Newfoundland friends to this scheme, and our readers may rest assured that anything we can hence forth do in the same direction, will

no' be wanting. Next to the harvest of the land that of our fertile waters is mest important to our people here. The question therefore of our fisherie

and how that industry may best be .

perpetuated if not fostered, is one for grave consideration. It seems to us that in the past our dealings with this question have been more or less speculative and every process for the repopulation of our waters a mere trial one. We shall not only approve further expenditures in the search for success, but we shall ask a much larger apportioment for our Maritime seas and rivers than they nave received in the past, believing secession; and with equal force shall that at the present they receive far short of their share. Upon our fisheries here thousands of people are dependent for support, while in other quarters where the fisheries never can be to the inhabitants what ours are to our people, lavish sums are expenwe see them in the future with many | ded with the most ridiculous results. There is a batch of useless officers in the Fishery Department that ought to be sent on "long holidays" and better

Upon this fishery question we shall be on the side where The writer has of late been lie the interests of Miramichi and the North, and we shall insist on the laws relating to the protection of

> If to the farmer or the lumberman what we could say might ever be assistance: and much within newspaper scope can be said in the interest of both.

A nation's wealth consists in her natural agents, her resources and her factories. The it shall be our constant task to show our people they should have more of the latter. For this we have a

We think in the matter of costal telegraphic service, the important fishing settlements along the Miramichi and other parts of the North Shore have been left out in the cold.

If Dr. Fortins scheme be as advantageous as it if claimed, then we do not want to have our fishermen denied these advantages. And with the powerful friends this county has "at court," we feel assured that the privileges of the telegraphic costal services will soon be extended to us. To this end the STAR'S efforts shall also be directed.

Upon the principle that under responsible government, the country is ruled by party, and that without party responsible government is impossible, we shall be the advocate of such party enough, and the man who is able to and kindred other mighty enterprises politics as seem to us best for the interests of the country-of our Province and the Dominion.

We shall always deal public men, their public record, save where private dealings crop out in public doings, or where the one is inseparable from the other. Then we know ro man as we know no mercy. We if he whose doctrines may become departure. This federation of the believe there is no greater poltroon than the coward who sits at the editorial desk and is afraid to speak his mind. If we are only to get bill heads and dodgers to print by smother ing our convictions, then we shall bepleased to starve. Yet we also know of some men presiding over newspapers who are nothing if not absuive; and who unfortunately often please and carry the crowd as does the clever ruffian on the street corner, who is overflowing with words and fertile ignorance held sway over men's home, and before we reached this in low smart retort. These vulgar persons degrade the press to the level of those to whom they cater.

such characters. And now we have reached the stage whereat we cannot but express our wonder that an enterprising and an intelligent people like those inhabita newspaper without no other of, blessed with the natural resources, the wealth and the intelligence of Miramichi, that has not a newspaper. We now refer to the important To fill the blank so long existing we have come here, and to publish a paper that may be worthy of the people among whom we have cast our lot

Then we shall publish the semiweekly STAR on Wednesdays and man, no matter how high his station engaged in building a road from St Saturdays, and send it post-paid to any address for \$2 per annum. The paper shall be sold on the streets of all the Northern towns, on the steamboats and on the railways. The day is not far, we hope, when Chatham and the North will be able to support a tri weekly, mayhap a daily, newspaper, upon which the people may rely without having to wait for the St John publications.

The WEEKLY STAR will be sent postpaid for \$1 a year to any address. Our friends may, if they wish, belp us much by starting clubs, the terms of which are:

To any one sending us six subscribers for the Weekly Star we shall send the paper free for one year.

To any one sending us a like number of subscribers we shall send the SEMI-WEEKLY STAR for one year. or allow the cash equivalent of
