This standard article is compounded with the greatest care. Its effects are as wonderful and as satisfactory as ever. It restores gray or faded hair to its youthful color. It removes all eruptions, itching

and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been found so effectual or desirable.

A. A. Hayes, M.D., State Assayer

of Massachusetts, says, "The con-

stituents are pure, and carefully se-

lected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Price, One Dollar. Buckingham's Dye

FOR THE WHISKERS. This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color, which will neither rub nor wash off.
