

VOTE GOVERNMENT.

\$35,000.00 OF THE PEOPLE'S MONEY IN THE MARITIME BANK
SAVED BY BLAIR

The Premier Successfully Maintains the Provincial Rights.

To-day the electors all over the province are called upon to cast their ballots either for or against the Blair administration. What the result will be it is difficult to determine, but the indications point to a return of the government. In our own constituency the opposition have not apparently a shadow of a chance to come near the low man on the government ticket, but whatever the indications are, every supporter of the government should vote his utmost to secure every available vote, as such a thing as indifference may prove serious, many an election being lost through indifference. Let every friend of the government work without ceasing until the close of the poll. The electors in York should stand by their premier and show the people of the other constituencies throughout the province that their confidence in the York county boy is stronger than ever, and as the Attorney stated in his speech, "give me four men in York, and I will hold the fort for the next four years."

St. John has made desperate efforts to secure our parliament buildings, law courts, etc., and should the opposition, with Stockton as leader, get into power, York county would in the future suffer greatly thereby. Let every vote be for the four government candidates. The temperance people should not split the ticket to put on Mr. Pitts as an independent temperance candidate, as he is NOT AN INDEPENDENT CANDIDATE, having stated privately, a few days before being selected by a few of his particular friends, that he was a straight oppositionist, which statement is clearly proved to be true as he now is claimed by the opposition as the tail man on their ticket, which place he has fallen into with very good grace. The temperance people should not forget the fact that the government four are staunch temperance men and fully able and willing to promote the interests of the cause as well as Mr. Pitts, the opposition candidate.

Vote a solid ticket for the government.

Directions for Voters.

When depositing his ballot the voter gives his name and residence to the presiding officer, handing him his ballot. The presiding officer ascertains that there is only a single ballot and putting it in the ballot box, directs the clerk to enter the voter's name on the check list.

The ballot must be printed on white unruled paper, and every elector should take care that his ballot contains the following names:

- HON. A. G. BLAIR,
- WM. WILSON,
- THOMAS COLTER,
- JOHN ANDERSON.

Do not put any cross or mark on the ballot. Do not write anything on the ballot except the name of the candidate for whom you wish to vote.

Be sure and vote the government ticket.

Illegal Nomination.

An amendment made in 1891 to the Elections act of 1889 takes away from the sheriff the right to administer nomination oaths and place it in the hands of a justice of the peace. Although the three opposition lawyers in St. John, Dr. Stockton included, occupied seats in the house when the amendment was passed, they were so busy in concocting schemes for the overthrow of the government that they knew nothing about it, and it was only when a protest was entered against their nominations on Saturday last that they were made aware that a very important change in the election law had taken place. This ignorance on their part is inexcusable, and should the opposition ticket be elected in St. John it will doubtless lead to the courts annulling the election and making it necessary for the people of St. John to elect their representatives over again. And these are the men that the opposition party in York county would entrust with the management of their affairs!

Wedding in the F. C. Baptist Church.

A very interesting event took place Wednesday morning at 7 o'clock in the Free Baptist in which the pastor, the Rev. F. C. Hartley was united in marriage to Miss Grace Yerxa. They were unattended. The ceremony was performed by Rev. G. A. Hartley, father of the groom. The happy couple took the boat for St. John on their wedding tour. The GLOBE joins their numerous friends in wishing them every happiness.

Death of Mr. Murray.

Mr. C. E. Murray, president of the agricultural society, met with an accident that caused his death. While hauling a load of apples from his orchard, Mr. Murray caught the hind wheel of the wagon to assist in hobbling it back going down hill, when by some means he was thrown forward, and fell between the wheels, the heavy sward passing over his chest and terribly crushing him. He died Wednesday about noon. Dr. Currie attended him.

New England Evangelists.

Rev. Mr. Deening of the Bowdoin Tabernacle, Boston, and J. E. Gray of the New England Evangelistic association will arrive in St. John to-day, and are expected to meet with Christian workers at the Y. M. C. A. rooms on that evening, and will hold a union evangelistic service on Sunday afternoon at 4 o'clock, probably in the Congregational church.

A young man named Henry Peterson, of Pictou, N. S., was about his business on Saturday last. Twenty-four hours later he was dead. Within an hour after one of his two sisters died. On Tuesday the second sister, the last member of the family, passed away. The three funerals took place at the one time.

On Saturday last Mr. G. T. Whelpley received intelligence from Boston of the unexpected death of his sister-in-law, the wife of Capt. C. A. Wood, a former respected resident of this city. The body arrived by train on Monday and the funeral took place from the residence of Mr. Whelpley Tuesday morning. The remains were interred at Forest Hill Cemetery. The Captain has the sympathy of numerous friends in this city in his sad bereavement.

Three men were lowering lumber with a rope down a steep incline in No. 1 slope at Springhill, Wednesday forenoon. Richard Costigan stood at the bottom to detach the rope. A prop slipped through the hands of the workmen, dashed down in the darkness a distance of one hundred feet, striking Costigan on the head with considerable force and inflicting injuries from which he died in three hours. Costigan was a native of Carbonear, Newfoundland.

Dr. C. P. Connell, of Woodstock, died Thursday morning, after a lingering illness, of heart disease. He was the second son of the late Hon. Charles Connell. He received his professional education at Elinburg and Paris, and for 30 years was one of the leading physicians of Carleton county. Skilful in his profession he was also a man of very broad sympathies. In his death the poor have lost a generous friend and the community at large one ever ready to aid what was for the public benefit. His death will be felt as a personal loss to a very large circle who extend to his widow and daughter and other relations their heartfelt sympathy.

A Letter From an Orangeman.

DEAR SIR,—Having attended the government meeting held in the City Hall Tuesday night, and having heard the address made by the Attorney General, it seems a strange thing to me how any person, however much prejudiced they may be, could possibly infer from Mr. Blair's speech that he was throwing a slur upon the orangemen and the temperance party, as stated in an editorial in Thursday's Gleaner, which says he "ridiculed the temperance interests" and treated both organizations with contempt.

That statement is utterly false, as Mr. Blair, throughout his entire speech, maintained that he was a temperance man, and had always tried in every possible way to promote the temperance cause. He stated that he was surprised to think that the temperance people should nominate Mr. Pitts as a representative when all the four representatives for the county were temperance men, and if the truth were known, Mr. Pitts' nomination was as much a surprise to the temperance people in this county, (with very few exceptions) as was also the case with the orangemen. I, as a temperance man and an orangeman, know that I for one, and many others, feel that I cannot congratulate either organization on the fact that one of their members has taken it, principally upon himself, to nominate himself as their representative, and agree with the statement made by the Attorney General, "that if a representative of the temperance party, as a body, had been required, a much better man could have been found than Mr. Pitts. Mr. Pitts has taken too much on his own hands and the fewer men secret societies have like him in them, the better for the society."

Thanking you, Mr. Editor, for your valuable space, I will conclude by asking the electors of this city to think twice before dropping a vote to-morrow for Mr. Pitts in preference to the Hon. A. G. Blair, who has always been willing to lend his assistance in promoting the temperance cause.

Yours sincerely,

AN ORANGEMAN.

Frederickton, Oct. 21, '92.

TOPICS OF THE DAY.

What the Gossips have to Remark about

The Trend of Matters Political Parliamentary or Otherwise.

Some Touch-and-go notices of All Mentionable Matters of Things.

An opponent of the Blair administration says, in referring to the result of the election, that the opposition cannot possibly secure more than seventeen seats throughout the province. Vote for the government.

To-day will decide whether the Blair administration will be sustained in the province, or whether, as the St. John oppositionists say, the "Man for York" must go and make room for St. John, although the result will not be known before to-morrow.

At the nomination on Saturday last, Mr. Pitts said he was there to encourage a pure ballot; bribery was an evil and was being practiced in a terrible manner. He (Pitts) was a poor man and had not much money to spend, and consequently was not going to spend much. How consistent.

The opposition at St. John offered Judge Landry the premiership if he would run as an opposition member. Dr. Stockton is evidently not the man for York, when even his own people do not want him to hold the reins of power. York should vote for the government ticket.

The one object of St. John is apparently to displace the Attorney General and secure for itself the premiership. To-day the people of this city can, and no doubt will, pull such a vote for the government ticket that Mr. Blair will be returned with his three supporters, and be in a position to still hold the reins of government.

Wm. Wilson in his speech at the nomination took up the several charges brought against him, and showed clearly that he was entirely innocent; his explanation of municipal affairs being so satisfactory that a gentleman in the audience rose and said: "Your explanation on municipal affairs, Wilson, has got you two votes anyhow. I didn't vote for you last time, but this time I will. (Hearty applause.)"

Every person is aware that the real cause of the opposition to the Blair government is on account of patronage, and not because they have anything better in the shape of policy to offer. They charge the government with extravagance, but was it because of extravagance St. John went into opposition? No. Is it because of extravagance that our own constituency have put up four opposition? It is not because the government is rotten, but because a clique that have failed to get patronage are willing to use any means in their power to oust Mr. Blair. Every fair minded voter in York knows that to be the case and will vote accordingly.

The "Reporter" (opposition) in referring to the Kingsclear Creamery, says: "This enterprise is highly appreciated by the farmers in Kingsclear and the neighborhood. Between two and three hundred pounds of butter are churned every day. In the month of September 4,880 pounds of cream were received at the Kingsclear Creamery, from which 3,991 pounds of butter were made. Although a considerable quantity of butter is now being taken out by the patrons supplying cream, the quantity in cold storage is increasing, there being nearly 20,000 pounds on hand now. The supply of cream is holding out well, the fall feed being good considering the lateness of the season." This enterprise is the result of the government's dairy policy.

FOOTBALL.

McGill and Britannia.

There was a good crowd at the McGill grounds at Montreal last Saturday afternoon to see the Brits and McGill struggle for the football championship. A good number of ladies were present, and they were exceedingly generous in their applause, a good kick, whether made by blue or white, being always followed by the usual feminine exclamation.

As for the game, it was a very even contest throughout, the Brits having a little the best of it. The weak point with McGill, as on the previous Saturday, was the wings. They were unable to hold the Brits, Corbett and Peterson playing a very fast and sure game. Then the Brits backs played a most unselfish game, and by this means were able to take advantage of every opportunity. McGill's only score was made from a free kick, the score standing 8 to 4 in favor of the Brits.

There is sorrow at Ottawa over the result of last Saturday's lacrosse match in Montreal. Ottawa sports dropped at least, \$20,000. A Rideau street grocer is reported to have lost \$2,500.

Five jumps were made over a barrier each one six inches higher than its predecessor. The last was over a barrier five feet six inches high, and it was cleared nicely. The colored rider went off the pony this time, but did not go off his feet. (Madam Marantette afterwards on horse-back cleared a barrier 7 feet high.)

"BUCK" AT DORCHESTER.

He Looks Well and Has a Good Appetite But Wants to be Left Alone.

A reporter in company with Dr. Church at Dorchester on Thursday had an interview—a very short one—with the prisoner Buck, who is sentenced to be hanged on Dec. 1st.

Buck when seen was resting on his bed with his head towards the cell door, having evidently taken up his position to prevent a view being got of his face. Dr. Church asked him how he felt and if his leg bothered him any.

Buck replied: "Go to—; its none of your business."

The doctor explained that he probably did not know who was talking to him; that he was the doctor who attended him in Moncton and he merely wanted to know how his leg was and how he was getting on. Buck answered that his leg was all right and that it didn't make any difference how he was getting along. The doctor turned away and the reporter remarked:

"You don't seem to be in good humor to-day Buck. What's the matter with you?"

"I don't want you fellows coming around brothing me at all," replied the prisoner. "You have given me enough other already; go to — of this."

No further attempt was made to talk with the doomed man, who evinces no desire to see or talk to any one. One in a while he talks a little, but as a rule remains in a sullen mood. Buck, however, looks well and eats heartily and does not appear to mind the near approach of the fatal day. (Amherst Press.)

After his death a committee to take an inventory of his effects was appointed by the Orphans' Court, which found bank and railroad stocks amounting to many thousands of dollars. In an old box was found nearly \$20,000 in gold coin.
