NEAR THE TRUTH.

The following is the Lesson in Economics which we take from the Greenville, Texas, Banner, which contains so very truthful insertions and is appropriate to the New Brunswick farmer:

"A certain farmer in Texas, not a hundred miles from Greenville, sat down with his family to breakfast. They sat in chairs made in Indiana, the table was made in St. Louis, the dishes were made in New York; the knives, forks and spoons were imported from England; the biscuits were made of flour from Kansas, shortened with lard from Missouri, cooked on a stove made in Chicago, and his coffee was served with sugar from Louisiana. When breakfast was over he drove to town in a wagon made in Ohio, while his son went out with a \$40 gun made in Pennsylvania and an imported \$10 dog to kill five-cent birds for dinner. His daughter went riding on a \$75 bicycle made in Massachusetts. His wife swept the floor with a broom from Cincinnati, took up the dust in a fan made in Vermont with a brush made in Rhode Island. The farmer bought a plow made in Illinois, a cultivator made in Michigan, hoes and rakes made in Indiana, and a reaper made in Chicago. He took these home and set them out on a vacant lot exposed to the rain and sunshine, where they were ruined in one year. That farmer is always complaining of hard times." It is needless to add that the Banner believes in encouraging home industry, and recognises that St. Louis, New York, Chicago and Pennsylvania are no more "home" to a Greenville man than Sheffield or Birmingham.

The gross earnings of the C. P. R. from February 1st to Sept. 30th, 1898, were \$18,254,633.01; working expenses, \$11,394,726.85; net profits, \$6,859,906.16. The gain in net profits over the same period last year is \$214,055.65.

It is said now that Spain will accept the claims of the United States for the Philippines after formally announcing at a session of the commission and in a circular to the powers that she yields to force and owing to the impossibility of renewing the war without obtaining assistance in defence of her rights.

The Antigonish Casket says: A number of wealthy New Brunswickers, among whom are Senator Snowball of Chatham, Fred P. Thompson, of Fredericton, J. L. Black of Sackville, Willard Kitchen of Fredericton, have purchased 57 per cent. of the Modstock Gold Mining Co., whose property is located at Forest Hill, Guysboro, for \$22,800.

The address of Canada's new governor-general is not so easy but what it might be easier. Here it is: His Excellency The Right Honourable Sir Gilbert John Elliott Murray-Kynynmond, Earl of Minto and Viscount Mulgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Governor General of Canada.

ST. JOHN LETTER.

The ladies of St. John who are petitioning the government for the right to vote are apparently unconscious of the influence which by a judicious use of their powers of persuasion they might exert if they would, and thus practically control the elections while remaining away from the polls and escaping the unpleasant experiences which they would be likely to encounter at the ballot box. The women who clamor for the franchise confess, in doing so, that they feel that they have but a slight influence over the actions of their husbands, brothers, and friends, which to a sensitive woman must be very humiliating, as it shows that she is lacking in those feminine qualities which the world considers most admirable. A new-girl in New York a few days ago received a letter from Rough Rider Roosevelt thanking her for her aid in the late contest which resulted in his election as governor. Questioned as to what she had done, she said:

"I'm a Republican and I wanted to see Col. Roosevelt elected because he's a fine gentleman and a brave soldier. So I just told all my men customers to vote for him, and most of all of them said they would. When a stranger came to me to buy a paper, I always advised him to buy a Republican paper, and most of the time they took my advice. I stopped buying the Democratic papers because it made me mad, the things they said about the Colonel. Of course I had to sell some Democratic papers, but I marked 'Vote for Roosevelt' on them, and of course the men that bought them saw it. I won a lot of votes for the Governor, and after he was elected I just wrote him a letter

and told him about it."

If she had been a voter she might have cast one ballot for her favorite and that would have been all; as it was she thinks she turned many votes in his favor, and more than all is the proud possessor of a letter from the famous Rough Rider and governor-elect.

Work on the Carleton Flour mill is being pushed along vigorously.

One who "loved not wisely but too well," died in the Salvation Army maternity home last Tuesday evening. She was a widow, 28 years of age.

The goods of the Christian Science Association seized for the unpaid taxes of their landlord sold for almost enough to pay the costs of seizure.

Seven steamers from Liverpool, Glasgow and other British ports are en route to St. John, and several cargoes of freight from the west await their arrival.

About forty car loads of flour, grain, etc., have arrived here from the west for shipment to Liverpool.

Diphtheria is quite prevalent at the North End of the City.

Four carloads of pickled herring were shipped from here to the Upper Provinces this week.

"Academic Miles" opened last week with a large number of pupils and the following staff of instructors:—

J. C. Miles, A. R. C. A.; F. H. C. Miles, Student at Academic Julien, Carl Rosa Life School and under Bugereau and G. Ferrier, Paris; Mrs. E. J. C. Miles, pupil of Madame Grenot and Madame Carroby, Paris.

Classes for ladies have been formed in Drawing and Painting, Porcelain painting, and from life. For gentlemen in Drawing and Painting, Portrait painting and drawing from the cast. Courses are also given in prospective and light and shade. The school affords pupils a rare opportunity for advancement, the talented instructors pursuing the same methods that are in vogue in the best Parisian academies.

Flour is unchanged, but stocks of Manitoba patents are very low. Hand picked beans are higher today's quotations being \$1.15 and \$1.20 per bushel; choice prime \$1.10. Lard is quoted at 8 cents in tubs, 8½ cents in pails and 9 cents in tins. Teas are firmer and but small lots of the lower grades are in the market. Onions are somewhat higher, selling today at \$2.10 per barrel. New Valencia layers are quoted at 6½ cents; old 5½ cents; choice fancy new currants 5½ cents; provincial brand 5 cents; cleaned in 1 pound cartons 7½ and 8 cents. That popular young commercial man, Mr. Huggonson, will represent George S. DeForest & Son's interest, in the tea branch of their business exclusively, on the road hereafter.

The Parks' cottage on the Beaver Lake road was destroyed by fire at an early hour yesterday morning, and Paul Kingston, a native of Long Island, about 70 years of age, perished in the flames. It is supposed that Mr. Kingston, who was an early riser, upset a lamp while dressing himself and perished almost immediately thereafter. The Parks' cottage was a handsome structure, a pleasant landmark, for it was an old building; it was insured for only \$600.

A Prince William street lawyer assaulted a boy last Thursday because he called as instructed by his employer to collect a bill. In the police court he excused himself by saying that "the boy called too often," and the magistrate excused him. This is a good precedent for the impetuous.

An Epileptic Sufferer.

A FENLON FARMER TELLS OF HIS REMARKABLE CURE.

At Regular Intervals He Was Subject to Fits, and Doctors Told Him the Trouble Was Incurable—Now Free From the Malady.

From the *Warder, Lindsay, Ont.*

Mr. Robert McGee, of the 9th concession of Fenlon, Victoria county, says in speaking of his cure from this terrible malady:—"I am 35 years of age and live on the old homestead where I was born and have lived always since, and where my own little family were born. This part of Fenlon is known as McGee Settlement, there are so many of that name living in the vicinity. Never in my life did I know what a day's sickness was until March 1895, when without any known cause and without any warning I was stricken down with an epileptic fit. It came on in the night, causing great consternation in the household, as my wife, who never saw anything of the kind before, thought it was my end; as for myself I neither felt nor knew anything that was going on about me. After coming out of the convulsion, which they tell me usually lasted from fifteen to thirty minutes, I would fall into a heavy sleep from which I would awake with a dull, heavy feeling, and all the muscles of my body would be sore. This would pass away and in a day or two after the attack I would be able to attend to my farm work, but strange to say every four months after as regular as a clock I would be seized with a fit, which always came on in the night. Various doctors and specialists were consulted and I took several different medicines, but without effecting a cure. Several doctors said the disease was incurable. I read of Dr. Williams' Pink Pills in the newspapers and was advised by friends who had experienced cures from other seemingly incurable ailments, to try them. In November 1896 I commenced and kept on taking them regularly for a year. The dreaded period passed and passed again and again without a repetition of my trouble, and I felt I was at last released from this terrible malady. I am now in the best of health, and I attribute my cure to Dr. Williams' Pink Pills." In conversation with Mrs. McGee she said that her husband's trouble was the cause of most seriously affecting her nerves and general health, as she was always living in dread, and could never enjoy a night's rest. The slightest noise would startle her, and if it had not been for the kindness of a neighbor who always came and stayed at the house over night, she believed she would have broken down altogether. She also is thankful for the great change that has been wrought, and is only too glad to let others with similar afflictions know that there is a remedy for this terrible disease.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is closed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Sammy—"Vas money der root of evil fader?"

Isaac Slim—"Yes, Sam; so you must dry and do all the good you can in life by getting it away from the people."

Anderson's Physical Education.

We have just received from the publishers a copy of "Anderson's Physical Education." This is the latest work of Dr. W. G. Anderson, the well-known Professor of Gymnastics at Yale University. The book treats of every phase of Body Building, and is "up-to-date" in every particular. There are special chapters devoted to Professional people, Business men, Women and Children. It tells you how to decrease your weight if corpulent, and increase it if thin. It gives valuable Measurement Charts for both men and women. Every reader interested in better health, greater strength, grace, self-control, elegant carriage should possess a copy of this work.

The book is full of good suggestions for all classes. The Parent who is anxious about the narrow chest of the child—the Young Man who worries about his lungs and stooping shoulders—the Business Man on the verge of collapse—the busy Editor, Lawyer or Minister alarmed because of an over-taxed brain and its resultant sleeplessness—the Society Woman who finds the adipose tissue is accumulating too rapidly over the abdomen—the Housewife who can no longer climb the stairs without losing her breath—the Young Lady who is troubled about the bones in her neck showing and slight bust development can all find in this book much that will benefit and help them. We know of no work that gives so many useful and helpful suggestions in such compact and readable form. The illustrations, about one hundred in number, are taken from drawings and life.

The book will be sent post paid by the Publishers for 15c. Address—

Two Killed.

An accident took place Thursday night on the Canadian Pacific near Kamloops, B. C. Two men lost their lives and one is seriously injured. The dead are E. Reid, brakeman, and George Little, engineer. John George, fireman, was badly scalded. The Klondike express on the C. P. R. going east was badly wrecked at Blairton, Ont., Monday. The whole train was thrown into the ditch while going forty miles an hour. No one was killed.

COOK'S ANODYNE LINIMENT.
