What was one of the worst peices of roads in the county, was that on the river road between Pokiok and Deep Creek. Commissioner Tompkins has lately laid out considerable work on it and the result is quite apparent to one who has occasion to pass over it. It was formerly in a very unsafe state, and even yet much money should be expended on it.

Wentworth Dow of Lower Brighton had a narrow escape from death or serious injury on Saturday. He works on the section, and with the crew was running a handcar along at a good rate of speed. A long iron bar that was in the car slipped forward and gill poked against a sleeper, with the result that the car was ditched and Dow was thrown thirty feet forward. He was not, however, seriously injured. The others escaped with little injury.

Nicholas Trafton, the well known lumberman of Aroostook County, Me., was in the city this week. He says the lumber cut on the Upper St. John will be larger than ever this season. Many of the lumbermen are already in the woods and have a large number of men employed. In one camp that he visited recently he found 27 indians at work, and was informed that 20 more had been hired.—Gazette.

Everybody who has seen the picture "The Thin Red Line," the great battle picture of the century, given with new and renewal subscriptions to the Family Herald and Weekly Star, Montreal, predicted an extraordinary success for it, but we do not believe anybody could have dreamed of such an enormous demand springing up for it within a few days. No doubt "The Thin Red Line" will have the distinction of bringing a quicker success, and creating a greater demand than any premium picture of modern times.

An accident occurred to the down express, in charge of Cond. Dow, on Thursday, whereby it was delayed over two hours. The eccentric equalizing rod broke, about two miles this side of Aroostook Junction. It was engine 511, in charge of Geo. D. Sinclair. Over an hour and an a half of time was lost in making sufficient repairs for the train to get under way, and as the engine necessarily ran only one side, much time was lost in starting off of dead centres, etc. Coming along near Peel a cow was struck and killed.

Rev. Mr. Bayley and bride arrived in town yesterday. They will reside at the Commercial Hotel.
