This is a good time to suggest to our Provincial Premier that this Treasurership of the Province was established at Confederation as an English-speaking office. When the innovation was made the English-speaking Canadians said nothing by way of protest, but it is quite easy to allow precedents to grow and become established, and in this case it should be provided against. The nature and work of the office of Treasurer in this Province, as well as the original agreement, make it necessary that the office should be filled by an English-speaking Blankets, Flannels, Swansdowns,

THE FUTURE OF CANADA.-The Exhibition correspondent of the Times, writing on the part played by Canada at the French show, notices at some length Mr. Keefer's Handbook, and says, after making quotations:

"No one can read this admirable 'Handbook' and examine its valuable maps without being impressed with the conviction that the Dominion has a great future before it. Canada possesses the largest unconceded agricultural region in North America, the future home of a hardy northern race, with only one frontier to guard, and that held by a people only foreign in their political institutions."

THE GLASGOW BANK.—The balance-sheet of the 1st October, the date of the stoppage shows liabilities amounting to £12,404,297-8s. 3d., and the assests are deficient of that sum £5,109,983 11s. 3d., which, with a capitai of one million, makes a total loss of £6,-190,983 11s. 3d. To meet this a call £600 per share will be required.

The Glasgow Herald says it has been discovered that under an Act of Parliament all

shareholders who sold or transferred shares Furs! within twelve months of the stoppage are liable for the bank's obligations.

At a meeting the 25th ult., of the promoters of the scheme for the establishment of a bishopric of Liverpool, the donations of the endowment fund were reported to amount to over £65.000. The sum required will be about £90,000 or £100,000. It was decided to ask the Bishop of Chester to issue a pastoral letter suggesting a simultaneous collection in the churches early in 1879.

A Long Horseback Ride.— Captain Selvi, says the London Sportsman, has successfully accomplished the feat of riding from Bergamo, in Lombardy, to Naples, a distance of 900 kilometres, or about five hundred and eighty English miles, in ten days on "Leda," a Sardinian mare, the property of an Italian cavalry officer. The mare is Sardinian born and bred, but her grandsire was a pure Arab. She stands a little over fourteen and one half hands and in the sardinian born and in the sardinian born and in the sardinian born and balf hands and in the sardinian born and breds are sardinian born and breds and in the sardinian born and breds are sardinian born are sardin half hands, and is said to be 7 years old, gray, with an Arab forehead, and very plain hind-quarters. The last stage from Caserta to Naples, was ridden not without the greatest difficulty, the gallant little mare being distressed beyond measure. On arriving within the presents of the city with helf or within the precents of the city, with half an hour to spare, she was unable to move an inch further, and could not proceed to the cavalry barracks, as had been arranged. She CARPETING OF EVERY DESCRIPTION. had to be put up at the nearest stable, where she lay down dead beat, trembling all over and refusing food and water. Thanks, however, to the care bestowed upon her, she was comparatively all right again the following day. Captain Selvia started from Bering day. gamo on the 23rd ult., at 10 a. m., and arrived at Naples on 3rd inst., at 9:30 a. m. Previous to starting he made a bet of 6,000 francs to do the distance in ten days.

A REMARKABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections. Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

vegetable alteratives - Stillingia, Mandrake, Yellow Dock - with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known the diseases it is intended to cure. Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

This Sarsaparilla is a combination of

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness. Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that
