Andover.

Death of a Respected Citizen.

On Friday, the 24th, at 2 p. m., Mr. Justus E. Wright passed peacefully away after a long and tedious illness, aged 65 years. A year and a half ago Mr. Wright had a severe attack of typhoid fever and he had been in very poor health ever since. For the last

few weeks he had fared rapidly but was quite conscious and able to converse with his friends till the last. Deceased leaves a wife and two sons to mourn his loss. Both sons are young men, the younger has been attending the Provincial Normal school, but he was telegraphed for the week before his father's death. He returns on Saturday to his studies. Mr. Wright was one of the most highly respected men in the parish and will be sadly missed by his many friends. With the exception of one year, he has been school trustee in Hillandale district for a period of 30 years and secretary for the greater part of the time. He also took a great interest in all agricultural meetings, exhibitions, etc., and has been a prominent member of the Baptist church for many years. Much sympathy is felt by all for the bereaved family. The funeral took place on Sunday. A very large procession followed the remains from the house to the Baptist church, where Rev. A. H. Hayward conducted the service. The body was interred in the burial ground belonging to the church.

The new post office is about ready for use and by Thursday of this week the post master, E. H. Hoyt, will be moved into his new abode. The waiting room will be even smaller than the old one, which will be most inconvenient especially on wet days.

Miss Fannie Lawson youngest daughter of Thomas Lawson, lawyer, aged nine years, broke her arm last week while getting over a fence.

West Side Notes.

It is very quiet over here just now, we are all engaged in looking for the latest war news and for snow.

On last Monday night those West Siders who are interested in the development of their vocal talents, met in the Hall and received their first instruction in Prof. Fox's course.

Jas. W. Boyer and Miss Ella drove down to Woodstock on Monday returning same day.

Perhaps the 'TISER don't know that we have a flourishing Sunday School in Victoria, but we have, and if you will take in the concert and Christmas tree that is in preparation for Xmas time, you will agree with me that Supt. Cox and his able staff of teachers are not working in vain. The indications are that this will be a grand affair, and as the thing develops I will keep my readers informed accordingly.

A large number of Victorians were in Woodstock Wednesday. Among these were F. J. Boyer, Asa McNitch, and Sanford Hallet.

Geo. W. Palmer, one of Victoria's wealthy and respected citizens, left on Wednesday for San Antonio, Texas, where he will spend the winter. Mr. Palmer has been ailing for some time, and lately, as specialists had intimated that consumption was threatened the gentleman decided to try a change of climate. Mr. Palmer takes with him the sincere sympathy of his many West Side friends, who hope that he will be able to return in a reasonably short time with all traces of the dread disease thoroughly eradicated.

We have two hustling news dealers on the West Side. Howard Cox 'cries' Saturday Evening Post, while Edward White, the old reliable 'Grit' man, has added the Saturday Blade and Chicago Ledger to his list. Both are doing quite a trade and there is no dearth of news ye know.

Mr. and Mrs. Asa McNitch have closed their residence and are to live in the Palmer residence during the winter.

Work in Boyer's factory has been rushing lately. During the last few days the boys have been busy on a rush order from A. & F. Loggie, for 100 pairs of the 'Fisherman's Pride' a boot that is made by this company especially for their North Shore trade.

Mrs. B. M. Cox has been quite ill lately. Colds are becoming quite the proper caper these days.

NICODIMUS.

One Hundred Thousand Fruit Trees In One Orchard.

There is in the State of North Carolina an interesting settlement that has grown up almost without notice. Amid the long leaf pines not far from the Capital of the Old North State is a territory of about six hundred square miles of what is known as the high sand hills. The hills are as high as the hilly lands of the North, but they are made up of pure white sand, and on them grow sparingly and far between, the tall, long-leaved pines, that tower to a height of sixty to a hundred feet. It was thought until the last few years that these lands were worthless. The remarks used to be 'they were made just to hold the world together, a crow will take his rations with him in flying over the sand hills, it will sprout cow peas only, and when sprouting you can hear them for miles grunting it is so hard to sprout,' and like expressions. But there has come a wonderful change on that section and the change has been brought about by the hand of the Northern man and his money. The section has been for many years recognized by physicians to be the best winter resort in America and they began to send their patients down there, and many who were suffering from chronic diseases became well and commenced experimenting with the soil, some of them put out fruit trees, some vines, some vegetables, and it soon became evident that on account of the warm general climate that which was planted and fertilized began to thrive and as the fruit come into bearing it showed a quality that was exceedingly fine. And from year to year the people have gone in and bought land until there are thousands of acres in fruit, and during the season from May until middle of August hundreds of thousands of tons of fruit is shipped north. One orchard alone contains over one hundred thousand fruit bearing trees, vines and shrubs. All this work has been done by the Northern people who were attracted to this section on account of their health and if one will stand at the ticket window of the Merchants & Miners Steamship company in Boston any day from November until April they will see people from every New England State buying tickets to what is known as the Yankee Settlement, Southern Pines.

"Growing Times Indeed."

These are certainly growing times for the 'Family Herald and Weekly Star,' of Montreal, and no wonder, for everywhere one goes he hears more and more of that great paper this year. It is a serious question for the publishers whether they will be able to meet the demand for their handsome premium pictures. The people of Canada certainly never had such a dollar's worth offered them. Quite a number of copies of 'Alma' and 'Pussy Willows,' have been received by subscribers in this neighbourhood and they are greatly admired. A gentleman remarked on seeing the battle picture 'Alma,' 'Why that picture alone is worth five dollars of any man's money.' We notice both pictures are sent to every yearly subscriber to the 'Family Herald and Weekly Star.'
