Taylor. The Rev. A. D. McCully tied the nuptial knot. The groom was supported by the bride's brother, Charles, while Miss Phoebe Burpee acted as bridesmaid. After the ceremony was performed the happy couple took the steamer David Weston for St. John. City Council Meeting.

The regular monthly meeting of the council was held in the City Council Chamber Tuesday evening, Mayor Beckwith in chair. The usual routine business was transacted. The arrangement of the electric street lamps under the new system, which had been agreed upon at the informal meeting held last month, was confirmed, and the poles ordered to be set accordingly. The council was again treated to a dose of Miss Hooper's bills against the city for costs in Scott Act prosecutions which had been refused payment some time ago. Miss Hooper had made an application to the Supreme Court last term for a mandamus to compel the city council to pay her bill, and the court had refused the motion. The matter came up Tuesday night by way of petition presented by one of the Aldermen, praying the council to pay the bill. On motion, the bill was referred to the administration of justice committee for consideration and report, and at the same time an order was passed upon the casting vote of the Mayor, authorizing the Police Magistrate whenever he might in the future deem it necessary for the city's interests, to direct the city clerk to appear in Scott Act prosecutions.

The fiscal year closed on the 31st Oct. and the annual financial statement was submitted from the City Treasurer. The balance sheet produced by the City Treasurer shows that during the year just about \$40,000 in taxes have been collected besides the income from water rates and ordinary revenue, which amounts to a considerable sum. A year ago the city owed the bank \$5,000, and had \$2,267,10 on hand, leaving a net debt due the bank of \$2,732,90. This year the amount owing to the bank is \$6,500, with \$2,067,12 on hand, leaving a net floating debt due the bank of \$4,437,88. The expenditures made in the different departments during the year have been as follows: Schools \$15,121.19; support of poor, \$2,691.99; roads and streets \$2,952.55; fire department, \$4,429.28; administration of justice, \$3,777.97; public work, \$2,714.48; street lamps \$2,047.64; debenture interest \$5,314.72; sewerage and water, \$15,250.15; ordinary revenue, \$6,467.98; board of health, \$426.85; Victoria hospital \$482.49. The estimate for expenditure in the different departments has in most cases been exceeded. The only departments in which the estimate is within the expenditure are, administration of justice, in which the receipts exceed the payments by \$1,013.36, the public works \$345.56, and board of health, \$27.98. The schools account is overdrawn \$215.15, support of poor \$14.88; roads and streets \$15.27 fire department \$1,161.49; street lamps \$506.12. Sewerage and water \$33.26; ordinary revenue, \$2,550.40, and Victoria Hospital, \$210.37. Last year, the total over expenditure in the different departments was \$6,491.04, and this year the figures are \$5,825.49, or \$665.55 loss.

Chief Engineer Lipsett of the fire department submitted his annual report which is too long for publication in full. There were twenty fire alarms during the civic year from Nov. 1st, 1893. Of these only two were for fires that caused damage to the extent of over \$100, and of these two the Westmorland street conflagration of August 12th was one. The chief engineer reports the total loss on this fire at \$18,000, of which \$9,649 was covered by insurance. The insurance loss on all other fires during the year amounted to only \$1,050, making a total insurance loss for the year of \$10,699.

Arrested for Embezzlement.

James E. Ennis, the well-known bar-keeper and traveller in the employ of Michael A. Finn, Prince Wm. street, St. John, was in custody on a charge of a rather serious nature, viz., embezzlement and theft from his employer. He was arrested on Sunday night by Detective Ring, who had been working on the case since Saturday afternoon. Mr. Finn had suspected for some time that everything was not right and that liquors and cigars were leaving his store for which he was receiving no value. These suspicions caused him to make a closer observance of the movements of his clerks, and he became convinced that Ennis was not walking in the way he should go. An investigation showed that on Oct. 27th and Nov. 3rd and 4th Ennis sent out parcels of liquor and cigars and did not charge them in the books nor receive any payment for them. These facts led to Ennis's arrest. He had been about 11 years with Mr. Finn and was a trusted man. His present trouble is credited to his adopting a mode of living that his salary did not justify. Ennis was very popular. He was well known in this city. The preliminary examination into the charge will take place in a few days.

Timothy Holland, who committed suicide at Moncton on Saturday last, was a son of the late P. Holland, of this city, whose widow keeps a shop on the corner of Brunswick and Northumberland streets. He returned to Fredericton early last spring in the last stages of consumption, after ten or twelve years' residence in Massachusetts. Finding no friends willing to take him in, and having, upon an application for admission to Victoria Hospital, been rejected as an incurable case, he was maintained for a few months at a boarding house up town, a sister in Boston sending on the money to pay his board. He left here during the summer in search of a home in which to die, and no doubt was contented when admitted to the Moncton almshouse. Deceased was a shoemaker by trade and was well educated.

Scott Act Convictions.

Tuesday was another field day for the Police Magistrate and the Scott Act party. There were no less than ten informations, all of them first offences against the Scott Act, the parties interested being in each case from Stanley and vicinity. There were six informations against Harry Turnbull, one against Barney McMinnamin, one against Philip Sullivan and two against John McGivney. J. W. McCready appeared for the prosecution, and was ready with his witnesses for trial. But in each case the offence was acknowledged and the costs paid. It is probable that some of the fines will be allowed to stand as surties for the future observance of the law.

On Thursday Henry LaBouchere moved the adjournment of the British House of Commons in order to discuss the question of allowing the British South Africa Company to establish a claim upon Matabeleland. He charged the Company, had obtained its charter by trickery, and by the same means had induced King Lobengula to make to them a concession of certain territory in Mashonaland. He declared that the Queen had given specific promises to King Lobengula, which the company had not fulfilled. If this view be correct the Matabeles are not alone to blame for the recent South African War.

Miss Lettie Huntley

Is the sister of Mr. W. S. Huntley of Cortland, N. Y., a well known carpenter and builder. Her frank statement below gives only the absolute truth concerning her illness and marvelous recovery by the aid of Hood's Sarsaparilla. She says:

"C. I. Hood & Co., Lowell, Mass.:
"Dear Sir: Twelve years ago I began to have hemorrhages and four years ago became so low that the physicians told me

There Was No Hope
and I should soon die. I could not be moved from my bed. Under my face were napkins continually reddened with blood from my mouth. I could eat nothing and had no action of the bowels for a week. The doctors said the cause was ulcers in the stomach. At this time my mother said she wanted to make one more trial, and asked if I would take Hood's Sarsaparilla. I told her it would be

A Waste of Money
but finding it would comfort her, I began taking it. In a few days the bloating began to subside, I seemed to feel a little stronger, but thought it only fancy. I was so weak I could only take ten drops of Sarsaparilla at first. In two weeks I was able to sit up a few minutes every day. In a month I could walk across the room. One day I asked what they were to have for dinner, and said I wanted something hearty. My mother was so happy she cried. It was the

First Time I had Felt Hungry for Two Years

I kept on with Hood's Sarsaparilla and in six months was as well as ever in my life. It is now four years since I recovered, and I have not had a day's sickness since, nor any hemorrhage. If ever a human being thanked the good Lord on bended knees it was I. I know that Hood's Sarsaparilla, and that alone, unquestionably saved my life."

Messrs. Sager & Jennings, the well known druggists of Cortland, say that Miss Huntley "is a highly respected lady; her statement of what Hood's Sarsaparilla Has done for her is worthy the highest confidence." Hood's Pills cure Liver Ills.
