The Proprietor Puzzled. The proprietor of the Queen was rather puzzled the other day, to see a broad smile illumine the face of each guest as they examined the Bill of Fare, until he inspected it for himself, when he discovered that the printer had put the apple pie and strawberry pie under the head of "vegetables," placing sliced beets, cabbage and green peas under "pastry."

Raymond Excursion. The Raymond excursion party numbering thirty four arrived, last Tuesday afternoon, half of the party going to the Queen, the other half putting up at the Barker. Despite the unfavorable weather the party were well pleased with everything, and spoke highly of the hotels, public buildings, and the very pretty and clean appearance of the city. Marysville was also visited, but on account of the rain they were unable to visit the church or factory. They left Wednesday morning for St. John.

EVENTS AROUND US.

Happenings of the Week Throughout the Province.

A man, whose name is said to be Gallagher, jumped from the Orange excursion train Monday, near St. Martins, and was badly injured about the head. He was picked up unconscious and carried to a house near by.

At the residence of Mr. Thos. Clayton, Gibson, this morning by the Rev. Mr. Nobles, Mr. Charles Mineart and Miss Edith Carr were united in the bonds of marriage. The happy couple took the train for Woodstock to pay a short visit to the bride's parents at that place.

A social gathering met at the residence of Moses White, Gibson, last Tuesday evening the object being to present Miss Ida White with a purse for her services as organist in the Baptist church, at that place. As she had given her services gratuitously, the affair was a surprise to her. The gift was presented by the choir.

Miss Susie Miles, daughter of Mr. Fred Miles of Margerville, was buried Tuesday afternoon. Deceased was in her twentieth year, and had a wide circle of friends and acquaintances who esteemed her very highly. She became a victim to la grippe last spring and never recovered from its effects. The Rev. Mr. Thomas attended the funeral. Quite a number from the city also attended.

Miss Ethel Benson, a young lady with many friends in Fredericton, on retiring from the school service the other day at Chatham, was presented with a portfolio and silver napkin ring accompanied by an address from her pupils, and a brooch set with Scotch pebbles, a horseshoe stick pin from her High School friends, and a wicker table from her fellow teachers.

A bridegroom and bride, who came to the Algonquin a few days ago to spend their honeymoon, and who thought nobody could detect their new relations towards each other, were just a little chagrined when, on entering the dining hall for their first meal, the bright young ladies who compose the orchestra began playing Mendelssohn's Wedding March. As the familiar strains fell upon their ears they both blushed, and then burst into a hearty laugh. They evidently appreciated the joke. —St. Andrews Beacon.

Wednesday evening at six o'clock Mr. Bradford Pond and Miss Ella Wheeler, both of Marysville, were married by the Rev. Mr. Nobles of Gibson. A reception was held at the residence of the bride's father, Mr. Thos. Wheeler, and there were many guests present. The Fredericton brass band went up from this city. Their gift to the young couple was a silver casket. After tea was disposed of a serenade was in order, and the band played several choice selections. The happy couple have the wishes of all that their future may be happy and prosperous.

Canada's International Exhibition. Our readers should remember the date of the second "World's Fair" which will be opened at St. John N. B. on Sept 23rd, and continued until Oct. 3rd. All applications for space should be made at once. The competition is open to the world. Space and power are furnished free.

The attendance last year was the largest that ever visited an exhibition in the Maritime Provinces, but is likely to be much larger this year owing to the special features to be introduced. As an evidence of the unstinted praise given to the management of the exhibition of 1890, we quote the following from the "Toronto Daily Globe."

"The exhibition in this city has been a grand success and the association is now on a sound footing. The St. John Exhibition will be hereafter looked forward to, not with anxiety as in the case of the start. The management is simply hilarious over the result, and the future prosperity of the association. The officers are deserving of much praise from the citizens of St. John for their untiring zeal in their behalf. Every officer seems to have done his duty and to have brought some experience with him towards the success of the exhibition. Mr. Ira Cornwall was a commissioner of this Province to the Colonial Exhibition held at London, Eng. and his experience there has been given here towards the success of this exhibition. Mr. J. C. Robertson, chairman of the Machinery Hall Committee, was the right man in the right place. He, being at the head of one of the largest manufacturing concerns in the Lower Provinces, brought practical experience with him that ensured success, and the machinery hall proved to be one of the most important departments in the exhibition, none being better patronized. Throughout the ten days Messrs. Everett, Cornwall and Burdett worked incessantly day and night in their endeavors to make it a success, and even as late as Friday and Saturday of the first week delinquent city exhibitors were brought to the front and made to fill spaces allotted to them. It must be confessed, however that these same exhibitors entered into the object of the exhibition with warmth and made up for their sloth on the start. The Ontario exhibitors were warm in their praise of the interest taken in their exhibits by the visitors and of the management for courtesies shown in every desire expressed by them, and every exhibitor will leave St. John, feeling that it was good for them to be there. In this connection we give the words of Mr. James Clark, that exhibitor and visitors never received more genuine attention and civility and better accommodations at any exhibition ever held in this country or any other. Mr. Clark was at the Colonial Exhibition, London, Eng., as superintendent of mechanical exhibits under Sir Charles Tupper, and has had charge of exhibits at our Toronto Exhibitions for the last twelve years, all of which should make him a good authority.

At a regular meeting of Fredericton Lodge No. 6 K of P. last Tuesday night the following officers were installed into office by D. D. G. C. James Fowler, assisted by Grand Lodge officers:—A. D. Macpherson, P. C.; John Palmer, C. C.; Geo. N. Bookout, V. C.; Alonzo Staples, (P.C.) P.; Geo. W. Adams, M. A. G.; John Ferguson, I. G.; Samuel Mackay, O. G.

TOPICS OF THE DAY.

What the Gossips have to Remark about

The Trend of Matters Political, Parliamentary or Otherwise.

Some Touch-and-Go notices of all Mentionable Manner of Things.

Two St. John ladies boarded the David Weston on Monday morning last for St. John. At Hampstead the Weston and Acadia exchanged passengers and freight, the Weston returning to Fredericton and the Acadia to St. John. These two lady passengers were quite unconcerned and enjoyed the scenery immensely until a remark dropped by one of the other passengers that "there is Fredericton" caught their ears and it was only then they discovered that they were back on the same ground that they had left in the early morning.

The men of the Royal Infantry School Corps from the bugle boy to the officers are not at all delighted over the prospect of a four weeks life under canvas at Fern-hill. What the advantage can be to the men in camping a few miles outside of the city it is hard to perceive, excepting that it adds to the expenses, as the officers and men have to keep up their homes in the city as well as at camp. Thus the Dominion Government lays out a large sum of money quite uselessly in this respect as all the target practice required by the men can be had within a few minutes walk of the barracks.

Speaking of the production of "Erminie" by the New York Bijou Opera Company the St. John Sun had the following to say:—The St. Andrews rink has been turned into a first class theatre and the large audience which witnessed the production of the popular opera Erminie, last evening, must have been well satisfied.

The arrangement of the seats was all that could be asked, while the acoustic properties are all that can be desired. The different parts were well sustained. Miss Adelaide Randall, as Erminie, was given a magnificent reception, and was frequently applauded during the evening. The company is a first-class one in every respect, and one that can present Erminie in a manner acceptable to all.

Erminie will be repeated again this evening, and The Sun would advise all who desire to see a good opera well represented to attend.

That Opera is popular in Fredericton is an undoubted fact, for the demand for reserved seats shows that everybody is going to hear this excellent company and therefore all should look out early for a choice of seats.

STRUCK BY LIGHTNING.

A House on George Street Badly Shattered.

The storm Tuesday last was the heaviest that has occurred in this city for several years, the rain pouring in torrents, and the roll of the thunder hardly ceasing for an instance, while the flashes of lightning were nearly without intermission and very vivid. A house on George Street, belonging to Mrs. Stevenson was struck, the bolt entering by the back gable, tearing away boards and shingles, traversing the attic and descended to the second floor, knocking off the plastering and shattering badly what did not fall. It circled along the stove and water pipes and seemed to split and move in many directions, one bolt escaping by the chimney, which was badly shattered, and others following the water pipe till it entered the ground. The saddle board was torn from the roof and hurled, split and singed out on the street. A picture of the Ice place at Montreal, hanging on the wall, was shattered into very small pieces. The house was occupied by Mr. Campbell and his family, but all escaped unhurt, excepting a boy who was knocked down by the shock. The damage is placed at one hundred and fifty dollars. At Marysville a large ash tree in the rear of Mr. Gibson's residence, was split from the top to the bottom.

THE "LILY" FACE KICKED IN.

Mrs. Langtry Knocked Down and Disfigured For Life.

London, July 14.—Several stories are afloat with regard to the latest theatrical sensation—Alington Baird's assault on Mrs. Langtry—about which there has been a good deal of gossip. The following story may be relied upon as authentic, as it was told to a newspaper representative by one who saw Mrs. Langtry just after the assault had been committed, with the blood streaming down her face:

Some time ago Baird bought York house, Regent's park, for Mrs. Langtry, and also paid off her debts in connection with the Princess' theatre, of which she is at present the lease holder. On a recent occasion Baird returned home unexpectedly and found a young man dining with Mrs. Langtry. Without more ado he proceeded to put him out, and then knocked "the Lily" down and kicked her in the face in such a way that it is said she is now disfigured for life. Mrs. Langtry had to be carried to bed and attended by a surgeon, who declares that it is probable she will never be able to act again.

Mrs. Langtry began an action for assault against Baird, but when he came to his senses he repented of what he had done and went to the house. Then as a deceiver, and to prevent the action, he paid her \$125,000.

McArthur defeats Brennan. Tuesday last a hard fought battle was fought near Boston between Geo. McArthur, of Canada, and Jim Brennan of Lowell, for \$1,000 a side. Police Gazette rules prevailed, black kid gloves being used.

"McArthur is 25 years old, weighs 142 pounds, and is 5 feet 10 inches in height. He has won 19 fights and lost none.

"Brennan is 25 years old and stands 5 feet 11 inches. About sixty persons witnessed the fight.

In the first round the Canadian caught Brennan on the month, knocking him clean off his feet.

In the third the Cannon knocked the Lowell man down three times.

McArthur received a terrific blow on the optic in the fourth round which raised a lump as big as an egg, but retaliated by getting in an upper cut on the American, nearly knocking him out as the round closed.

Brennan went down four times in the sixth, when his second seeing how things were going got between the two men, McArthur, swinging his left, caught the second upon the jugular, sending him down like a log.

The fight was won by McArthur, Brennan failing to come to time in the 31st round.

Cricket. The annual battle for the cricket championship of Canada and the United States began shortly after 11 o'clock at Toronto, Monday morning, on the Bloor street cricket crease.

There was a fair crowd out Monday to see the commencement of the big match, about half of them being ladies. The cricketers went to luncheon at 2 o'clock, and shortly after that hour the crowds were pouring into the grounds from all directions. Although more seating accommodation was provided than ever before, every seat was occupied and hundreds of the spectators lolled upon the grass. It was a fashionable crowd and many of the best known sports of the city were there.

The applause was liberal when deserved, but the wicket was poor, bumping at the south end, and consequently the play was not so good as it might have been. The national emblems of both Canada and the United States floated in miniature from the rope-posts around the grounds. The game all through was well contested but the Americans proved too much for the Canadians, winning by a score of 186 to 150.

The Theatre. At St. John Monday night Mr. Barnes of New York will introduce himself to the theatre goes of that city through the medium of the Bradley players. Special scenery has been prepared.

Barker's Point. BARKER'S POINT, July 15th 1891. If there is any thing in the saying that rain on St. Swithen's day means 40 days shower the farmers will have a serious time during the haying season.

The hay-out promises to far exceed that of last year and some of the older farmers affirm that it will be a better all round crop than for many years past.

During the storm on Tuesday afternoon six men who were attempting to cross the river in a small boat, were met by the squall and the boat would have capsized had not Mr. Fulton gone to their assistance, the women were badly frightened and when the shore was reached two of them fainted.

Despite the threatening weather the social in the Church Hall was fairly attended. The musical part of the programme was well rendered by the different participants. Mrs. Winslow Tilley and Mrs. William Jeffrey rendered their selection in a manner that was appreciated and received loud applause. The feature of the evening was the tableau "The lost bride" in which ten young ladies and two young gentlemen of the church took part. Ice cream and cake was served during the evening and every one went away fully satisfied with the evening's entertainment. The total sum realized was \$19.00.

SEVEN LIVES LOST.

Terrible Explosion on a Naphtna Launch Near New York.

At three o'clock Sunday afternoon, a man was rescued from a buoy in the ocean several miles from Coney Island. He said that he was Captain White of East Rockaway and that he had been clinging to the buoy for four hours. He had been on the "Ethel," a naphtha launch. This launch, he said, had been chartered by a wealthy retired diamond merchant of Brooklyn. A party of eight had started on board early in the morning from Rockaway for a day's fishing. The "Ethel" had cruised about until it reached a point some way out from the shore of Long Beach. Then, White said, a terrible explosion occurred. It seemed as if all the bottom of the boat was suddenly lifted up and blown into the air. Every person on board was hurled into the water. White sank with the rest. When he came to the surface he saw nothing but wreckage; there was not a body in sight. No tidings of the ill-fated party have been received.

Sir John Macdonald's Portrait.

Every person in the Maritime Provinces has heard of the late premier of Canada, Sir John Macdonald, but not one in ten has seen the great leader. PROGRESS of St. John, N. B., the splendid sixteen page paper that has won deserved popularity so quickly, has no politics, but, for half a dollar in stamps, it offers a handsome cabinet photograph of Sir John and a three months' subscription to PROGRESS. It will not be surprising if thousands of persons—on both sides of politics—take advantage of this offer, and thus secure a good picture of the man who has governed Canada so long. The portrait is a perfect copy of one now in possession of Sir Leonard Tilley, governor of New Brunswick, who received it a few days before Sir John Macdonald's death.—4 ins.
