Almanac for 1894.

The Canadian Almanac for 1894, published by The Copp Clark Co. Ltd., of Toronto has put in its appearance and certainly is a valuable book. It contains many special features, among them being a most interesting article on The Flag of Our Country, written by a naval officer; also articles contributed by Dr. Daniel Clark on Insanity and Crime, and G. E. Lumsden on the Solar System. The almanac can be obtained in any of the bookstores at a cost of 20c.

Afraid to Venture.

The town of Chatham has been considering the question of incorporation for some time, and on Friday night of last week a meeting of citizens was held to consider the subject. Speeches for and against the proposition were made, but the anti element proved the stronger and the meeting adjourned without action. Dread of an increase of taxation under incorporation appeared to be the influence which prevented the approval of the charter submitted.

Masonic Presentation.

At its annual session in 1892 the Supreme Council voted Mr J V Ellis an address and a piece of plate on his retirement from office after seventeen years of service, six of them as presiding officer of the Council. The presentation was made last evening at a special meeting of St. John Lodge of Perfection by a committee of the Council composed of Mr H A McKay, of Berlin, Ontario; Mr A W Hooper and Mr A D Nelson, of Montreal, who came to St. John to the purpose.

Will Meet Monday.

The Board of School trustees, who were expected to meet yesterday, will probably have a meeting Monday evening. The board will in all likelihood rescind the resolution they adopted at their last meeting, reducing the salaries of the teachers. This act on the trustees' part is not appreciated by either the teachers or the public generally, and certainly should be rescinded. It is not right to take one or two hundred dollars a year out of a teacher's pocket to help pay for the building of the school.

Another Shooting Accident

Boys shouldn't be allowed to handle firearms within gunshot of others. On Saturday night Mrs. Jas. Keenan met with a painful accident. She was sitting along side her son John, who was forcing a bullet into a revolver, when the cartridge exploded. It was first thought the ball had entered her head. Mr. Jos. B. Benson was hastily summoned and found the cartridge case. It had entered the head just in front of the left ear, and had severed the temporal artery. The ball went in a different direction and did not enter her head. Mrs. Keenan is considered out of danger.—Chatham World.

What the Gossips have to Remark about

The Trend of Matters Political Parliamentary or Otherwise.

The bye-elections in Ottawa will be held on Thursday, December 14th.

Sir James Grant has been chosen the government candidate for Ottawa. Although Sir James is an eminent physician he has made a poor diagnosis of the case of Canada if he thinks the national policy and high taxes are what is wanted for her welfare.

The too venturesome skater should learn to be more cautious, as these are the times when holes are inclined to yawn in the thin ice ready to swallow up the unwary. Several accidents have already happened, but fortunately help was always at hand. Be careful. Next time the result may be different.

Thomas McGreevy and Nicholas K. Connolly, the contractors who conspired to defraud the people of Canada, have been found guilty and sentenced to one year each in prison. The members of the government who aided and abetted them in their corrupt schemes should have been sent along to keep them company.

Referring to the proposed new tariff, a Washington special says that a strong effort is being made to induce the ways and means committee to make sawed lumber, as well as logs, free of duty in the new bill. The agricultural schedule of the McKinley bill, it is further said, will be practically overthrown. The Wilson bill will take off the increased duty on hay and put the rate back to \$2 per ton. The Canadian farmers will be again favored on hay, potatoes, beans and other things of that kind. It is proposed to reduce the duty on potatoes from 25 cents a bushel to 15 cents. Other agricultural products will be treated in about the same way. The Canadian farmer will no doubt be pleased to hear the news. At the same time if the American consumer had not made a demand for cheaper vegetables, the Canadian farmer would not have received much consideration in the framing of the new tariff.

That Christmas Money.

In the next week people will talk Christmas more than all other subjects combined. And very many will count their pennies to see if they go around. And some will realize for the countless things offered for sale, 'that money talks.' Yes and many a poor tired clerk will wish that they too could talk—back. To give unselfishly without thought of return is the true Christmas spirit; and how many times, of human nature, will the thought occur this month 'Now if I make so and so a Christmas present, wonder if I will get a return next year.' The growing Christmas present custom comes hard among certain classes, who do not always have plenty of ready money; among farmers and people near towns, who keep poultry the egg supply, is a great source of Christmas money, because prices are always very high at this season. If the old hens will only shell out the eggs now, thinks many a mother, I can soon get back all the money taken for Christmas. The surest way we have heard to get it back is this—E. A. Hubbard of Hatfield, Mass. says, 'about one year ago I sent \$5.00 for six cans of Sheridan's Condition Powder to make hens lay and in January my 28 hens laid 29 dozen eggs, I have sent \$5.00 this year for six more cans and the Farm-Poultry monthly.' Certainly that Christmas money came back in short order. Mrs. Warren Delano, Hampden, Me., said recently to the manufacturers of this wonderful Powder 'I send \$6.00 for the Farm-Poultry Powder. It is the very thing needed. Last winter my hens did so poorly, I almost lost heart, but this year, 50 hens have cleared me \$125.00. All for a little courage and Sheridan's Powder, her hens paid her more than double the average usually allowed per hen, so that her Christmas money returned many-fold. Husbands a word to the wise is sufficient; make your wives a Christmas present of six cans of Sheridan's Powder and take no other. For 50 cents I. S. Johnson & Co., Boston, Mass., will send two 25 cent packs; five packs for \$1.00; or for \$1.20, one large 2 1/2 pound can of Powder, postpaid; six cans for \$5.00, express pre-paid. The best poultry paper—Farm-Poultry one year, and a can of powder for \$1.50.

Mr. Warren D. Wentz of Geneva, N. Y., Tells of His Fearful Sufferings After Gastric Fever and His Cure by Hood's Sarsaparilla

All who know Mr. W. D. Wentz give him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says: 'I was taken sick last October with gastric fever and my chance for recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had recovered from the fever to Die of Starvation I took pep-in compounds, bisulph, charcoal, cod liver oil and malt until my physician confessed that his skill was about exhausted and he did not know what else to try. Everything I took seemed like pouring bag melted lead into my stomach. I happened to think I had part of a bottle of Hood's Sarsaparilla that had been in the house for two or three years, that I found had benefited me previously for dyspepsia. I began taking it and soon began to feel better. I have now taken a little over two bottles and can truthfully say I feel well again and can eat anything without distressing me, even to Pie and Cheese which I have been unable to touch for years. The English language does not contain words enough to permit me to express the praise I would like to give to Hood's Sarsaparilla.' W. D. WENTZ, 18 1/2 Castle St., Geneva, N. Y.

A Good Voucher 'I have known Mr. Warren D. Wentz for many years and can vouch for him as a man of veracity and one well known about here. I have sold him several bottles of Hood's Sarsaparilla during the past few months.' M. H. FARRIDGE, Druggist, Geneva, N. Y. Hood's Pills Cure Liver and Bile Royal.
