

A GREAT OFFER.

A MONTHLY PAPER FOR NOTHING.

We are pleased to announce that we have completed arrangements by which we are enabled to offer free to each of our subscribers a year's subscription to "CANADA," that well known Monthly Journal for Canadians. Young and Old, at Home and abroad. We make this offer to each of our subscribers who will pay up all arrears and for one year in advance, and to all new subscribers paying for one year in advance. "CANADA" begins a new series with the number for November, 1892, and while preserving the features which have won wide recognition for it already, will add new ones which will render it still more emphatically the favorite Canadian monthly paper. It is pure, intensely patriotic, attractive in make-up and remarkably varied in contents. Many leading Canadian writers are among its contributors, and departments of Canadiana, Home Topics, etc., are edited by capable hands. The regular subscription price of "CANADA" is Fifty Cents a year, but by this arrangement it will cost you nothing to receive this splendid Canadian monthly paper for one year. Do not put it off, but send your subscription to-day. Sample copies of "CANADA" can be seen at this office, or can be obtained from the Publisher, ampton, New Brunswick.—Adv.

Mr. Warren D. Wentz of Geneva, N. Y.
Tells of His Fearful Sufferings After Gastric Fever and His Cure by **Hood's Sarsaparilla**

All who know Mr. W. D. Wentz give him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says: "I was taken sick last October with gastric fever and my chance for recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had recovered from the fever to **Die of Starvation** I took pepsin compounds, bismuth, charcoal, cod liver oil and malt until my physician confessed that his skill was about exhausted and he did not know what else to try. Everything I took seemed like pouring **molasses** into my stomach. I happened to think I had part of a bottle of Hood's Sarsaparilla that had been in the house for two or three years, that I found had benefited me previously for dyspepsia. I began taking it and soon began to feel better. I have now taken a little over two bottles and can truthfully say I feel well again and can eat anything without distressing me, even to **Pie and Cheese** which I have been unable to touch for years. The English language does not contain words enough to permit me to express the praise I would like to give to Hood's Sarsaparilla." W. D. WENTZ, 181 Castle St., Geneva, N. Y.

A Good Voucher
"I have known Mr. Warren D. Wentz for many years and can vouch for him as a man of veracity and one well known about here. I have sold him several bottles of **Hood's Sarsaparilla** during the past few months." M. H. PARKER, Druggist, Geneva, N. Y.

A CALGARY MIRACLE

The Most Wonderful Case Ever Recorded in the Northwest.

Miss Lela Cullen is Rescued From What Her Physicians and Friends Thought to be Her Death Bed.

Continued from 1st page.

Her case from the first baffled all the ordinary remedies used for that disease, and as the measles did not come out, a physician was called in. He administered remedies, but with no better results, and her case seemed to baffle the physician's skill. After a few weeks my daughter began to improve somewhat, but did not regain her former strength, and six weeks after she was first taken ill, her face, neck, and limbs broke out in blotches. The doctor was again called in, and said it was the measles getting out of her system, and that she would soon be all right again. The doctor's statement was not verified however, for not only did my daughter not improve, but she gradually grew worse. Soon after she began to swell, first the feet, then the limbs, breast and face became puffed up. Another doctor was called in and he pronounced her trouble, dropsy, resulting from the measles. The doctor attended her all winter and although he seemed to do all in his power for her, she gradually became weaker and weaker. She did not eat, and tonics failed to improve her appetite and as she gradually grew weaker she lost her courage, felt that hope of life was fast slipping away. In the spring the doctor's medicine having done her no good, was discontinued, and instead he gave her preparations of beef, iron and wine, hypophosphites, eggs, cream, etc. In fact, stimulants of this kind had to be constantly forced upon her to keep her alive, and I gave up all hope of her recovery, and in my misery waited for her death. She was now so weak that she could not walk across the floor, and in order to rest her we would lift her into a chair, where she would sit for a short while, when we would again place her in bed. She was slowly but surely dying before our eyes, and nothing we could do for her was of avail. She was still puffed up and nothing the doctors could do would reduce the swelling. Her limbs would no longer support her and she could only sit up a short time each day. In this condition she lingered on until August, 1891, some fifteen months after she was first taken ill, and while we were sorrowfully awaiting what seemed the inevitable end, a ray of hope came. I read in a newspaper of a remarkable cure from the use of Dr. Williams' Pink Pills for Pale People, and while I feared that I had heard of this wonderful medicine too late, I hoped almost against hope and sent to the headquarters of the company, Brockville, Ont., for a supply. At this time, Lela was not able to be removed from bed; her weight was reduced to 90 pounds, and her lips were blue. You will thus see how little hope there appeared to her when she began to use Dr. Williams' Pink Pills. After she had taken the first box, although there was no visible improvement, she thought they were doing her good, and her spirits began to rise. At the end of the second box I could notice the improvement, and Lela was very hopeful and felt life was returning to her again. After she had been taking Dr. Williams' Pink Pills for a month, she was able to get up, and by October she was so well that she could superintend work about the house. She still continued taking the Pills, and rapidly recovered all her old time health, strength and spirits. I cannot tell you," continued Mrs. Cullen, "how deeply grateful I am for the wonderful medicine that saved my daughter's life. You may be sure that both me and mine will always warmly recommend it, as we have every reason to do."

WHAT A PROMINENT DRUGGIST SAYS:

Your correspondent then called upon Mr. J. G. Templeton, the well-known druggist on Stephen Avenue. In reply to an enquiry as to what he could tell me about Dr. Williams' Pink Pills, Mr. Templeton replied: "What can I tell you about Pink Pills? Well I can tell you, they are the most wonderful medicine I ever handled. I had experience with them in Ontario before coming out here, and in all my experience as a druggist, I never knew any medicine have such a wonderful demand, or give such great satisfaction. My experience here has been like my experience in Ontario, all who have used Dr. Williams' Pink Pills speak in their praise, and if I were to tell you how many boxes I am selling here daily, you would be readily excused for being somewhat incredulous. If I am asked to recommend a medicine, I unhesitatingly recommend Dr. Williams' Pink Pills, and my confidence in them has never been misplaced. I have already said the demand for Pink Pills is astonishing, and they invariably give the best satisfaction. I know this to be so from the statements of customers. I have sold here and in Ontario, thousands of boxes, and have no hesitation in recommending them as a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after-effects of la grippe, disease depending on humors in the blood, such as scrofula chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, over-work or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper at 50cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills

may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

An Attractive Store.

An attractive store is that of Nelson Campbell, situated directly opposite the City Hall. Mr. Campbell commenced business at this stand in May, 1886, carrying at that time a line of gent's furnishings, along with his present line of boots, shoes and hats. Finding, however, as his business increased, that he was unable (even in the spacious store he occupied) to keep the variety he wished to have, he decided to do away with gent's furnishings and devote himself entirely to hats, caps and footwear. Studying carefully the wants and requirements of his patrons and customers he has made an enviable reputation for his store for honest goods and fair dealing. Those who have never made purchases from him should do so, as they are sure to be satisfied with the result.

What York County wants to know is that the best place in Fredericton to buy Holiday Goods is at Blackmer's.

BE A MAN

ERIE MEDICAL CO.,
