### FACETIE.

Care to our coffin adds a nail no doubt,  
And every grin so merry draws one out. - *Wolcot*

Lawyer: "You say the prisoner stole your watch. What distinguishing feature was there about the watch?" Witness: "It had my sweetheart's picture in it." Lawyer: "Ah! I see. A woman in the case."

Witness: "The person I saw standing at the top of the stairs was a man with one eye named Wilkins." "What was the name of the other eye?" asked the opposing counsel. The witness is said to have been disgusted with the levity of the court.

### THE COMING WOMAN.

She laughed bitterly. "This," she exclaimed, "is what comes of marrying in haste."

She turned on her trembling husband with a look of scorn.

"Why," she demanded, "didn't you learn to cook when you were a boy? why didn't you help your father in the kitchen? Too busy reading sentimental novels I suppose."

Siezing her hat, and without another word, she strode from the house.

She never sings the old, old songs  
She shrieked in days of yore;  
She never thumps the keyboard now  
Until her thumbs are sore,  
Alas! upon the latest grand  
She never more will play;  
She failed with the instalments, and  
They've taken it away.

CHEAP DENTISTRY: How to get teeth inserted gratis. Go and take liberties with a savage bull dog.

Now soon the gushing brooklet  
Will be babbling on it's way  
And the fishermen concocting  
Bigger stories every day.

Robinson: Did you hear about Traversers? He went fishing the other day, and an hour afterwards his hat was seen floating down the stream just below where he'd been. Jagway: "You don't say! Heavens! Where was Traversers?" Robinson: He was trying to fish it out with his pole.

"Mabel, dearest, do you think I could make you happy?" "I should think so. Mrs. Jenkins' husband made her happy." "How?" "He insured his life for ten thousand pounds and then died.

A curiosity: The man who doesn't read the Glassville News.
