Young's New Axle Cutter. Patented in the United States and Dominion of Canada. We would call the attention of alll owners of earriages or waggons to this castle, where they will get the highest price Machine and the benefits derived from its going in CASH for the same. use. All waggon axles after being two or more years in use become worn till they become loose, requiring the use of leather washers to take up the lateral play; the washers soon filling with sand, cause the axles to wear much faster, unt the axle is soon ruined, or nearly so.

THE REMEDY. By the aid of this very simple machine, the shoulder for the axle nut is cutback and screwed farther on, causing the wheel to urn as evenly as when new. Give us a call before purchasing elsewhere. A Paint shop is in connection with the Factory.
