FOR SALE—Notes of hand and receipts for sale at the QUEENS COUNTY GAZETTE office.

PROBATE COURT.—The Probate Court for the County of Queens will be held in future on the second Wednesday in each month.

PHOTOGRAPHER IN TOWN.—Mr. J. B. Wallace, of St. John, has opened a photograph gallery in the Temperance Hall, Gagetown. He will be here for about a week.

MILL PROPERTY SOLD.—Mr. Jas. Muir has purchased from Mr. John Law the mill property, on Mill road, about two and one half miles from here and expects to start grinding this week.

RAN ASHORE.—The tug "Fred Glacier" ran ashore on what is known as the "Church Front" a little above Mr. G. DeVebers's, on Monday evening. She blew for assistance and the Martello went up and towed her off.

DEER.—Mr. Chas. Babbit while out shooting on Wednesday last came across three deer. He had nothing but duck shot in his gun and with it managed to shoot one of them. On Saturday Fred Gorley also shot a deer.

POISONING ACCIDENT.—On Saturday last the ten year old son of Mr. B. McLean, of Cumberland Bay, took a dose of carbolic acid from a bottle he found on a shelf at his father's residence and died Saturday from the effects of the dose.

RECEIVED NO PAY.—The jurymen who attended the court on Tuesday received no allowance for their attendance. The Secretary-Treasurer contends that there should not have been summoned and that it was illegal to do so and the county is not responsible for the expense. The matter will be brought before the January session of the County Council.

SMALL CUT, LOW WAGES.—There are not many men yet employed in the woods on the Miramichi and the St. John rivers. The prospects are a very small cut this fall, and this means that wages are and will be low until spring at least. The average rate of wage of woodsmen this fall is \$16 or \$17 per month. Last year the average was \$20.—Gleaner.

DIED AT JOHNSTON.—The death occurred at Johnston, Queens county, on the 8th inst., at the residence of her daughter, Mrs. McBride, of Mrs. Nelson, widow of the late Thomas Nelson, leaving four children, namely, Mrs. McBride of Johnston, Q. C.; Thomas W. Nelson and Mrs. C. W. MacFarlane of St. John and Miss Barbara E. Nelson.

REPAIRED.—The Methodist church at Oromocto has lately undergone repairs. The inside walls and gallery and wood work in general, together with the pews and pulpit have been newly and tastefully painted. The interior of the church has a bright and attractive appearance. The work done reflects credit on the committee in charge and on Mr. Kitchen by whom the painting was done. The outside is to receive a few coats in the near future.

ALL HANDS LOST.—A despatch from Chatham says: The schooner Janet A., from Tignish, was lost Tuesday night or Wednesday morning off Fox Island. She was loaded with oats and produce. Three men and two women were aboard. The bodies of Capt. Gillis, Susan Champion and an unknown man were brought to Chatham in Senator Snowball's steamer St. Isidore tonight. Capt. Gillis' watch was stopped at 6.30. The Janet A. was a vessel of 29 tons register, was built at Church Point, N. S., in 1882, and hailed from Chatham.

Mr. Laurance, specialist on optics, will be at his office, George St., Fredericton, from Monday, October 4th, until Saturday 9th. All defects of vision accurately corrected. Over 22,000 persons successfully fitted. No matter how difficult the case where no actual disease exists perfect vision guaranteed. Mr. Laurance warns the public against getting their eyes ruined by wearing ill-fitting glasses sold by bogus professors, travelling peddlers and so called opticians who graduate from manufacturing optical establishments, and who know nothing of the eye or how to treat it.

THE STORM NORTH.—The storm which prevailed along the north shore on Wednesday was much worse above Campbellton than at any other point. Freight trains were blocked by the snow and snowploughs were called out. About six or seven inches of snow fell at Campbellton. A large force of men are at work repairing the damage to the telegraph lines and it is expected that a through wire between Moncton and Campbellton will be had today. The report that Campbellton was enjoying sleighing a week ago, it appears was not correct. The people of the north shore are now enjoying their first sleigh ride of the season.—Times.

THANKS.—Our thanks are due Mr. Charles Babbit for a fine roast of venison.

LAST OF THE SEASON.—Capt Colwell arrived in St John on Monday with the last raft to go down river this season. He reports that Friday's storm was the severest he ever witnessed on the St. John river. He arrive all right without an accident.

SNOW STORM.—A regular snowstorm set in on Friday morning and continued all day. The snow. David Weston was delayed three hours owing to the storm. Quite an amount of snow fell but it melted next day and has left the streets in a terrible state.

CATTLE SHIPMENT.—On Monday the Stmr. Olivette took twenty head of cattle to St. John from this wharf. The boat hands had quite an exploit with a young steer which got away from them twice and gave them quite a chase before they succeeded in capturing it. The stmr. May Queen was delayed for nearly an hour in the creek on account of the Olivette waiting for the cattle.

A SAD ACCIDENT.—On Monday morning Gardie Colwell, son of C. B. Colwell, of Jemseg, was taking a load of produce to be shipped by the May Queen when in turning a corner the horses took fright and started to run which caused the load to fall off the sloop. Gardie fell off with the load and one of the wheels of the sloop passed over his head killing him instantly. Gardie was the only son of Mr. C. B. Colwell and was in his fourteenth year. Much sympathy is expressed for the bereaved parents.

ENTERTAINMENT.—Madam Christine, of Philadelphia, reader and vocalist will render in the Methodist Church, Gagetown on Friday evening next, selections from some of the choicest musical and literary composers. Local talent will assist in some of the musical renderings. Madam Christine's selections are of the highest order, and in reading and reciting she displays training and culture of a rare order and worthy of appreciation. An admission of 15 cents will be charged. Doors will be open at 7 o'clock. Program will begin at 7.30.

COUNTY COURT.—The adjourned session of the County Court was held in the Court House on Tuesday morning. The only case was an appeal Scott Act case against Captain Brennan of the stmr. May Queen, from Chipman. Mr. J. R. Dunn appeared for the defence and Mr. Jas. McCready for the prosecution. The evidence taken at the Justices Court was read and the court adjourned. The case will come up for argument before Judge Forbes in Chambers at St. John on a date to be agreed on between the counsels.

FOR THE KLONDIKE.—Wilfred Coburn, son of Tyler Coburn of Keswick Ridge, and Lee Albright, son of Ladlow Albright, of Macnaquac, were passengers to the city Thursday by the train. They have been residing in Boston for several years, and having recently contracted the Klondike fever, the object of their visit home is to say good bye to their parents previous to setting out for the golden North. They will return to Boston on Saturday, and on the following Tuesday with eleven other young men, including Charles Albright, and Tyler Coburn, brother of the aforementioned young men, will sail from Boston in a schooner bound for the Klondike. They will take along with them a rotary saw mill, two years' provisions, and the party will include a doctor and carpenter. The young men have each subscribed \$300 towards the enterprise. They start out under favorable auspices, and their friends hope to hear of their returning with a vessel load of nuggets at the expiration of two years.—Herald.

The marriage of Miss Alma Colwell and Mr. Beverley Colwell takes place this evening at 5 o'clock. A large number of guests are invited to the wedding. The Sabbath School concert held at Macdonald's Corner on Sunday the 14th inst proved a grand success, the church being well filled. Mr. Hiram Humphrey occupied the chair and the following programme was most beautifully carried out.

Programme. Singing—Joy to the world. Reading and Prayer—By Rev. A. B. McDonald. Singing—Take my life. Opening address—By Willie Humphrey. Grande Ligne Acrostic. Recitation, "Sowing," by Chas. McDonald. Singing—Work to do for Jesus. Recitation, "Little Gleaners" by Susie Camp.

Dialogue—By teacher and class. Solo—by Maggie Gilchrist. Address—by Rev. A. B. McDonald. Dialogue, "Gleaners." Recitation—by Beulah Humphrey. Dialogue—by three girls. Singing by children, "Into a ten where a gypsy boy lay." Recitation—By Nina McDonald. Address—by Dr. McDonald. Collection and Singing—Never lose sight of Jesus. Reading, "The Changed Cross," by Jennie McDonald. Duet—by Jennie McDonald and Magdeline Gilchrist. Recitation—by Frank Jones. Singing—"Where are your sheaves." Benediction.

The choir with Miss Eppie Macdonald at the organ rendered the selections very beautifully. In a programme of such general excellence it would be quite difficult to pick out any as deserving of special mention; but a solo by Miss Maggie Gilchrist, a duet by Miss Jennie McDonald and Miss Maggie Gilchrist and a dialogue by Miss Ollie B. Humphrey, Miss Maggie Gilchrist and Miss Laura Straight deserve special praise.

TWO PICTURES.

One Rich, Bright and Cheerful; the Other Gloomy, Dark and Muddy.

Forty-five samples of colored clothes are shown on the Diamond Dyes sample card, from which can be produced over one hundred good, solid colors. Every dyed sample is full, rich, brilliant and fast, showing just what any woman of ordinary intelligence can do with Diamond Dyes. This is picture number one.

The common imitation dye, and dyes composed of soap grease as a principal ingredient, show but a dozen or fifteen colors, and so imperfect in color tone and power that the small collection looks gloomy, despondent and sickly to any individual with a taste for the beautiful. This is picture number two.

To those in doubt we say, send your address to Well & Richardson Co., Montreal, for a color card of Diamond Dyes; it will be sent free. The Diamond Dyes being the easiest to dye with give all the grand results in beauty and fastness of color that the heart can possibly desire.
