Whose Duty is it?

Now that the drain leading to the street near the Star office has been stopped, whose duty is it to take the mass of festering matter lying in the drain away? If it be the commissioner's, and any penalty attaches for dereliction of his duty, then why is he not brought before Mr. Blair and fined?—it it be the duty of the Board of Health, then why do they not see and do that duty or all resign? Horrible!
