OFFICE, SHARKEY'S BLOCK, QUEEN ST.

Fredericton Globe.

A. J. MACHUM, Publisher and Proprietor.

FREDERICTON, N. B. APRIL 15, 1893.

HOME RULE.

The submission of the Home Rule Bill for its second reading in the British House of Commons since the Easter holidays has reviewed in all its intensity the fierce struggle in debate which greeted its first appearance among that body, and the indications are that very stormy times are yet in store for the bill, before it reaches the house of lords.

From these instances, the writer argues that it is not to be obstinate opposition of the House of Lords that is most to be feared by the advocates of Home Rule.

of the bill to them shorn of its most precious attributes that the House of Commons must watch and guard. They are to permit no compromise. The bill must go through in its entirety or not at all, and if the house of Lords determine on a struggle with the Common people, let it be a struggle to the death.

ELECTRIC LIGHTING.

The Bill Committee of the legislature has decided not to recommend the passing of the debenture bill giving the city power to raise money for the purpose of lighting the streets by electricity.

BATHURST SCHOOL QUESTION.

The decision of the government majority in the legislature to refer the Bathurst school question to a judge of the Supreme Court for adjudication as to the rights of all parties concerned, is probably the wisest to which any legislative body could have come.

A Popular Competition.

The Publishers of the Ladies' Home Magazine presents its great Bible Competition to the public of America. The competition closes on May 30th, 1893 (15 days thereafter being allowed for letters to reach us from distant points).

THE WORLD OVER

The Spirit of the Press of all Countries.

A Synoptic History of the Fertilized and Arranged for every-day Convenience.

It is stated that Partridge, the Board of Trade man of Chicago has failed for \$1,500,000.

Hereafter all immigrants landing at Halifax shall be fumigated. Hitherto only those landing at Halifax for the United States have been fumigated, but now all will be treated alike.

A British cruiser has seized a dhow sailing under French colors, having on board sixty children, kidnapped from Zanzibar, under French protection, and evidently intended to be sold as slaves.

Hardwood, Liberal, was elected to the commons in Vaudrill County Wednesday defeating Chevier, Conservative, by 125 majority. At the by election last year Mr. McMillan, Conservative, had 85 of a majority.

A few of the union mechanics at the world's fair building went to work Monday morning. Large crowds of them collected at the gates and endeavored to dislodge all the laborers and workmen from entering.

Small-pox has been imported into British Columbia by Chinese immigrants who arrived on the steamship Empress of Japan a few days ago. The Dominion Government has ordered that all passengers who came on the vessel be placed in quarantine.

The town of Parker near Kansas City, Mo., was struck by a cyclone last Tuesday night and almost completely wrecked. Several persons are reported killed. The towns of Walnut, Mayview, Page city and Higginsville were also badly damaged.

There is a movement on foot in ministerial circles to have Col Walker Powell, adjutant general of militia, superannuated to make room for Lieut. Col. Otter of the Toronto military school. Major General Herbert favors the proposition and the minister of militia has announced that he will do his best to have the general's recommendations carried into effect.

A despatch from Maurid says—An explosion took place in the Sala Caladia Company's mills in Mataro Wednesday. The roof was blown off and the walls rent asunder. Most of the flooring collapsed. The dead bodies of nine workmen and the manager were taken from the ruins.

The new Amoskeag fire engine, recently purchased by the city of Halifax, was seized by the custom authorities for under-valuation. The engine paid thirty five per cent on \$3,200. The customs officials contend that the regular Amoskeag price was \$3,700. The reduced price was in consequence of keen competition and the custom authorities say that if American engines can be entered at the reduced price, Canadian manufacturers would be swamped.

Lower Queensbury Notes.

April 10th.—The weather has been very cold and backward as yet but to-day it has been very warm and spring like. The snow has about all disappeared from the fields with the exception of a little along the fences, and the remains of some huge snow drift.

Mr. Charles Guion, merchant and farmer of this place has sold his farm to Mr. Joseph Elliot, and has removed his family to Presque Isle Maine (The land of promise) and intends to engage in farming. His many friends here wish him health and success in his new home.

Mr. G. L. Slipp is building a new wood-sled.

Mr. Hedley Van Wart has got his frame in readiness to erect a new kitchen in the rear future.

Miss Abbie Ferguson who has been in poor health the past few days is, we are glad to say, rapidly improving.

Mrs. J. Hagerman who has been suffering from paralysis the past three weeks is slowly recovering.

Mrs. Lewis Hagerman has engaged the school in this district for the ensuing term to take effect the first of May.

Mr. and Mrs. Arthur Jordan are receiving congratulations on a certain domestic event—a daughter.

A heavy thunder storm visited this section on Saturday evening last, a rather unexpected occurrence so early in the season. So vivid was the lightning that some of our neighbors, awakened out of sound sleep, thought that surely the end of all things had come, "and began to fear and tremble."

The dwelling house of Mrs. W. Guion came nearly being destroyed by fire one day last week. The roof caught from sparks from the chimney and when discovered was under such headway that it was with difficulty extinguished. Mrs. Guion was alone at the time and had it not been for the timely arrival of some of the neighbors her house would have soon gone up in smoke.

Mrs. Moses Moore and her son who have been spending winter with her parents returned to her home in Woodstock today accompanied by her husband.

The Provincial Board of Health for last year states that during the year the general health of the country has been good although the secretary complains of the neglect of some local boards to report on the consequent inability of the board to present an accurate report of the general condition of the public health. In some localities diphtheria and typhoid fever have prevailed, but these diseases have been kept within narrow limits. The necessity for pure drinking water and thorough sewerage systems is urged as a preventative, conditions that do not prevail in many localities in the province.

Fred—How did it happen to lose control of the horse?

Arthur—I can't imagine. The girl he was driving was very hoarsey.

The Spring. Of all seasons in the year, is the one for making radical changes in regard to health. During the winter the system becomes to a certain extent clogged with waste, and the blood loaded with impurities owing to lack of exercise, close confinement in poorly ventilated shops and homes and other causes. This is the cause of the dull, sluggish, tired feeling so general at this season, and which must be overcome, or the health may be entirely broken down. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite Spring Medicine. It expels the accumulation of impurities through the bowels, kidneys, lungs and skin, give to the blood the purity and quality necessary to good health and overcomes that tired feeling.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE. EVERY MAN who finds his mental faculties dull or failing, or whose physical powers flagging, should take these PILLS. EVERY WOMAN who suffers from irregularities, or who is afflicted with any of the ailments mentioned in the advertisement, should take these PILLS. YOUNG MEN should take these PILLS. YOUNG WOMEN should take these PILLS.

APRIL 1 NEW SPRING JACKETS AT Edgecombe's

We were talking about those beautiful new prints at 14c, in last week's paper, and intended to continue our remarks this week and tell you about those wonderful values at 10c. and 12c. and our elegant satteens—But as our new NEW SPRING JACKETS arrived this week from Berlin and Landau we thought some of our lady friends who were waiting for them might not know it, so we take this opportunity to announce their arrival. "Perfectly Lovely"—"Awfully Stylish"—"Simply Elegant."

F. B. EDGECOMBE. Railway Ticket Agent to all points.
