ACCIDENT .- A lad named Harry White was slightly injured on the race course ver terday morning by being run over by a furiously driven horse.

AQUATIC.—Norman Edgecombe has taken a seat in the Lowery-Mentrum boat, in place of Robert Mentrum, who is residing temporarily at Spring Hill.

Qr.-Mr. Lipsett and Sgt. Smith of the 71st Batt., have won places in the New Brunswick team of fifteen, who compete at Ottawa for Wimbledon. Geo. Perley, Esq., sold the effects of the

late Robt. Gowan at auction in front of the

City Hall to-day. W. H. Friel also disposed of an amount of books, glassware, etc. FEATURES OF THE MARKET.—The mar-

ket was rather poorly supplied this morning with day produce. Good butter brought 12 and 15 cents; mutton, 4 to 5; beef, 6 to 7; hay, \$5 to \$7.

GOOD SHOOTING .- Mr. Harry Beckwith and a friend, one day this week, drove a distance of 36 miles and bagged "twenty-nine" partridge, a remarkable success considering that the sportsmen were in the forest but a short time.

FOUND DROWNED .- The body of Richard Haby, who was drowned near Lower Bright- of Justice. on, the 24th ultimo, was found a mile below that place, on the 29th ultimo. The body was found to have lodged on a sand bar slightly covered by water, and was discovered by one of the hands showing above the sur-

already heard of one large "hen party being organised to drive over; Marysville will hospitably entertain all who attend.

SERIOUS ACCIDENT .- A very serious ac cident happened to Wm. Segee, Esq., proprietor of Spring Hill Hotel, last night while he was driving home from the city. When near his residence his horse took fright at a pile of lumber, and ran away, pitching Mr Segee violently out of his carriage and cutting him severely in several places. The horse, too, was considerably injured, and the carriage is a complete wreck. Dr. Brown was called and is attending to Mr. Segee's injuries from which he will recover.

CANOEING .- Mr. William Kerr, of the firm of Clarke, Kerr & Thorne, arrived here on Thursday afternoon in his Rob. Roy Canoe, "The Nautilus." Mr. Kerr has been doing the St. John and its tributaries for a couple of weeks in regular Rob Roy style, using his two-bladed paddle most effectually and dining, and we dare say, wineing himself all alone just where the spirit moved him. With kettles and pans and cupboard well planned, and sketch book at hand " Will" has been perfectly independent, and looked as brown and happy, as only two weeks of such enjoyment can make men look. Mr. Kerr left for home yesterday morning.

THE NORMAL SCHOOL .- The present session of the Provincial Normal school is nearly to a close. The final monthly written examinations were held on Friday, the 29th ult. next Friday.

THE semi-annual examinations for teachers license will be held during the succeeding week, under the charge of the Chief Superinfendent. Several of the student teachers for various reasons have not been classified by the faculty of the Normal School, and therefore will not be permitted to compete for license. Want of proper qualifications as regards scholarship was the principal cause of some being "plucked" wnile others are o too tender age to assume the responsibilities and cares of educators of the young.

HUMANE CONDUCT.-Wednesday night 8 party of young ladies and gentlemen went out boating, and had an enjoyable time up to the time of their return to the wharf on which they were to land. Then an accident occurred that might have been attended with serious consequence had not a young man of the party with great presence of mind and bravery, gone to the rescue. A plank had been placed from the boat to the wharf for the fair excursionists to walk ashore upon One young lady missed her footing and fell into the river, but was gallantly rescued by Bliss, Esq., presiding. The first speaker was the young man to whom we refer. We the chairman, who made a few remarks enwithhold names. No doubt the young man

Society as also by more interested parties. CRICKET .- A scratch match of cricket will be played in the Officers' Square, on Monday afternoon, between elevens chosen from the cricketers of the city. A good attendance of those wishing to take part in the game is requested. The approaching match between the "Eurekas" of this city and the St. John Club, in St. John is attracting considerable attention among the cricketers of both cities. The match is to be played in the Barrack Green, St. John, on Monday next, commencing about 11 a. m. The "Eurekas" will leave here by train that morning and will be met at the ferry landing by the reception committee of the St. John Club, who cared so kindly for the Fredericton Club during their recent visit there. The following will of the Canada Temperance Act.

Success! It is to be hoped that "our boys" will not have such a perful antagonist in the Um pire, as the Fredericton team had in their match with St. John.

YACHTING .- Yachting has become quite a pastime among our citizens lately. Besides the expeditions made by our own craft. notably those owned by Mr. Bliss, a number of strange yachts have visited here during the present summer. Thursday a very handsome craft from New York arrived here and left for St. John vesterday. Her name or the name of the occupants were not learned. One of the popular "catamarans" now so much used in the States, went up the river early this week. They are made by putting a substantial platform over two long narrow skiffs placed a yard or more apart. Very large sails can be carried upon a mast rigged

able to the larger vessel.

Aldermen Beek took ground, that the Council dare not grant licences in face of the Canada Temperance Act made law by the highest authority n the Dominion, and said he believed the Dominion Government would test the validity of the law in the Supreme Court in Ottawa, and that the question of its constitutionality would be set at rest probably about October. Last Saturday Night's Temperance Meeting.

A mass temperance meeting was held in the City Hall on Saturday night, Geo. J. couraging to temperance workers. W. He advised the temperance workers not to b discouraged by their late apparent reversed,

Mr. Wilson had no sympathy with those extremists, who question the purity of the Bench of New Brunswick, and assert that our Judges were influenced in giving their decision with respect to the constitutionality

He spoke briefly of the good effects of the Permissive Bill since it has been in force here, and instanced the sobriety and good order that prevailed during public days. notably on the occasion of the Governor-General and Princess' visit to prove the Few drunken men are to be our streets although the law had been operation but a few months.

After speaking earnestly for half an hour he read several letters from prominent men in Ontario in which they expressed the opinion that the recent decision of the Supreme Court of New Brunswick would be reversed when the matter came to be heard
