The Railway Syndicate get \$25,-000,000 cash, and 25,000,000 acres of land for building the Canada Pacific. The government retains 25,000,000 in alternating blocks. The road will be built without any expense to the country because the 25,000,000 acres retained by the Government will pay October, the cash grant, and recoup money expended.

Parnell says British prosecutions will only give energy to the Land league.

Usual election echoes throughout the Republic. The defeated party charge the Republicans with bribery and corruption. Bosh.

There is a lull in the East.

Trade we say, Long live the Repub. General. licans.

None of us torgets the prophecies that have been made on every stump in Canada: that if the people voted for the National Policy, trade would wither away and die; and the nation would become bankrupt. The people however voted for the N. P. and carried the N. P. Then because it did not make apples grow on cherry trees. and beget figs on thistle stalks, in a quarter of a growing season, it was abused and ridiculed; every man who left the country whether he was flee ing away with a bride or with stolen horse, was driven forth by the National Policy-it was cartooned in the little picture papers, and reviled in those which twisted with hunger, their patronage stopped.

Now, however, a change has come, and a change which has stricken the slanderers of the Government dumb as sticks. The Custom Houses now are beginning to speak up, and give us nines-which no sophistry can twist into sixes. Each month shows an increase of home made goods; while the exports are far in excess of the imports. Let us take the returns from the Finance Department for Octo ber just passed.

CHATHAM MATTERS.

Taxpayer sends us a letter which we would as lief he had not sent, for the reason that we are quite satisfied there is any reason why the boy with Mr. Lawlor. They rule the gutters of Chatnam now and that is all, but after they are this time hurled out of this miserable power, it will be a long time indeed before they will rule any thing public again. As for Hon. Mich'l Adams, it matters little who they may no excuse for Coroner Rugby calling bring against him : he will be elected and that with a sweeping majority. There is not today in England, not to say in Chatham, pork enough to defeat him in Northumberland.

lors name so fre ely, because he is gentleman for whom we have a high constituency, inviting Sir Leonard regard. We do not believe he will take Tilley to a banquet, and to make the field two years hence against Hon. Michael Adams, because he has too much good sense to attempt the impossible. No man in Northumberland can keep Mr. Adams out of the Local Legislature at next election, and Mr. The Democrats felt sure of New Lawlor could no more secure his own quantity cut last winter. > As to Mr. Lawlor's qualification that weekly fair for Chatham? for his present office, that is a matter which little concerns us; that he would suffer himself to be made a "cats paw of," from our knowledge of the man we do not believe; though we must frankly tell him we do not at all like the company he keeps.

Some parties have written to us complaining that if even a horse is employed to do town work here he must "neigh Snowball;" that every hog reeve, street cleaner, and other Canada and the United States, and official must be a Snowball man; that this they must guarantee him. The the very deals used in the sidewalks prospects are that Dakota and Monmust be "Snowball spruce." Now is tana will soon be free from Indian it really as bad as that? If it is, it raids. will not be much longer that way. The "courtesy" of the County Council which vests the appointment of parish officials virtually in councillors from that par sh will this time give way to justice. THE SHOOTING IN ST. JOHN.

Coroner Rugby seems a little too anxious, we think, to have Malone Rich'd F. Quigley, LL. B., B, C. L., hanged. A coroner may be a most efficient officer, and still keep within the lines prescribed him. There was the jury who first sat upon Malone, "a lot of asses," and for sitting with the second jury and no doubt advising them, during their deliberations.
