The debate covered a wide field, a great variety of opinions were expressed on the question, which will probably create still further discussion in the large committees to which it has been referred. The Synod was then adjourned, not, as had been proposed, to the 23rd, but to the 22nd inst., at noon. The number of documents sent the bishops by the various associations and individuals is astounding. The prescher of the forewell astounding. The preacher of the farewell sermon is not yet fixed. Some forty churches in London and the surburbs will be occupied to-morrow by foreign and colonial prelates. Next Friday the Christfan Knowledge Society will receive them at a soirée at King's College.—Liver-

An important decision, as affecting incorporated companies, has just been rendered in the Superior Court here. The National Insurance Company sued Mr. Hatton, Q. C., an advocate, for calls of stock, whereupon defendent set up the plea that he had subscribed upon false representations. It has been represented to him that Mr. A. W. Ogilvie held \$30,000 of stock, for which amount he was down, but Mr Ogilvie had altered this on the books, so that he really held but \$15,000. The action was dismissed with costs against the plaintiff, and it was with costs against the plaintiff, and it was held that none of the shareholders were bound to pay their calls.—Montreal Witness.

An Astonishing Fact.—A large proportion of the American people are to-day dying from the effect of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists FLORENCEVILLE, TUESDAY, July 30th. on the Western Continent. DAVIS & DIBBLEE, Agents, Fredericton

A leading medical authority says :-- "Consumption is essentially a disease of degenera-tion and decay. So it may be inferred that the treatment for the most part should be of a sustaining and invigorating character—nutritious food, pure, dry air, with such varied and moderate exercise in it as the strength will bear, the enlivening influence of bright will bear, the enlivening influence of bright and moderate exercise in it as the strength will bear, the enlivening influence of bright and moderate exercise in it as the strength will bear, the enlivening influence of bright and moderate exercise in it as the strength and moderate sunshine and agreeable scenery, and cheerful society and occupation, aided by a judicious use of medical tonics and stimulants, are among the means best suited to reature the defective functions and structures of frames prone to decay.1

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime by its gently stimulating and nutrative tonic properties is adepted in an eminent degree to this office of restoring the "defective functions and structures," as the number of cases in which it has been so successfully used, together with its short record of a few months, that has placed it in the formest reads. that has placed it in the foremost ranks of proprietary remedies will fully testify.

Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers.

Price \$1.00 per bottle; six bottles for \$5.00
