Officers Installed.

At the regular meeting of Fredericton Lodge No. 6 K. P. Tuesday evening the following officers were installed by the Deputy Grand Chancellor Thomas, assisted by other grand officers: Geo. W. Adams, C. C.; Geo. R. Perkins, V. C.; G. Waterman, P.; A. D. Macpherson K. of R. and S.; C. H. Thomas, M. of E.; John Palmer, M. of F.; T. H. Fowler, I. G.; John L. Limerick, O. G.; A. J. Fowle, J. C. Next Wednesday afternoon the committees appointed to arrange for a grand K. of P. bazaar will meet with their lady friends in the Odd Fellows Hall, York Street, at 2 p. m.

"THE GIPSY PEDLAR."

This charming opera will be presented at the City Hall.

The young ladies of the Hospital Aid Association will present to the public on Tuesday evening next, at the City Hall, the beautiful operetta "The Gipsy Pedlar." Miss Winslow, Miss Harrison, Miss Tibbitts, Mr. Racey and Mr. A. Tibbitts will appear in the leading role. Miss Anne Lagrin who has had charge of the practices, had devoted a great amount of time and labor towards perfecting every detail, and those who have the pleasure of seeing the operetta will be greatly pleased with the taking situations, choruses, and solos, in which it abounds.

The young ladies will introduce some new and attractive features, among them being a tambourine drill performed by twelve young ladies in fancy costume. Sgt. Instructor Fowle has thoroughly trained the young ladies for this drill. Everybody should see it. The music will be furnished by the F. O. M. W. club orchestra. Reserved seats on sale at McMurray's bookstore.

The Firemen's Concert.

The concert given Thursday evening at the City Hall in aid of Mr. Edward Segee was a financial success, nearly every seat in the house being filled. The hit of the evening in the vocal music was made by Mr. H. V. B. Bridges in his song, "Out on the Deep." Prof. Bristowe sang in his usual good voice, capturing the audience and receiving an encore. Mr. and Mrs. Stockley's duet, "I Due Amici," while very well rendered was not a piece to be appreciated by the audience. Mrs. Stockley's solo "Dermot Astore," was well received. The F. O. M. W. club orchestra gave some excellent selections, receiving an encore each time. The music of the G. R. L. band under bandmaster Hayes was exceptionally well rendered, "The Canadian Retreat" receiving an encore. The only drawback of the evening was the long wait between the pieces, which made it very tiresome and for which there was no necessity. The Chief should be a little more of a hustler behind the scenes.

A dynamite explosion occurred at Acadia Mines in Nova Scotia on Tuesday, by which John Williams lost his life and Sampson Hosking and James Wright were seriously injured. The men were sitting around a fire in a small building, near the mouth of one of the levels, when the fatal explosion occurred. The probability is the dynamite was being warmed and must have been carelessly handled.

The quiet little village of Sussex has a sensation which already has developed one lawsuit and from which another may be expected. A few days ago Sheriff Freeze served Major T. E. Arnold with papers in a suit for slander and defamation of character. The other party to the suit is Mr. James Ashton, a gentleman well known in Sussex. His name has been used quite freely in connection with a social scandal that is now the chief topic in the village. Mr. Ashton denies all connection with the case and has taken action against Major Arnold, who is said, his circulated the stories against him, to prove his innocence. Residents of Sussex say some sensational developments may be looked for if the case ever comes to trial. Mr. F. L. Fairweather is acting for Mr. Ashton in the matter.—Transcript.

The machinery will soon be in operation in the woolen mills at Woodstock. The contractors, Willis & Myles, addressed a meeting of the town councillors the other evening, and much interest was expressed by the councillors with regard to the encouraging prospects in connection with the enterprise.

On Wednesday evening next, Jan. 18th, an interesting event will take place at a residence on George Street, in which a popular horseman of this city and one of Fredericton's fair daughter's will play the leading roles. On the same day in St. John a very popular young gentleman of that city, formerly of this, and a member of the Star Soccer Club will be joined in the holy bands of wedlock to a very popular young lady of the North End.

The FREDERICTON GLOBE will publish a series of letters on the Canadian Pacific Railway and the great Northwest. The letters will be most interesting and instructive, describing the great wheat country; the grandeur of the Rockies, and the principal cities of the Northwest as seen in winter time. Send in a dollar for a year's subscription and get the Ladies Journal for one year FREE.

The snow has come at last and the fine sleighing has made things quite lively, apparently, in the city; the merry jingle of the sleigh bells ringing out on the clear frosty air is a most welcome sound and highly appreciated by every body.

It appears a strange thing that insurance rates in this city are continually discussed by the citizens and at the meeting of the Board of Trade Monday it was again under discussion, with the result that the council were authorized to petition the New Brunswick board of fire writers asking for a reduction in the present insurance tariff of the city.

While the rates in the tariff are higher than they should be, our citizens apparently forget that we have an insurance company, with its head office in our city, whose rates are not governed by any tariff, and where they can get insurance at reasonable rates. The Central Fire Insurance Company do not do business under the tariff; the company is as good as any, and a great deal better than some doing business under the tariff, and have a reputation for paying all claims promptly.

The right thing to do is to insure in that company and by so doing the tariff will come down quicker and farther than any petition presented by the Board of Trade will bring it. When thinking of insuring just remember that you can get insurance at a lower rate, and claims settled more promptly in the Central Fire Insurance Co's office, than you can through any office operating under the tariff.

Mr. Warren D. Wentz of Geneva, N. Y., Tells of His Fearful Sufferings After Gastric Fever and His Cure by Hood's Sarsaparilla.

All who know Mr. W. D. Wentz give him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says: "I was taken sick last October with gastric fever and my chance for recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had recovered from the fever to Dio of Starvation."

I took persin compounds, bismuth, charcoal, cod liver oil and much more by physician's advice, but that my mind was about exhausted and I did not know what else to try. Everything I took seemed like pouring water on a fire. I got a bottle of Hood's Sarsaparilla and took it for two or three weeks, but I found that I had benefited before I had taken it. I began taking it and soon began to feel better. I have now taken a little over two bottles and can truthfully say I feel well again and can eat anything without distress, even to Pie and Cheese."

which I have been unable to touch for years. The English language does not contain words enough to permit me to express the praise I would like to give to Hood's Sarsaparilla." W. D. WENTZ, 161 Castle St., Geneva, N. Y.

A Good Voucher "I have known Mr. Warren D. Wentz for many years and can vouch for him as a man of veracity and one well known about here. I have sold him several bottles of Hood's Sarsaparilla during the past few months." M. H. PARTRIDGE, Druggist, Geneva, N. Y. Hood's Pills Cure Liver Ills

A WALDEMAR MIRACLE.

AC. P. R. Man Relates His Wonderful Escape.

Helpless With Rheumatism and Sciatica—Relief Comes After Doctors Had Failed—The Story Corroborated by Reliable Witnesses. Grand Valley Star.

There are few people in this vicinity who do not know Mr. Thos. Moss, of Waldemar. He has been for years the trustworthy section foreman of the C. P. R. in the division in which he resides and the exemplary life he always led has given him a respectable status in the community. He is a gentleman who is thoroughly reliable, and when "Tom" Moss tells you anything you can depend upon it every time. This by way of prelude to an interesting story the Star has to tell. For some time past a great deal of novel and entertaining literature has appeared in the columns of the press throughout the country, giving the particulars of cures bordering on the miraculous, in various parts of the country. Those who have read these narratives must have put them down either as clever and daring romances, or come to the conclusion that is indeed stranger than fiction. The Star must confess that it did not pay much attention to the reported miraculous cures until about a month ago, when it was told that a cure quite as notable as many of those published had been wrought within a few miles of Grand Valley. The fact is that great cures, or accidents, or tragedies, when they occur hundreds of miles away no matter how exciting or how thrilling—do not usually arouse more than a passing interest where the actors or the central figures are entirely unknown. But if something occur in one's own neighborhood analogous to that reported from a distance and with what different feelings the news received. We had read of miracles wrought at Trenton, London, Hamilton and other places, through the use of Dr. Williams' famous Pink Pills for Pale People. But we were not acquainted with the parties restored to health; we were in the enjoyment of good health ourselves, and the memory of the great things done in other sections passed from our mind. When we were told, however, that we had only to drive down to the pretty village of Waldemar to get the full particulars of a miracle as striking as many that had been reported in the newspapers, we were at once interested. We were further told that Mr. Thos. Moss was the man who owed his restoration to health to the use of Dr. Williams' famed Pink Pills. Remembering that Mr. Moss had been laid up with rheumatism at intervals for years, and that there was a time last spring and summer when his familiar face was entirely missing from the railroad, the Star determined to see him and get a confirmation of the story afloat as to the cure by the use of Pink Pills. On seeing Mr. Moss and getting the facts from him, we found that his story was even more surprising than the one which had been going the local rounds. Mr. Moss had not only been troubled with rheumatism, but sciatica of a most painful type, and had also been afflicted with bronchitis which he had come to regard as chronic.

THE PATIENT'S STORY. "What you have heard is quite true," said Mr. Moss in reply to our query, "I have used Dr. Williams' Pink Pills with wonderful results. For years I had been a sufferer from rheumatism and bronchitis and had come to look upon both as chronic. Last spring I met with further trouble, when I had the misfortune to be afflicted with a severe attack of sciatica. I became so bad that I was laid up, and for some weeks was unable even to move. Many of the men on the line can tell you of the condition I was in. There was an accident on the road and I had to be carried to a hand car that I might be brought to the scene of the occurrence, in order that a proper report might be made to the railway authorities. I believe I would still have been helpless in my house, or perhaps with the silent majority, if a friend had not told me of the great merits of Dr. Williams' Pink Pills and urged me to try them. All other remedies had failed, physicians were entirely unable to cure me, and I had given them up in despair. You can imagine the despondent condition I was in when Mr. Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had not used the Pink Pills long when I began to find relief and this naturally made me hopeful, and I persevered in their use until the cure was complete. The change wrought in me by Dr. Williams' Pink Pills is as delightful as it is marvellous, and for the first time in years I find myself free from pain. I was weak, helpless and hopeless—doctors and other remedies had done me no good, but Pink Pills have restored me to health and strength. The sciatica disappeared, the rheumatism went with it, but stranger still, I am cured of the bronchitis I had come to regard as incurable. I say stranger still, because I notice that in the list of ailments for which Dr. Williams' claims his remedy beneficial, bronchitis is not mentioned and this forces me to the conclusion that Pink Pills have even more marvellous properties than they have been credited with. My case seems almost incredible but there are so many here who are witnesses of my cure that even the most sceptical must be convinced, and I firmly believe Dr. Williams' Pink Pills will cure any trouble with which man is afflicted. This may seem to be enthusiastic after what they have done for me, and I strongly urge those afflicted with sickness of any kind to try Dr. Williams' Pink Pills—the greatest of modern medicines."

Mr. Moss' narrative was certainly of absorbing interest, particularly as the reporter knew he was not a man who would exaggerate facts. The story of the case was corroborated by many neighbors, among them Mr.

IVORY SOAP.

Many of the Skin Diseases arise from the coloring and impure materials used in Soap. The Whiteness of the Ivory indicates its Purity.

For sale by C. FRED. CHESTNUT, Apothecary, 2 Doors above Barker House Queen St., Fredericton.

Wm. Lomas who had assisted in carrying Mr. Moss to the hand-car when taken to the scene of accident above mentioned and also Mr. Buchanan, the popular C. P. R. agent. The reporter returned to Grand Valley fully satisfied as to the great curative properties of Dr. Williams' wonderful discovery.

The Star interviewed the druggists of Grand Valley, and had the same answer from all, Pink Pills are the best selling and most popular remedy in their stores, and the sales are constantly increasing. Mr. Erskine, of Dr. Hopkins' drug store, and Mr. Reith's establishment, told the Star they were amazed at the great and growing demand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and around Grand Valley great indeed must be the good accomplished by this famous cure.

Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature. These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark on the wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Real Merit. It is good enough for Hood's Sarsaparilla—there is no need of embellishments or sensationalism. Simply what Hood's Sarsaparilla does that tells the story of its use. If you have never realized its benefits a single bottle will convince you it is a good medicine.

The highest praise has been won by Hood's Pills for their easy, yet efficient action. Sold by all druggists. Price 25 cents.

Real Merit. It is the real characteristic of Hood's Sarsaparilla and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit Hood's Sarsaparilla possesses by virtue of the Peculiar Combination, Proportion Process used in its preparation and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus peculiar to itself and absolutely unequalled in its power as a blood purifier, and as a tonic for building up the weak and weary, and giving nerve strength.
