturally asked by Englishmen when there is a possibility of a war with Russia is this—Will there be a great advance in provisions, and where will the wheat supply be obtained from Russia come from?"

THE COMING AMERICAN CROPS.

On Friday afternoon fire caught in the roof of Risten's factory. The bells rang, the engines were promptly at hand, and the fire was extinguished before any damage was done. No. 4 hand engine had water on in a remarkably short time, and put the fire out without the assistance of the steamers.
