At Good settlement it destroyed the two barns and dwelling house of Ransom Rideout, together with all his hay, some farming machinery and old grain. Help at hand succeeded in saving his household furniture. Unfortunately for him he had no insurance. Mr. and Mrs. Rideout were at the time attending camp meetings at Littleton, Me.—Sun.

**Canada's International Exhibition,
St. John N. B.**

In all departments and classes where premiums are offered, entries will close on Monday, August 29th, fourteen days before the opening of the Exhibition. Entries received after that date, will pay increased fees. The application of this rule will be general throughout all the departments, being necessary to enable the Board to know in advance what exhibits to expect, and on account of the difficulty and increased cost of putting Late Entries through the books. Entry blanks, properly ruled, for entries will be found in the Prize List. Additional forms will be furnished on application.

The Association is now erecting a new and large poultry building, on lots recently purchased by them—accommodation for 1500 birds. Exhibitors are requested to make their coops as neatly as possible—60 inches in length and height, and 24 inches in depth from front to rear. The poultry department will not be neglected; last year over 1000 birds were entered for competition, the show of this year will be surpassed at this exhibition. The premium books calls for all the standard varieties of poultry, water fowl, and pet stock. This is a most interesting department, and will be so attractively arranged as to enable visitors to see and examine everything in the poultry line.

The following expert judges have been selected for service at Canada's International Sixth Annual Fair, to be held in St. John, N. Where to Carry Stamps.

"Business men have various ways of carrying their postage stamps," said the stamp clerk the other morning while sitting in his chair at the stamp window in the general postoffice. "A good many men who post their letters here always has one or more stamps about them. Some of them carry their stamp cases, but the economical man carries his stamps under the band of his hat or in his pockets.

"The other day a young man called for 'five twos,' and, putting one on a letter which he had to mail, he took out his watch and opening the back of it slipped the remaining stamps into the case. They don't stick to the cover, and that is about the best way one can carry stamps if he has a watch." New York Sun.
