Mr. C. W. Hellems, Sr., Relates the Par-ticulars of Hi s Sufferinsg and Relief to a Standard Reporter—Advice to Other Sufferers. St Catharines Standard.

Casually the other day, the Standard learned that Mr. C. W. Hellems, sen., one of the oldest and most respected citizens of St. Catharines, had been restored to health after years of suffering, in a manner bordering on the miraculous. The editor of this paper had known Mr. Hellems for years, and he was Ont., and Schenectady, N. Y., and are sold anxious to hear from him the story of his wonderful recovery. He had not seen Mr. Hellems for some months, but met with a very warm welcome when he told the errand upon which he had come. Mr. Hellem's home is on the corner of St. Paul and Court streets, and he is well-known to all our older residents as a citizen of the hightest integrity, having lived in this city since 1833.

"I have had rheumatism," said Mr. Hellems more or less for the past twenty years, which often got so painful that I could not get about at all. I had been to all the doctors here and to some in Toronto and Buffalo, but I could get no relief worth speaking about. Five years ago I went to Welland and took a vapour bath and felt so much relieved that I took two more. The relief, however, was only lameness and pains came on again and so completely used me up that I could hardly do ! anything. I applied to a number of doctors for treatment and two of them treated me but without relief. My age they said was against me; that if I were younger man there might be some hope for me. I was 84 last October. I then discontinued the doctors' reatment and about a year ago got a box o Dr. Williams' Pink Pills for Pale People and used them without feeling any benefit and quit. This spring I used another box without any effect and again stopped. You see I expected too much and seemed to think that box of Pink Pills ought to do what years of doctoring did not do. In July I read about

the case of Mr. Condor, of Oakville, who had used, I think eighteen boxes. When I read to work again, and even play base ball, I took courage and saw that I had not before given the pills a fair trial. I then got half a dozen beneficial effects. I had run down so low and my appetite had left me. I now began to out I continued to improve until the time of the county fair, when I went down there in company with others and went the rounds seeing the stock and other exhibits. I tried to keep up with them and walked so much that day that I felt some bad effects afterwards. But I now knew where to look for relief and continued using Dr. Williams' Pink Pills, and ever since have felt a steady improvement. My legs have gained strength wonderfully, and the doctors tell me that if I was a younger man I would be still more benefitted. My general health has also improved very much. About six weeks ago I was in Toronto and walked fully five miles recitress. that day, something I could not have done before. In fact I feel so much better that I have taken a two year old mustang colt to break it in." At this point Mrs. Hellems, the life partner of the venerable gentleman who had come into the room while Mr. Helems was relating his story, said that a friend

the Standard man writing at the table asked Mr. Hellems if all this was to be published. other poor creatures who are suffering as I We don't know, but if they can't spell have done I would be glad to have them know better than that they need a missionary. the great good Dr. Williams' Pink Pills have d ne me, and be benefitted in the same way. I am glad to have my experience published for the benefit it may do others, and I cannot too strongly recommend these great pills." In reply to an enquiry Mr. Hellems said he had taken three half dozen boxes since he egan to take them regularly and was now

ising the fourth half dozen. The Standard reporter called upou Mr. A. J. Greenwood, the east end druggist, whose store is only a few doors from the residence of Mr. Hellens, to enquire how the sale of Dr. Williams' Pink Pills stood in regards to other proprietary medicines, and incidentally to enquire what he thought of their effect in Mr. Hellem's case. "Pink Pills for Pale People lave a great sale," said Mr. Greenwood, "and I am continually asked for them. With regard to Mr. Hellem's case I knew that fo vears he had suffered from rheumatism and other diseases and that he was thoroughly run own. He now speaks very highly of Pink Piles though at first he did not think they were doing him any good, but that may be accounted for by the hold the disease had on his system. He now feels like a young man and is able to attend the various animals, norses, etc. After he had taken about a dozen boxes he came into the store one day and started to dance around like a school boy. What's the matter, I exclaimed, perectly astonished, and with happiness ringing n every tone of his voice, he called out. O. 'm young again; I'm young again. He ass ibed as the reason for this that Dr. Williams' Pink Pills had performed the miracle. He as frequently told me that he had tried loctors without number, besides other patent nedicines but without any avail. My sales won without positive merit. of Dr. Williams' Pink Pills are constantly in ittle pills are beyond praise. There are many They are the best family cathatic. people in this district who have cause to be thankful they tried Pink Pills.

The reporter called upon Mr. W. W. Greenwood and Mr. Harry Southcott, the well known druggists, and both spoke highly of Pink Pills, saying that they are the most popular remedy in the stores, and that those using them are loud in their praises of the on earth. Send for book and journal Free

Dr. Williams' Pink Pills are a perfect blood OCCIDENTAL builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial para-An Old and Esteemed Citizen Restored to Health and Strength. lysis, locomotor ataxia, St. Vitus' dance. uervous headache nervous prostration and the tired feeling therefrom, the after effects o la grippe, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry,

> overwork or excessess of any nature. These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville only in boxes bearing the firm's trade mark and wrapped, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills. for Pale People, and refuse all imitations and

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' temporary, and four and a half years ago the Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive. as compared with other remedies or medical

A Graphic Description of a Trip across the Continent in Winter.

By a Frederictonian.

I don't believe him, but as this statement moved the argument in my favour. Of course agreed with him for the time. He further said that he had known other blanked greenhorns start on a morning to walk to that nountain top, where there is a famous trout lake, and return at midnight of that day (or the next, I really forget which) tired to death with no fish. Many just reached the summit to find the sun declining towards the west. This, he said, was true as preaching. The country from Fort William to within

short distance of Winnipeg is wild and broken, with rapid rivers and many lakes, but containing valuable forests and mineral deposits. Murillo, thirteen miles from Fort William is the railway station for the Rabbit Mountain Silver District, and four miles from the station are the Kakabeka Falls, where the Kaministiqua river leaps from a height exceeding that of Niagara. The railway follows up this river to Kaministiqua. and then ascends the Mattawa and Wabigoon rivers. There is excellent trout fishing all along as far as Finmark 33 miles west of Fort William. At Savanne we make a stop of 20 minutes for supper and are told that just beyond the station can be seen two boats used by Lord Wolseley when he led an army from Fort William to Fort Garry (now Winnipeg) in 1870, using the river and lake system whereever available. As it is pitch dark I decline to walk out and view these interesting relies. We go to sleep again and forget the lonesome heaven-forsaken country through which we are running. Of course, as luck would ly a thought unless forced to our attention, falls, visible in day time from the car; the one above and the other just below the railway. Such an interesting piece of landscape scenery could not possibly occur in the daythrough a country not fit for a dog to live in In fact the ordinary thoroughbred mongrel dog, accustomed though he may be, to hard life in general; would feel himself highly in and in the most civil and courteous manner,

ing such a barbarous knuckle-in of a country as this, even a dog, and how much more a human being, could very justly grumble at the decrees of providence, if forced to locate here. And then, when anything worth seeiug does occur, we are either in bed or in darkness and are sure to be comforted on waking with the knowledge that we missed it along all night through and past a lot of interesting places between Savanne and Tolfon -past English river and Bonheur and Ignace and Tache and Wabigoon and Vermillion Bay and Hawk Lake, and Rat Portage and Keewatin and Deception till daylight trembles mistletoe and the wall-flower. Generally in the east. Rat portage is considerable of a town, with a population of 2000 souls, all

> The Lake of the Woods is the largest body of water touched by the railway between Lake run at Rat Portage and Keewatin and fall formed are said to be very beautiful and picturesque. Of course. I knew it all along I knew that if ever there was any possible piace along this route where one would be sure to see beautiful scenery and picturesque cascades and busy and important towns, our luck would be to pass it at night; and conversely, I was sure that any place we passed at night could hardly fail to be highly interesting, beautiful and instructive. At Keewatin is an immense flouring mill, built of granite quarried on the spot. Shortly after leaving Keewatin we woke up, just in time to be too late. Just in good time, fresh from slumber, to read all about it in the guide book. Then the time is slower going West. You can't possibly get up in time to see anything. Now if we were travelling in the other direction, we would stand a slim chance of rising early

and fooling the guide book. We find after breakfast that we are at Whitemouth and are rapidly leaving the wild and broken country of Ontario on our rear, and speeding towards and through the flat tertile country of Eastern Manitoba and nearing Winnipeg the queen city of the west. I stand, resembling Camp Comfort, minus the look out and see what a fine, mild bracing style and neatness manifested in the building morning it is. I see the glorious sun rising of that charming summer retreat, and prein our wake and reddening the whole earth sumably tenanted by Indians. The houses with his richness. I step out on the plat- here are mostly all built of hewn logs, with form and inhale the beautiful day Manitoba mud or plaster, of a whitish colour, in the air. My lung is all right now, I thought for cracks between the logs. Gradually the trees the last two days that it was sore affected become more and more thinly scattered and the last two days that it was sore, affected with consumption and was preparing to decay. But-now-why since I struck Manitoba's every side and ail around, away and away, balmy weather, I feel like a new man, I dance miles and miles to the far horizon. I like around in exulting freedom. I see the broad the journey through here ever so much betlevel plains on either side and the groves of through which we have so lately passed. The poplars, and the people just beginning to reasons for this preference may be somewhat move. Everything tresh and full of robust doubtful, and difficult, even for me, to enumlife, that is, everything that is alive at all.

in the morning, taking things by surprise,

HENRY B. CUNNINGHAM,

THE CHILDREN'S FRIEND. Skoda's German Soap and Skoda's Ointment,

Should Always Find a Place in the Nursery! SKODA DISCOVERY Co.: GENTS:—We cannot be too grateful, for the benefit our little babe derived, from the use of SKODA'S REMEDIES. When less than 9 months old, his face broke out with a Terrible Eczema. The itching and burning caused him to scratch so much that his cheeks became raw, and bled considerably. He suffered extremely. We gave him 3 drop doses of the DISCOVERY internally, used the SOAP and OINTMENT externally, and in a few weeks he was perfectly cured, and is to-day a rugged, healthy boy.

Respectfully,

MR. & MRS. H. B. CUNNINGHAM.
Belfast, Me.

Belfast, Me.

No REMEDIES in the world equal SKODA'S, for Blood and Skin Diseases. Endorsed and used by Physiclans, are they not worthy your trial? SKODA DISCOVERY CO., WOLFVILLE, N. S.

the pulse beats quick, as the wind whistles past your ears and the noble iron charger fairly flies along the track. You feel so big and fearless all at once. You could ride rough shod over everything; you get almost intoxicated with pleasure and seem to quite a new creature. Oh! why did I not think of it long ago. I hurry back and put on my rubber coat and button it up tight to keep off the coal dust from my clothes. I wait impatiently till we slow up at Beasejour. I alight before the train has stopped moving and in a minnte am at the engine door. I mount the step quite fearlesssly, only stopping to remark quite casually and incidentally to the engineer, who is oiling the slides, that I intend riding And perfectly right he would be in feeling so. on the engine for a while, I think probably Whatever the object may have been in makto Winnipeg. Of course I look upon the engineer as one of the appurtenances of the engine. I recognize his right to be there and as a matter of courtsey I explain my intention to him. But I hardly expected that he would assert his individuality so promptly and effectually as he did. He did not take me by the ear and stand me on my head. He didn't cut up rough and swear and tyrannize over me as he might have done had he wished. No We tear and shriek and whistle and hustle he just quietly sat on me. He remarked with a firmness and civil courteousnes characteristic of the C. P. R. engineers to other officials without exceptions from the Atlantic to the Pacific! that it was against the rules of the road. It was a crusher, a poser, a sockdologer, unanswerable as the decrees of fate and unchangeable as the laws of the Medes and Persians. Oh rats! why didn't I think of this at sleeping when we past, and situated on the the time. As a matter of fact, I didn't, I was principle outlet of the Lake of the Woods. lost in a sense of my own injury, I felt hurt. my importance was entirely underestimated. of which are shipped westward to the prairies. I drew myself up and said with all my native dignity and quiet courteousness. "Sir I am a newspaper man!" But it didn't work. He Superior. It is famous for its scenery. It is just smiled and advised me to run back to my renowned for the sporting facilities it affords. car before I caught cold or missed Its waters break through a narrow rocky the train, I went away. I didn't care a cent to ride on his engine, or into the Winnipeg river. The cascades thus for that matter, or any other engine, and I have never changed my mind

of 36 miles, and it is all level track straightway-stretching miles and miles ahead like two narrow ribbons, joining each other at the horizon. At first the aspect of the country is somewhat similar to that of Sheffield in the county of Sunbury N. B. as seen from the deck of the steamboat, only there are no elms. There is, however, quite a "scattering" of small thickets and coppiees over the landscape, principally poplar. We pass huge piles of cord wood awaiting transportation, and thousands of tamarack sleepers piled close to the railway for the use of the C. P. R. I imagine that the sleepers here are all made of tamaraek, when procurable, for their is no cedar at all discernable from the railway. As more frequent. There are teams of oxen and horses hauling huge loads of cordwood and sleepers. We pass groups of Indian children with red hoods and mittens. Sleds drawn by dogs and ridden by children are numerous. In poplar thickets and groves, small log huts finally they disappear altogether. The country is a wide, level plain, reaching on ter than that magnificently barren waste erate, but one reason certainly strong and I say to myself "What a glorious morning settlements do occur, one may see them from would be to sit up there in the bright air and of a country the train is traversing, and are
