Gricket Match. We learn the cricket club at Newcastle are endeavoring to arrange for a match between a picked team from their club, and a Moncton team. Now Achilles did not go out to face the enemy till he had learned the 'art of war" from the Centaur Nissus.

The Advocate.

Our contemporary admits in a sort of the day Mr. Blake was here; but it does the hands of some very scurrilous young defend itself as a cricket player, marking the Halifax Chronicle, usually if notthe word "bolls" in Italic letter. Well, invariably is about as good as the Accates bowling.

Mining.

A meeting of the Niga'oo Silver Mining Company was held in Bathurst Saturday last. R. R. Call was appointed president and J. Sadler Esq. vice-president; J. Siverwright Esq., was appointed secretary, and Wm. Hickson Esq., treasurer. On Monday morning Mr. Samuel Adams took a number of men provided with picks, drills, and blasting material, to make some examinations of the lodes. Work will be commenced without much delay.

The Races.

The race at Toronto came off on Mon day morning. Five prize scullers entered, to wit-Ross, Ten Eyck, Hamm-Courtney and Conley. Ross led at the start, and kept the lead all the way. Conley, a Portland man came in second. Ross is now the world's Champion. In this position he will be able to make a good deal of money, by selling himsefl some times to one side, and sometimes to the other. Ross is of less account morally than a trotting horse, for he only "sells" his backers at the beck of the bridle.

Campbellton Pic-nic.

In another column we print an advertisement of this pic-nic. All arrangements have been made that were possible to make it a grand success. A ticket to Campbellton and return may be had sufficient inducement at this romantic on their liveries of sober gold, without energy into the work; and he is assisted by several energetic members of his congregation.
