Pure Blood is Life.

Paine's Celery Compound Only Hope of all Suffering from Blood Diseases.

The Great Medicine Quickly Expels all Poisons and Renews the System.

Scrofula is one of the most terrible and wasting of blood diseases; it usually develops in early life, and in the majority of cases is hereditary. Many medical men contend that scrofula is the parent of consumption.

When the blood is thin, impoverished, impure and foul, its poisoned condition shows up clearly in pimples, sores, tumors, abscesses, blotches, erysipelas, cancer, white swellings, sore eyes, felons, boils, salt rheum, eczema, etc.

Pure blood represents life, foul and poisoned bloood means suffering and death. Strength, action and the health Agent for Pelee Island Wine, Teas, &c of all parts of the human system are dependent upon the blood.

The only true way to cleanse and en rich the blood is to use Paine's Celery Compound. Its vitalizing and purifying effect upon the blood of old and young is magical. The most virulent blood diseases quickly yield to its healing and cleansing power. No other medicine known to man has ever achieved the victories over obstinate blood troubles that Paine's Celery Compound has accomplish-

If you have a trace or symptom of blood disease, your life is truly in danger. If you are anxiously seeking for a cure, have a care how you make use of the widely advertised "blood purifiers;" in the majority of instances they are frauds. Ask your druggist for Paine's Celery Compound, the only medicine that can make your blood and flesh clean, pure and healthy.

Careless Hunter.

WATERVILLE, Me., Dec. 6.-A fatal shooting accident occured a few miles from the Forks Sunday morning, when Dell Durgin was fired upon by Fred Cates, who mistook his grey coat for a deer's body. The two men were members of a logging camp a few miles from Bingham and started out early Sunday morning in quest of large game. Cates started a deer and then lost sight of him, but followed in pursuit. Durgin had separated from his friend when entering the scrub growth. Cates seeing Durgin's grey coat through the bushes fired, the shot passing through Durgin's bowels. He was taken back to camp by Cates and Dr. Piper, of Bingham, summoned, who pronounced the case hopeless.

Durgin was just alive Tuesday afternoon. He is a resident of West Forks and has a wife and one child. Both men are popular and steady. The case is one of carelessness only.

Sentenced to Death.

FORT WILLIAM, Ont. Dec. 7.—Prevost's trial for the murder of Debin and Carriere in a piggery back of Port Arthur in February last, was continued in the court house of that town yesterday. Mr. Johnston, Q. C., of Hammond fame, prosecuted; Mr. MacKay, of Sault Ste. Marie, for defence.

Many local witnesses were examined by the prosecution, and the evidence agreed throughout. The strongest for conviction was Madame Gauthier, the prisoner's late companion. They swore to Prevost having shot both men in their shanties and then set fire to them, having previously removed the victims' be-

The jury brought in a verdict at 1 o'clock this morning as follows:

First: We, your jurers, find that the prisoner, O. Prevost, is capable of conducting his defence and giving a line of defence to counsel;

Second: We, your jurors, find that the prisoner at the time the crime was committed, of which he is charged, was sane and responsible.

Third: Guilty. His Lordship-"Prisoner, have you anything to say why sentence should not

Then amidst deathly silence came the words: "Oliver Prevost, I sentence you to be taken back to the place from whence you came and to remain there until the 17th of March next when you shall be taken out and hanged by your neck until you are dead. And may the Lord have mercy on your soul."

The prisoner showed slight emotion. He was removed to the goal by his guards. Perfect silence reigned through-

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says; "My wife highly respected resident of this place, has been so helpless for five years that has made, over his own signature, a stateshe could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by all Druggists.

Naval Works in Jamaica.

KINGSTON, Dec. 7.—As a part of the scheme of converting Kingston harbor into a great naval depot and extensive dockyard, in view of the construction of the Nicaragua canal in the near future, the admiralty authorities have just completed negotiations for the purchase of Greek Pond, at the northern extremity of the city, where the proposed dockyard will be constructed. A Brutal Job.

Norfolk, Va., Dec. 9.—John Anderson the condemed murderer of Mate Saunders of the sch. Olive Pecker, was executed in the city jail at 3 p. m. today. He march from the cell to the scaffold unsupported and with firm step ascended the steps without assistance. After prayer by Rev. J. B. Merritt, chaplain of the Seamen's Bethel, who kissed him goodbye, Anderson made a short speech, saying he had forgiven the men who swore his life away, and would die at peace with the world and God. He spoke pleasantly to and smiled at the death watchers and to the crowd below in a firm voice said: "I am ready."

A 3.06 the trap was sprung and Anderson's body shot downward. The rope parted just inside the knot and his body fell to the cobble-stones. A thrill of horror ran through the crowd. Officers and witnesses rushed to the body and snatched the cap from the head and found blood oozing from mouth, nose and ears. A doctor was called and soon Arderson opened his eyes and, it was said, started to breathe. He was carried feet foremost up the stairs to the platform and laid down until a chair was obtained. He was then placed in this but he never spoke. Preparations for rehanging him were hurriedly made. The other end of the rope

straps placed on his limbs. While supported by the officers the trap was sprung the second time. In twenty-three minutes life was pronounced extinct. Nine minutes elapsed between the first and second drop.

Anderson's neck was broken, supposedly by the last drop.

Marshal Treat refused to turn the body over to the Virginia Aantomatical Society and it was placed in a handsome casket and buried in the Seamen's lot in Elmwood cemetery.
