Jennie Taber is under arrest at Hudson, Mich., charged with trying to blow her family out of existence with dynamite for the purpose of securing the \$5,000 estate left by her father, who died sud denly some months ago. She is known to have assisted in robbing a neighbor's house in the night-time a year ago, and is even suspected of having caused the death of her father and lover. Each died after but a brief illness, the latter a year ago, within a week of his wedding day.
