I desire to state that these authorities dicted that, if direct negotiations are opened without delay, both countries will find their views on the main point---the future of Cuba-far from irreconcilable. "The growing dissensions between the

Cuban insurgents and the American authorities are noted here with great satisfaction, and on all sides I hear it said: 'If we must lose Cuba, it is better that the islands should be annexed by America, because the traitors would thereby be punished and the enormous Spanish interests in the island would be protected.

"The French embassy at Washington seems the most likely channel for opening negotiations, and the semi-official statement that America intends to retain Porto Rico is regarded here as a hint to Spain to hurry up."

Of the world are Diamond Dye Fast Black for Wool, Diamond Dye Fast Black for Cotton and Mixed Goods, and Diamond Dye Fast Black for Silk and Feathers. The results that each of these Blacks produce are marvellous and pleasing. Your faded and dingy dresses, jackets, capes, coats, pants, vests, hose, etc., that are now so useless and replusive looking, can be made like new garments with the Diamond Dye Blacks. Your faded, rusty and dead looking silks and feathers are made new creations by using Diamond Dye Fast Black for Silk and Feathers.

Do not be deceived by bulky package dyes adulterated with grease and other foreign substances; insist upon your dealer giving you the Diamond Dyes, one packet of which will dye as much as three

General Toral, the white haired commander of the Spanish forces was present throughout the session and appeared to be utterly heart broken. He declared that he had little chance to win with a powerful enemy without the city and secret troubles within.

SANTIAGO, July 22.-Notwithstanding General Gracia's bitter complaint to General Shafter he is going on with his preparations for a contest with the Spanish forces of Holguin and Manzanillo quite as though nothing had happened. To-morrow General Gracia will issue a decree authorizing all Cubans who have been driven from their plantations and country homes by the Spaniards and who have taken refuge for safety in the cities and towns to return to their country and go to work on their farms and plantations, assuring them of the protection by his forces. He has added like permission to those in his ranks who were recruited from the farm lands or were employed in the fields at the outbreak of the war. Altogether it must be confessed that General Gracia's attitude is inexplicable. His permission to the men in his ranks to go back to works on their farms is construed to mean an effort to disband his forces. But this may not be altogether justified. It is certain a great many of them will

continue to fight. A large exodus of Cubans is expected during the next few days. They are returning to the cultivation of the country, that work being the chief source of the wealth of the island. The greater part of Gracia's army leaves here at daybreak tomorrow. NEW YORK, July 22. -- A despatch from Santiago gives the text of General Gracia's letter to General Shafter. It is as follows:

In view of all these reasons I sincerely regret to be unable to fulfil any longer the orders of my government, and there-8. That the Spanish forces shall be fore have tendered to-day to the commander-in-chief of the Cuban Army, Major General Maximo Gomez, my resignation as commander of this section of the army. Awaiting his resolution I withdraw with my forces to Jiguari.

Respectfully yours, CALIXTO GARCIA.

PLAVA DEL ESTE, Guantanamo Bay, July 22 .- The following is the official account of the latest naval victory, that at Manzanillo, told by Commander Todd, of the United States gunboat Wilmington in his recent report to Admiral Samp-

At 7 o'clock on the morning of July 18 the vessels on blockade duty in this vicinity, the Wilmington, Helena, Scorpion, Hist, Hornet, Wamptuck, and Oscela approached the harbor of Manzanillo on the westward. At half-past seven the Wilmington and Helena entered the northern channel toward the city, the Scorpion and Osceola the mid channel and the Hist, Hornet and Wampatuck the south entrance; the movements of the vessels being so timed as to bring them within effective range of the shipping at about the same moment.

At 7.55 fire was opened on the shipping, and after a deliberate fire lasting about four and a half hours, the Spanish transports, El Gloria, Jose Garcia and La Purisima Cancepcion were burned and destroyed.

guard and store ship, probably for ammunition, was burned and blown up. Three gunboats were destroyed. One other was driven ashore and sunk, and a third was driven ashore and is believed to have been disabled.

In Peril at Sea.

TORONTO, July 28.-A letter bearing the Queenstown post office stamp of July 9, which reached the Globe office yesterday morning, gives the following brief account of a thrilling incident at sea. The Catalona, which sailed from Boston on June 29 with the delegates to the World's Sunday School convention on board, caught fire in mid-ocean on July 3. There was a great panic on board. The scene battles description.

Captain Stephens and his gallant crew of a hundred brave British seamen worked heroically from eight o'clock in the evening till eight o'clock next morning. A large quantity of cargo was thrown overboard. The boats were in readiness to leave the steamer at a moment's no-

OTTAWA, July 20. - Mr. William Saunders, Director of the Experimental Farms, has just returned from the Maritime Provinces. He reports the crops everywhere as very promising, although somewhat later than in Quebec and Ontario. The hay crop is almost universally heavy, and The Pontoon, which was the harbor the cereals and roots are everywhere vigorous and healthy, with the promise of abundant returns. On the Experimental Farm at Nappan, N. S., having was in progress and the crop was very heavy. Some fine fields from the uplands were already cut and the hay safely housed in Sou No casualties occurred on board any of the barn. Oats, barley and spring wheat were just heading, and all looked very healthy, with an excellent color. Potatoes and corn were somewhat backward, although growing rapidly. Field roots promise remarkably well. The outlook for a good crop is promising in every direction. The apple crop in Nova Scotia promises to be much lighter than was expected. Although the trees blossomed freely the fruit has not set well. Some varieties, however, are yielding very fairly. Small fruits are producing well. In the eastern townships of Quebec, haying was well advanced and the crops was being rapidly saved. The weather was excellent and the yield abundant. The crops of spring grain throughout this section also looked remarkably healthy and were just heading.

Mayor General W. A. Shafter, commander-in-chief of the Fifth Army Corps. United States army:

Sir,-On May 12th the government o the republic of Cuba ordered me as commander of the Cuban army in the east to co-operate with the American army. Following the plans and obeying the or ders of its commanders I have done my best, sir, to fulfil the wishes of my government and I have been until now one of your most faithful subordinates, honoring myself in carrying out your orders and instructions as far as my powers have allowed me to do it.

The city of Santiago finally surrendered to the American army and the news of that important victory was given to me by persons entirely foreign to your staff. I have not been honored, sir, with a single word from yourself informing me about she negotiations for peace or terms of the capitulation by the Spaniards. The important ceremonies of the surrender of the Spanish army and the possession of the city by yourself took place later on and I know of both events by public reports. I was never honored, sir, with a kind word from you inviting myself nor any other officer of my staff to represent the Cuban army on that memorable occasion. Finally, I know that you have left in power in Santiago | indefinate wish of conquest. the same Spanish authorities that for three years I have fought as enemies of

HONG KONG, July 21.-Letters received here from Cavite, dated July 18, say that the American transports have hoisted the American flag on an island supposed to be Watts' Island. General Aguinaldo has organized the Philippine cabinet at Bacoor, with the following personnel: President of the council, Gen. Aguinalde; secretary of war, Baldimiro Aguinaldo, son of Gen. Aguinaldo; secretary of the interior, Leandro Ibairn; secretary of state, Mariano Tras. A Cavite letter dated July 17th says that Gen. Anderson has quartered the California battallion at Paramaque, several miles from Manila. The blockade is effective and mails are not allowed to enter Manila except by warship.

LONDON, July 25.-The Madrid correspondent of the Times says:

"Peace prospects have greatly improved during the last forty-eight hours. The diplomatic exploration of Duke Almodovar de Rio, the foreign minister, has been more practical than was supposed, and it. is now tolerably certain that the government's efforts are entering a new phase which may gradually lead to tangible results.

"The precise nature of the change is a secret, but there is little doubt that it tends to direct negotiations between Spain and the United States, there being no inclination to seek the mediation of any other neutral power. The moment has arrived when America, having reached the parting of the ways, must choose between war with a specific object and an
