

A Lumberman's Life.

Constantly Exposed to Inclement Weather.

He Falls An Easy Victim to Rheumatism and Kindred Troubles—A Twenty Years' Sufferer Tells How He Found Relief.

From the Richibucto, N. B., Review.

Mr. William Murray, of Cormiersville, N. B. is an old and respected farmer, and a pioneer settler of the thriving little village he now makes his home. While Mr. Murray was yet a young man, he, together with his father and brother, founded one of the best mill properties to be seen in those early days. The mills consisted of a sawmill and gristmill, and were operated and managed by the two brothers. Labor saving appliances being then comparatively unknown, the young men were exposed to dangers and difficulties almost unknown to the present generation. One of the greatest evils in connection with the business was exposure to the wet and cold, which, though unheeded at the time, have crippled its victims with rheumatism. In a late conversation regarding his disease, Mr. Murray told the following story of his long misery and final cure by the use of Dr. Williams' Pink Pills: "For over twenty years I have been a sufferer from rheumatism. I attribute the cause of the disease to the time when as a young man I worked at our mills. In the winter we would haul logs on the pond where the alternate thaws and frosts of early spring would imbed them in the ice and slush. When the time came for starting up the mill I would go out on the pond sometimes in water up to my knees and work away from morning till night, chopping logs out of the slush and ice. I was generally wet from head to foot, and every second night of the week, I would, without changing my clothes, stay up and run the mill till daybreak. So you see I was for two days at a time in a suit of partially wet clothes, and this would last till the ice had melted in the pond. After a few years rheumatism fastened itself upon me as a reward for this indiscretion, and ever increasing in its malignity it at last became so bad that for weeks in succession I could only go about with crutches. At other times I was able to hobble about the house by the aid of two canes, and again at other times it would ease off a little and I was able to do a little work, but could never stand it for more than a couple of hours at a time. The least bit of walking in damp weather would overcome me and I remember one stormy night when I tried to walk from Cocagne Bridge to my home a distance of five miles, that I had to sit down by the roadside six times to ease the terrible pain that had seized my legs. During all those years of agony I think I tried all the patent medicines I could get hold of, but they did me no good at all. I consulted doctors, but my sufferings remained undiminished. In the fall of 1895 I went to a doctor in Buctouche to see if there were any means by which I might at least be eased of my suffering. The doctor

said frankly, "Mr. Murray you cannot be cured, nothing can cure you." I was not satisfied and then I determined to try Dr. Williams' Pink Pills. I procured half a dozen boxes and began taking them at once. I soon felt a change for the better and after my supply had been finished I got another half dozen boxes and continued taking them according to directions. That dozen boxes was all I took and you see me now. I am alive and smart and can do any kind of work. I did my farming this spring and could follow the plough for days without feeling any rheumatic pains. Yes Dr. Williams' Pink Pills did me a world of good and I strongly recommend them for the cure of rheumatism.

Dr. Williams' Pink Pills create new blood, build up the nerves, and thus drive disease from the system. In hundreds of cases they have cured after all other medicines had failed, thus establishing the claim that they are a marvel among the triumphs of modern medical science. The genuine Pink Pills are sold only in boxes, bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." Protect yourself from imposition by refusing any pill that does not bear the registered trade mark around the box.

GENERAL BOOTH.

General Booth was in St. John on Tuesday and addressed a large concourse of people, many of whom were of course Salvationists. There were a large number of Army Officers in the city. Gen. Booth is beginning a Canadian tour and is accompanied by his daughter, Miss. Eva.

PRIZE FIGHTING

They were fought last night, a few miles out of the city of Montreal a prize fight in which a French-Canadian, a man named Louis Harrell, was pitted against an Irishman named Whalen. There were about sixty persons present, and this disgusting exhibition resulted in Whalen knocking out his antagonist in eight rounds. Booth were badly punished.

Professor Charles G D Roberts has retired from the editorial staff of the Illustrated American, New York, and for the next three months he will devote himself to completing the new novel, to be called 'A Sister to Evangeline.' which he now has well under way. It will be a romance of Canadian life and several of the characters in the first work will reappear. Since going to New York Professor Roberts has been joined by two of his young brothers, William Carman and Theodore both of whom have been appearing frequently in the periodicals of late with contributions of prose and verse. Theodore Roberts lately became associated with The Independent.

A Runing Sore Pronounced Incurable by Eight Doctors—Cured by Dr. Chase.

Mr R D Robbins, 148 Cowan Ave, Toronto, says:—"I had a bad leg which was simply unsightly. From below the knee to the ankle was one great sore. Eight doctors treated me without benefit. I was induced to try Dr Chase's Ointment which cured me, and all that remains to be seen are the scars."

Estey & Curtis

Have Now in Stock a

Line Of

SPECTACLES,

With Composition and Gold Bows, Lenses

Adapted for all Cases of Impaired Vision

HARTLAND TIN SHOP,

D. E. GURRIE, Proprietor

and Agent for all the Manufactures of the well-known

SMALL & FISHER CO., LTD

The No. 21 Plow is the Best in Canada won Medal and Diploma at Chicago World's Fair. It is made with Steel Beam, Coulter and Landside, Mouldboard finest of American Soft Centre Crucible Steel, harder than flint, clean in any soil.

Full Line of Repairs for Small & Fisher's Machinery.

MILK PAILS,
CREAMERS,
BUTTER TUBS,
ALL KINDS TINWARE

REPAIRING PROMPTLY DONE
