

An Epileptic Sufferer.

A Fenlon Farmer Tells of His Remarkable Cure.

At Regular Intervals He Was Subject to Fits, and Doctors Told Him the Trouble Was Incurable—Now Free From the Malady.

From the Warer, Lindsay, Ont.

Mr. Robert McGee, of the 9th concession of Fenlon, Victoria county, says in speaking of his cure from this terrible malady:—"I am 35 years of age and live on the old homestead where I was born and have lived always since, and where my own little family were born. This part of Fenlon is known as McGee's Settlement, there are so many of that name living in the vicinity. Never in my life did I know what a day's sickness was until March, 1895, when without any known cause and without any warning I was stricken down with an epileptic fit. It came on in the night, causing great consternation in the household, as my wife, who never saw anything of the kind before, thought it was my end; as for myself I neither felt nor knew anything that was going on about me. After coming out of the convulsion, which they tell me usually lasted from fifteen to thirty minutes, I would fall into a heavy sleep from which I would awake with a dull, heavy feeling, and all the muscles of my body would be sore. This would pass away and in a day or two after the attack I would be able to attend to my farm work, but strange to say every four months after as regular as a clock I would be seized with a fit, which always came on in the night. Various doctors and specialists were consulted and I took several different medicines, but without effecting a cure. Several doctors said the disease was incurable. I read of Dr. Williams' Pink Pills in the newspapers and was advised by friends who had experienced cures from other seemingly incurable ailments, to try them. In November 1896 I commenced and kept on taking them regularly for a year. The dreaded period passed and passed again and again without a repetition of my trouble, and I felt that I was at last released from this terrible malady. I am now in the best of health and attribute my cure to Dr. Williams' Pink Pills. In conversation with Mrs. McGee she said that her husband's trouble was the cause of most seriously affecting her nerves and general health, as she was always living in dread, and could never enjoy a night's rest. The slightest noise would startle her, and if it had not been for the kindness of a neighbor who always came and stayed at the house over night, she believes she would have broken down altogether. She also is thankful for the great change that has been wrought, and is only too glad to let others with similar afflictions know that there is a remedy for this terrible disease.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink

Pills for Pale People. If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont

Railway Facts and Figures.

The railway system in the United States employs 36,000 locomotives, 26,000 passenger cars and 9,000 mail and baggage cars. These figures seem large till the number of freight cars is stated, which 1,250,000. A passenger train consisting of locomotive, tender, baggage and six passenger cars, with their contents, is estimated to weigh about 184 tons. Freight trains sometimes reach a weight of 550 tons. An ordinary passenger car costs from \$4,000 to \$5,000, and a sleeping car anywhere from \$10,000 to \$20,000. The system, with its gigantic equipment, is practically the growth of a single generation.

The Companion's New Calendar.

The calendars given by THE COMPANION in former years to all subscribers have been remarkable for their delicacy of design and richness of coloring. But the Calendar for 1899 far surpasses any of those. The publishers have endeavored to make it the finest calendar of the century, and readers of THE COMPANION will not be disappointed in it. Those who subscribe now will receive not only the gift of the Calendar, but also all the issues of November and December, from the time of subscription free.
