

A Carpenter's Story.

Stricken With La Gripp, Followed by Rheumatism.

Suffered a Great Deal and for Two Months Was Unable to Work—Dr. Williams' Pink Pills Restored His Health.
From the Reporter, Palmerston, Ont.

There is not a better known man in Palmerston than Mr. Jas. Skea, who for the past twenty-four years has followed the trade of carpentry in the town. Mr. Skea, who is a native of the Orkney Islands, is now sixty-six years of age and is hale and hearty. A few years ago he was attacked with grip, which left in its wake acute rheumatism. For two months he was unable to work and suffered a great deal from this dread disease. He used several kinds of liniments, but to no avail. Having read in the papers of the wonderful cures effected by Dr. Williams' Pink Pills for Pale People he decided to try them. He took one box and was surprised at the effect. He took a second and finally a third, when he found that his old enemy was about routed. To a Reporter representative, who called upon him at his residence to find out if the reported cure was correct, Mr. Skea said: "I was greatly surprised at the result of taking a couple of boxes. I suffered fearfully, but they made a new man of me, and fixed me right up. I now take them every spring and fall to guard against colds and grip. They are the only thing that does me any good. Mr. Campbell or Mr. Thom will tell you that. I wouldn't be without Dr. Williams' Pink Pills for anything. They are the best medicine in the world. Though I am up in years, my health is good and I am right as a dollar. I attribute it to the use of these Pills. I recommended them to Mr. William Beattie, carpenter foreman on the G. N. W., who had also been troubled with rheumatism and they speedily effected a cure in his case."

Dr. Williams' Pink Pills cures by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapping bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People."

A Famous Criminal.

Pare said to have Operated in New Brunswick Once.

One of the Pinkerton detectives was in Bathurst a few days ago in connection with the bills stolen from the Dominion Bank at Napanee, Ont., a year ago. It is also reported that one of the burglars arrested at Manchester, N. H., for the Napanee bank crime—Edward Pare, alias Geo. E. Belanger, alias Howard—is the man arrested six years ago for burglary at the office of James Fish, of Newcastle, and who was caught on an I. C. R. train at River du Loup, taken back to Newcastle, and sentenced to Dorchester penitentiary under the name of Bell.

Pare and Bell are said to be the same person. Bell escaped from the penitentiary after serving a short time. The penitentiary authorities of Dorchester will most likely send one of the keepers to Napanee, Ont., to have a look at the celebrated criminal, who admits that he was the leader of the gang that broke into the Napanee Bank.

Aunt Mary's Timely Visit.

The other evening Aunt Mary took the electric cars and rode eastward to the house of her niece who a few weeks previously had just commenced housekeeping. Without ceremony the old lady entered the house and found her niece in the kitchen looking very dejected. Aunt Mary soon discovered that her niece had tried to dye an old cream opera shawl a cardinal red with some poor cheap dye. The result was certainly enough to test the patience and goodness of an angel. A miserable mixed color half red and brown, was the result of labor. Aunt Mary deeply sympathized with her horror-stricken niece and advised her in future to use nothing but the Diamond Dyes that had given her such satisfaction and profit for over twenty years. The unsightly, variagated shawl was then washed in several waters to get rid of the horrid colors, and was then put into a bath of Diamond Dye Fast Cardinal Red for Wool. It is now a thing of joy and beauty. Moral: To achieve success in home dyeing be sure you use Diamond Dyes.
