ST. JOHN LETTER.

The deer, (not those that wear birds on their hats), moose, and caribou are shedding their head ornaments in Aroostook and it is presumed that their brethren on this side of the border are doing likewise. It is a wonder what becomes of those antlers which one would think might be explained. Already there have been killed in Maine this season several thousands of these animals and in this province a smaller number, most of which have probably shed their antlers two or three times, yet it is extremely rare that the woodsman discovers a vestige of them. Do they eat them, as some people say? Do they bury them? Do they shake them off into the lakes and rivers, so that this evidence of their presence will be lost. Somebody ought to be able to settle these questions definitely. When the leaves bud again the horns and antlers of all the big game animals will bud and sprout, and by the end of July, except on the young, they will have attained their full proportions. This shedding of their antlers is a good thing for the moose, caribou and deer, for they are the thing about the animal that the sportsman prize, highest. He wants the antlers as a trophy of his marksmanship, and if he is of an imaginative turn of mind he can, with their aid, weave many a thrilling story of his experiences in the woods. Such stories could not be told over an antlerless head closely resembling that of a calf.

The London Evening News tells a pitiful story of the experience of an English sailor in the Provincial Lunatic Asylum, at Fairville.

McMillan's Almanac, notwithstanding the delay caused by the destruction of their establishment by fire, was issued on the 21st inst. The McMillans will again be at their former stand in a few weeks. Thursday evening a mass of rock fell from Fort Howe Hill into Maine street. No one was passing at the time and no one was injured.

The result of the enquiry into the death of John Doyle was a verdict that he died by violence. Two roughs, supposed to have been his assailants are under arrest.

Four continues firm; no changes are noted in prices of oatmeal and cornmeal; pork is unchanged, choice new domestic mess is quoted at \$14. There is not much demand for barrelled beef, fresh meat being used more extensively in the lumber woods than formerly. Evaporated apples are higher and are firm at 9 1/2 cents. The crop of broom corn in the west is reported 50% short of last year's, and an early advance of 25 cents per dozen on the price of brooms is anticipated. Eggs are very scarce and fresh are eagerly sought for at 20 cents. Choice butter is in demand at 17 cents while ordinary shop packed is dull at 15 cents. The beautiful cut flowers shown by Mrs. H. S. Craokshank are in great demand at this season and their five large greenhouses are thoroughly gleaned every morning. There are roses, carnations, chrysanthemums, hyacinths, frezias, narcissus, every flower that blossoms in winter, and every passer-by is made younger by a glance at the display in the window. EDWARD EDWARDS. St. John, Dec. 24.

A CHILD'S AGONY.

Ribs Broken from the Spine—Diabetes Developed.

Doctors Gave Her up—Hospital Surgeons Said the Case Was Hopeless—Yet Dodd's Kidney Pills Cured Her Quickly and Thoroughly.

HAMPSTEAD, N. B., Dec. 26.—Nothing wrings the heart with such unutterable, awful agony as to be compelled to witness the sufferings of a little child, and at the same time to be absolutely helpless to relieve its pain.

Terrible, indeed, must have been the heartache of Mrs. George E. Rathburn, of this place, when she was obliged to watch by the bedside of her little two-year-old daughter, and to realize that earthly power was unable to relieve the child's sufferings in the least degree.

The child, Edna, had two ribs torn from the spine, in an accident. The result was terrible. The broken bones refused to join; the sufferer was bent double, and could move only with the greatest difficulty.

Diabetes of a most severe and obstinate type, set in. The child's sufferings grew to be simply terrible. Day and night her little body was racked with burning pain.

The doctors gave her up. They could do nothing for her, they said. Then she was taken to the hospital at St. John. The surgeons told her parents to take her home and care tenderly for her, for she could not live.

One night Mrs. Rathburn read of Dodd's Kidney Pills. She resolved to try them in Edna's case. She did try them. Almost immediately their good effect was apparent. Day by day she improved until perfect health and strength returned. Now there is no more robust, sturdy child in New Brunswick.

This case proves that Diabetes cannot be cured except by means of Dodd's Kidney Pills, and also that Dodd's Kidney Pills never fail to cure it. Dodd's Kidney Pills are sold by all druggists, at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto, Ont.

Hibernia.

The weather here today is moderating and there is every appearance of a storm. Some of the Hibernia folks started for the city today.

Geo. J. Rathburn of this place is doing a rushing business in lumbering. He has already cut some very fine lumber.

John Dollar has a crew in yarding now. He is cutting some very fine logs, and intends hauling his lumber to the Little River Bridge.

There was a pound party at Mr. Wm. G. Rice's, on the 20th and a large gathering there was. Among the number were some young ladies and gentlemen from Otnabog, Hibernia and Hillside, and Mr. Bradford Delong from Carleton county. Some of the crew from George J. Rathburn's camp were there, and also Mr.

John Dollar and his crew from the camp. The party broke up at five o'clock in the morning, all feeling satisfied that they had had enough dancing, and all went home rejoicing.

Mr. James Brown our popular blacksmith made a quick trip to Welsford and return on Monday.

Miss Ethel Rathburn, of Hillside, is visiting Mrs. Geo. Puddington of Mount View.

Miss Lena Brown is visiting Mrs. Jas. Lowery, of Meadowland.

Messrs. Willie McConchie and Clifford Puddington intend going to St. John this week.
