J. E. COLLINS, EDITOR & PROPRIETOR. Chatham,. N. B

It does not see n that the cruel river will recommence its wonted labors as a carrier until spring shall have loosed the icy fetters of winter and filled its channel with its flood. Enough of this. Description fails. Go and look at it.

This morning, Thursday, the 20th, the delegates and party left for Wood. stock by the 8 o'clock train. Every facility was given them by the people of the country to see every variety of farms. The; seemed to look with especial delight on the noble old forest which crowns the hills of the Madawaska and Victoria. 50 cents; Subsequent insertions [each] for The more one sees of these gentlemen the more he will be satisfied of their intelligence and of their desire to become the time of insertion if not ordered to be acquainted with our resources and to aid us in developing thent. They were shewn by the Surveyor General what the Province is capable of producing at New Denmark and the public may rest assured

that the lesson will not be lost upon them. upon, must be given in writing; else all Nothing of interest occured on our continued "ads" will be charged at the way down, as we were passing over ground previously travelled. They expressed themselves fully satisfied that Special arrangements may be made New Brunswick could supply Great Britain with vast quantities of food did zer subscribers who do not receive their direct connection of steamer between the papers promptly and regularly will please two countries exist. They mentioned as articles of export, mutton, lamb, geese, fowls, and vegetables of various kinds. Salmon and bass were also spoken of.

When near Bath station 30 miles or more above Woodstock, the delegates accompanied by the Hon. W. E. Perley CHATHAM, N. B., OCTOBER 27, 1880. and the reporters of the Telegraph and Sun crossed over to the west side of the St. John, near the farm of the late Robert Kerr, one of the largest and best farms on the upper St. John. Here they On Wednesday the delegates and party lelt the Grand Falls to visit New Denmark were met after a little delay owing to 18 miles distant, where an agricultural ex- some misunderstanding, by waggons hibition was being held. Mesers. Sheldon which carried them to Centreville, beand Sparrow expressed themselves on the tween 20 and 30 miles from Woodstock. way as being very much pleased with the The road frem Centreville to Woodstock fertility of the so'l which their route is back of the lots fronting on the river, traversed, After ascending the very steep so that they were thus enabled to see not hill just before you come to New Deamark only the banks of the river in this fine a splendid view of the grand old forest of section of the Saint John, but also to rock maples was seen. Our English visitors notice the extent of the good land to the appeared very much pleased to learn that west. Pleased with this charming and the Princess Alexandria had contribute 1 220 productive country, and who would not stg. towards the construction of the pretty be pleased with it, they arrived late in little church of quaint architecture with it the evening at Woodstock. I may add large golden cross on the summit of the that the weather has been really charming spire and which graces the top of the ridge since the delegates have been travelling from which could be seen at the distance of through the Province; a little cool pera mile and a half a large gathering of haps, but very clear, bright, healthy and people who were taking part in the exhibiinvigorating. They seem to enjoy the tion, On our arrival at the building we air of New Brunswick, and I have heard found a splendid collection of agricultural them more than once express their satisproducts. There were 380 entries, Mr. faction at its lightness and invigorating Applegard and Mr. Peterson being among capabilities. That they are very highly the principal exhibitors. The neatness and delighted with our country can be gathtaste exibited in the arrangement of the ered from every expression. The Gov. vegetables were marked. There were cab. ernment has done everything in their bages and potatoes of gigantic size, turnips power to make their stay agreeable and of many varities, celery of two kinds in one have furnished them with all the means of which the root alone was used. Five of information in their power. also leaks and onions, squash and pumpkins,

The Canada Pacific Railway.

varities of vegetables. Excellent butter SOME FACTS CONCERNING ITS LENGTH. CONSTRUCTION, AND COST - THE WORLD GIRDLED BY TELEGRAPH.

[Montreal Witness.]

The portions of this road now under Domestic manufactures of wool occupied contract, the work upon which has been going on for some time, are as follows: Fort William to Salkirk [main line 400 various kinds not to be despised. Among Selkirk to Pemtina [branch] 85

Selkirk towards Rocky M'ts [main line] .. 200

In British Columbia [main line]......127

The importance of the early completion of the Fort William and Selkirk sections has been recognized by both the past and the present Government, and the the work upon the same has been vigorexhibition was pronunced by all quite a ously pushed forward and the line is success. We returned to Grand Falls after expected to be in running order by the latter part of next summer. As soon as this section is completed, the older Provinces will have direct communication with Manitoba via Lake Superior.

It is but reasonable to suppose therefore, MANITOBA'S NEXT SEASON'S CROPS

will find an outlet to the ocean via the lakes and Mantreal. About a hundred and fifty miles of railway, leading west of of the rocky gorge through which the Selkirk right into one of the most fertile St . John runs after making its big jump portions of Manitoba will be completed of 70 feet and breaking into white foam about the same time, so that the rapid and fleecy spray, rushes madly on to its opening up and settlement of the country will at once act as a feeder to this section of the railway. It will be of interest to know what the distance

FROM MONTREAL TO THE PACIFIC

Ocean will be, and how it will compare with the New York and San Franin Great Britain, has turg yn down his load just in that terrible gorge where ciso route. The distance will compare daily passers over the giddy bridge can
