#### ST. JOHN LETTER.

Some people have very queer notions about the newspapers; they think the editor has ideas which he wishes to promulgate; that he is the apostle of some party, creed or fad, and that the outcome, in the shape of dollars and cents, is a secondary consideration. They were never more mistaken in their lives; the newspaper, political, religious, literary, dramatic and musical, is run on business principles just as some corner grocerys and dry goods stores are run. The editor exposes corruption wherever he finds it, not because he is the pink of virtue himself, but because he knows that such exposure is demanded by the bulk of his readers and that they would not be satisfied without it. He advocates all sorts of reforms, not because he is himself an ardent reformer, but because reform is a good thing to talk about and read about and therefore good for his subscription list. When the reporter gets in his little "par" that Mc-Swilliger, who has gone to Eastport on a fishing smack, "is making a tour of the principle American cities," or that Miss Hafenhal "looked charming in her fompadour a la fricasee gown at elegant Mrs. Toddyhots' ball," the public should not de deceived; the editor cares nothing about McSwilliger, or Miss Hatenhaf, but they like notoriety and carry a little wad of bank bills about with them. See? Still the Editor is a sort of self appointed policeman-a looker out for the sunrisea dog at the gate that can bark when occasion requires. Sometimes in a sort of desperation he writes with an utter regardlessness of consequences. It is then that his readers learn something of him as he really is.

The discovery of a skeleton in the Narrows a few days ago caused some excitement until it was found to be that of a dog.

The last brick on the new elevator chimney is 1581 feet above the ground. The first steamer of the Manhattan arrived here yesterday.

The new Jewish Synagogue in this city will be opened December 2. It is a handsome structure.

Steamers of the Dominion and Donaldson lines left Liverpool and Glasgow for this port on the 12th inst.

A portion of the belongings of the Christian Science Association in this city was seized a few days ago for taxes owing to their landlord. A greater outrage was never perpetrated in the name of law and yet the seizure is said to have been legal.

Two houses were burned at Randolph, near the city, the other night, the inmates barely escaping in their night clothes.

Night gangs have been working on the new elevator this week by electric light. Business during the week has been unusually active, even for this season of the year, many of the merchants on the wharves being kept busy long after business hours. Prices of all staples are unchanged. Butter is in good demand at 16 cents and eggs are eagerly bought up at 15 cents. During the week George S. DeForest & Sons have paid about \$2, 500 in duty on an importation of extra C sugar from Scotland, carloads of which were delivered in Bathurst, Newcastle. Amherst, Moncton, Sussex and Fredericton. This sugar comes in bags of 224 pounds and is quoted at  $3\frac{3}{4}$  cents. It is considered better value than can be obtained of local refiners.

EDWARD EDWARDS. St. John, Nov. 12th.

### Justly Honored.

The citizens of Gagetown gave a Turkey Dinner on Monday evening, at the Hotel Dingee, to Mr. Harry Vail, Champion Oarsman of the Maritime Provinces, in honor of his recent victories in Halifax. The dining room was beautifully decorated with flags, and at the upper end of the room was a large picture of Mr. Vail; at the lower end were a pair of oars, and between them hung a picture of Harry and a record of his many successful races.

The dinner was gotten up in Mr. Dingee's usual good style and needs no further comment.

The chair was occupied by Mr. John R. Dunn, on his right were Harry and Albert Vail, and on the left Harry Ervine, of St. John. The vice chair was occupied by Judge Ebbett.

After justice had been done to the dinner, the following toasts were drank:

by Mr. J. R. Dunn, who made a speech showing the success of the Anglo-Saxon in the sporting world, especially those of the maritime kind. He also referred to the many victories of Harry who was a Gagetown boy and spent his youthful days with those who now have the pleasure of doing him honor. He also referred to the gentlemany and straight record of Harry. Mr. Dunn then read the following address and presented Harry with a purse .-

TO HARRY VAIL,

Champion Oarsman of the Maritime Provinces:

It has afforded the citizens of your native village the greatest gratification to hear of your continuous successes in the aquatic arena. To be victor in recent, as well as in former years, over the rival of St. John has been reserved for you alone whenever rowing has been the mode of contest. It falls to the lot of few to be a thrice victor in so short a time, and in no place was so great an interest taken as in this the place of your birth and boy-

waste of waters has always been the fortune of the Anglo-Saxon, and every victory has but served to lure him on to fresh conquests and we trust and know that these achievements of the past few weeks are but the forerunners of future successes, when bigger game is afield. In case that next year you should decide to facial blotches, eruptions and skin troubl- cine. enter into a contest with those who are more worthy of your blade, we can look with confidence to your doing your utmost to bring fresh laurels to the Province, whose assurance in your integrity is justified, and to the village which gave

Few, if any men, who have followed boat racing have had as successful a career as Harry Vail. The village of Gagetown should be proud that one of her sons has made such a mark in the sporting world. The following is Harry's record:

Vail has au interesting record. He was born in Gagetown, N. B., 38 years ago. He rowed his first race in 1881, as an amateur against Russell, at Fredericton, being defeated on account of his boat swamping. In 1882 he rowed with dingy fishing boats against Lamont and Bussy. Vail and his mate were victorious. Vail went south in the fall of 1882 and returned in the spring and took part in the regatta at St. John. He rowed No. 3 position in the winning crew. His crew was challenged by the four that finished second for another race to be rowed two weeks' later, and the challenging crew was defeated. During the same year Vail defeated Edward Willis, of St. John, in a single shell race. In 1884 he beat The Guest of the Evening was proposed | McCormack in a race fer \$300 a side, and
