La Grippe's Victims. THE AFTER EFFECTS MORE DANGEROUS THAN THE DISEASE. A Well Known Quebec Farmer Suffered Untold Misery for Three Years Before He Found Relief.

The epidemic of la grippe which has swept over Canada like a scourge this winter, has left thousands of weak and despairing sufferers in all parts of the land. Grippe is a treacherous disease. You think you are cured, yet the slightest cold brings on a relapse. Its victims are left in a weakened condition and fall an easy prey to its manifold complications. The blood is left impure and impoverished; the nerves shattered, and heart trouble and nervous prostration are too often the result.

The following statement made by Mr. Daniel Clossley, a well known farmer living near West Brome, Que., indicates the ravages made by the after effects of this scourge. Mr. Clossley says:—"Some five years ago I had an attack of la grippe. The earlier symptoms passed away, yet I continued to fail in health, and suffered intense pain in my head. I was subject to attacks of dizziness, and unless I would grasp something would fall. I gradually grew so weak as to be unable to do any work. My legs and feet were as cold as ice even in the summer months. If I attempted the least exertion my heart would beat violently. For three years I was in this helpless condition, and although during that time I was attended by three different doctors, their treatment produced not the slightest benefit. At this time I read the statement of one who had suffered from similar trouble, who was cured by the use of Dr. Williams' Pink Pills, and I decided to try them. The result was simply marvellous. A dozen boxes did what three years of expensive medical treatment failed to accomplish—restored me to health and vigor, and I am again able to do my work about the farm. I honestly believe Dr. Williams' Pink Pills saved my life and I am glad to make this statement for the benefit it may bring to others.

After an attack of la grippe Dr. Williams' Pink Pills is the only medicine that can promptly restore you to health. They drive away every trace of the poisonous germs from the system, build up and enrich the blood and strengthen the nerves. Sold by all dealers or sent post-paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Always refuse imitations or substitutes.

Winnipeg's Big Hotel Burned. WINNIPEG, Feb. 8.—The Hotel Manitoba, the property of the Northern Pacific Railway, is a smoking mass of ruins this morning. Fire was discovered in the dining room shortly after midnight, and in less than four hours the magnificent structure was destroyed. At first very little importance was attached to the fire as only smoke could be seen, but the origin of the trouble could not be located, and in a very few minutes it had gained such headway that it was found necessary to send in a general alarm. The fire spread gradually and about half past one broke through the roof of the east wing. Two hours later the building was a total wreck.

There were four hundred guests in the building, but no one was injured. There were many narrow escapes, however. The night was a bitterly cold one, and many of those who were turned out in scant clothing suffered much from the elements. A number were badly frost-bitten.

The building was acknowledged by the travelling public to be one of the finest in Canada. It was erected in 1891, and was seven stories high. It was constructed of St. Louis pressed bricks. The total loss is placed at \$400,000.

Many of the guests, especially those residing at the hotel permanently, lost heavily in the matter of personal effects. Most of the guests are here attending the big curling bonspiel. The Northern Pacific waiting rooms, baggage and departments, dispatchers, superintendents and other offices, which were located in a two-story extension of the east wing, were also destroyed. The representative of Ellis, the Toronto jeweller, lost nearly \$40,000 in diamonds and jewelry.
