ST. JOHN LETTER.

About three months ago a few provincial papers, only a few, were telling how superior the Spanish navy was to the American and how impossible it was for the Yankee raw recruit to cope with the Spanish soldiery. Then they complained of the dilatoriness of the Yankees in relieving the starving non combatants in Cuba, and declared that the war was for conquest rather than humanity. The war is practically ended three months from the date of President McKinley ultimatum, and Spain, in the proposed terms of peace has probably been more generously treated than she would have been by any other nation in the world. Only last Tuesday one of these papers said:

"It may be that the Spanish people will consent to the hard terms of peace imposed upon them, but it is more likely that they will coerce their government into declining them. A proud race like the Spaniards does not yield easily to defeat and national humiliation, and from Cuha in particular we may expect a loud demand for a continuation of the war."

Verily, the man who forecasts the weather for the almanacs, and the man who says black is white, are not the only lunatics in the world.

Arch. Tapley has presented the North End Salvage Corps with several valuable books as the commencement for a library.

Some substantial repairs have lately been made on the Suspension bridge.

Work has ben completed on the foundation to the new elevator at Sand Point.

The new Jewish Synagogne in this city will be ready for occupation in about two months.

Burglars carried off last Tuesday morning a cash register containing about \$8 from the store at the corner of King and Canterbury streets.

A Russian iron ship is in port loading deals for Australia.

A fight at Westfield last Wednesday between a man and two women resulted in the discomfiture of the former.

George Simpson of Long Reach, the seventh son of a seventh son, died Wednesday, leaving seven sons behind him.

The International steamers are carrying large amounts of freight between Boston and St. John but the bulk of passenger travel goes by way of Yarmouth.

No man living outside should ever ven ture within the city's gates. If he does, and sells a cabbage, a pound of butter, or lifts a deal, he may be fined or imprisoned and, perhaps, crucified.

Pork and beef are easier; clear pork is quoted at \$15.25 and \$15.50; plate beef \$14.25; extra plate \$14.75; boneless, \$16.25. Granulated sugars are unchanged, yellows are 1-16 cent lower. Oats are firmer and millers have advanced oatmeal ten cents per barrel. Some packers of salmon, corn and tomatoes have withdrawn quotations and higher prices are anticipated.

Anglo-Russian Unpleasantness.

London, Aug 6.—That extreme tension exists between St Petersburg and London is formally admitted to-day, though the officials deprecate the alarmist reports which were current yesterday. It is hoped that the firm stand adopted by the Marquis of Salisbury during the last few days, which seems to have already created some misgivings at St Petersburg, will have the desired effect of farresting Russian aggressiveness.

It is felt both here and on the continent that the outcome of the dispute in regard to the new Chwang railroad extension is a crucial point of the success or failure of Great Britain's policy of the "open door."

"As evidence of the fact that Great Britain appreciates the gravity of the situation the Associated Press learns that the admiralty is preparing for all emergencies and that it will soon be ready to mobilize the entire fleet at the shortest notice. Every officer and man on furlough or on half pay has been assigned to a ship and instructed to be in readiness to join at the earliest moment possible after being notified to do so. Therefore, practically every ship in the British navy, whether in or out of commission at the present moment, has its full war complement of officers and men ready to take her out to sea when the time arrives.

According to Paris advices, Admiral Bedolliere commanding the French squadron, has cabled a demand for reinforcements and for a large credit to be applied to erecting fortifications. The reason for these demands is that the na-

tives of the Kwang Chou Wang region are showing signs of hostility. But there is some suspicion here that the action of the French admiral may be connected with a desire to back up Russian desires.

His Health Had Failed and Medicines Seemed to Do Him No Good -Where Others Had Failed, Dr. Williams' Pink Pills Met With Great Success.

Dr. Williams' Medicine Co.:-

GENTLEMEN, -A few years ago my system became thoroughly run down. My blood was in a frightful condition; medical treatment did no good. I surfeited myself with advertised medicines, but with equally poor results. I was finally incapacitated from work, became thoroughly despondent, and gave up hope of living much longer. While in this condition I visited my father's home near Tara. A sister then and now living in Toronto, was also visiting at the paternal Mrs. Scott of Ottawa, is visiting her home. Her husband had been made healthy through the use of Dr. Williams' Pink Pills, and she urged me to try them. Tired of trying medicines, I laughed at the proposition.
