FARMERS,

bring along your Farm Produce, Bark and Lumber and exchange with me for Goods and CASH. Highest prices paid for good, clean Oats, Hay, good Butter, etc. I very strongly recommend that farmers see that they get good threshing that will well clean the grain. It will pay you well to let us try and work up a better reputation for our produce.

Certainly we can do it. I claim that shippers have been to blame largely for the low prices we have been receiving for our Oats and Hay, especially as well as some farmers. And now, gentlemen, since the produce is to be graded, I believe it will in time be profitable to the farmers. I cannot look at it from any side, but it looks favorable.

Remember, you get 5 cents per bushel more for clean grain than for unclean grain.

C. HUMPHREY TAYLOR.

P. S.—I might say that having had eight years experience in handling Canadian Factory Cloths, I believe that the Moncton Cloth excels both for pattern, assortment, prices and wearing qualities. Every yard guaranteed. I exchange it for washed Wool at 30 cents per lb. Have a large assortment. Call and examine early and bring your wool. C. H. T.
