On Wednesday the ice showed symptoms of breaking up, and began to work away of breaking up, and began to work away from the right bank of the river, until, or Friday morning there was a large open space of blue water in front of the city. At twenty minutes to eleven in the forenoon the ice was seen to make its first premonitory move. It continued to move slowly, and in the afternoon drove up against the New Brunswick Co's. wharf, and twisted it out of its position, and wrecked the storehouse upon it To-day there is more clear water in front of the city. But the ice is piled up on the opposite bank about Gibson's wharf, and some damage may be done there before it

At he other time probably has the Roman Catholic Church on this continent been so vigorous and active as at the present. An extensive system of Colonization is being carried on by the National Board of Colonization, at the head of which is Bishop Ireland, of St. Paul, Minn. Several extensive settlements have been made in Minnesota, the largest comprising nearly the whole of Swift county in that State, where over 800 families have been located on the Northern Pacific railroad. A Virginia colonization scheme has been energetically and actively pushed by the Irish Benevolent Union, of Philadulphia, which two years ago purchased seven thousand acres in Charlotte and Mecklenburg counties and has already established between a hundred and two hundred families in farming on that and other land. Another project is on foot to settle Roman Catholic

AND

IIII project is on foot to settle Roman Catholic families on a large scale in the west of Texas.

### A Gorgeous Spectacle,

A large pipe at the bottom of East River, which carries petroleum from the Hudson River railroad depot to Hunter's Point, burst on Monday last, and the surface of the river was covered with oil. Some little boys threw a lighted match into the stream, and the whole river front for about a mile was soon ablaze. The seene from Long Island shore was truly gorgeous. From a point in the channel between Ravenswood and Blackwell's Island extending southerly for about a mile the surface of the water was a livid sheet of flame. It was a scene that held thousands of people spellbound. It speared as if subterranean fires had burst through out of a mass of water and conquered the opposing element. The glowing flames jumping along the liquid surface. Sometimes the centre of the flames would be extinguished, leaving a darkened space surrounded by an aureola of fire, then like a flash of lightning the entire area would be again lighted up leaving an unbroken sheet of flame resting on the surface of the water. Fortunately the flames word distant from the shipping of a partition. face of the water. Fortunately the flames were distant from the shipping or anything to feed upon, the fire being opposite 80th street. The flames were fought by engines and propellers, but did not cease until the oil in the pipe was exhausted.

### The Death-rate of

Our country is getting to be fearfully alarming, the average of life being lessoned every year, without any reasonable cause, death resembling cause, death resulting generally from the most insignificent origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee; German Syrnp been taken, a cure would have resulted and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs. For all diseases of the Throat and Lungs, Bosehee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 650,000 bottles sold last year without a single failure known.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878:

J. H. Robinson, Esq.,—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactrophosphate of lime" had made in my case, and, at the same time promising to write you from time to time to let you know how I am getting along. I am much better in every way: am stronger can much better in every way; am stronger, can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me know, can hardely believe that I am the

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Provdence. your preparation has done for me. Wishing you every success, &c., For sale by druggists and General Dealers. Price \$1 per bottle; Six bottles for \$5.

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City.
