"OLD COUNTRY" NEWS.

A correspondent writing from England to the Montreal Witness says;

THE RADICAL PROGRAMME.

The nature of the plans which the Radical party has formed for the next session may be partly estimated from the following notice of motion put on the paper the day before yesterday, and which will be renewed next session by Mr. Jesse Collins, M, P. for Ipswich: "That it is desirable, in order to increase the productiveness of the land, to arrest the decline of the rural population, and to promote the interests of the commercial industries of the country, that provision should be made by Parliament to facilitate the acquirement by agricultural laborers and others of proprietary rights in the soil they culture." Mr. Collins is not what Lord Palmerston used to call a"Radical tramp," on the contrary, he is a retired Birmingham merchant, of very large means, and an active promoter of free libraries and education leagues. His motion may go a little further than Mr. Gladstone is willing to go at present, but the party at the f'remier's back will evenorers' Union will posess a in the refusal to make an equit-
