Then again when he decided to remain over at Hampstead all night what reasonable excuse could he have for pared to make if such lines would be esnot getting here until afternoon on Saturday. A man could have walked twice that distance in the same time. The Post Office authorities should see that the mails are delivered in better time in Gagetown.

GAGETOWN METHODIST SABBATH SCHOOL ENTERTAINMENT.—The ladies of the Methodist Sabbath School, will hold an entertainment in the Temperance Hall, Gagetown, on Wednesday evening, December 27th, commencing at 7.30 o'clock. Great care has been exercised in the selection of readings, recitations and dialogues, etc., and a good programme has been prepared of which vocal and instrumental music will form no insignificant share. The proceeds go toward furnishing books for the Methodist Library. As the object is a worthy one, and as the Come and Get Bargains entertainments held by the ladies of the Methodist church are always exceptionally good; this concert should be well patronized. Don't forget the date, Wednesday evening, Dec. 27th, and don't fail to

attend.

POLITICAL MEETING.—A political meeting in the interest of the Liberal party was held in the Temperance Hall Monday evening and was largely attended. Mr. C. J. Milligan organizer of the Liberal party speech on the various issues of the day. The Hon. L. P. Farris and A. W. Ebbett spoke briefly. J. W. Dickie occupied the chair. After the evening meeting an organization meeting was held.

WHY Nor?-There was a great deal of truth in the arguments of Hon. L. P Farris at the meeting last night in reference to the fact that Gagetown should have either a butter or cheese factory. There are cows enough kept here to run a factory successfully and the farmers should take up the matter and discuss it thoroughly. The columns of the GAZETTE are always open to those who wish to discuss any matter pertaining to the advancement of the farming industry.

Mr. Harding should be eminently qualified to prepare a comprehensive and valuable work on this subject. Not only has he travelled extensively in the dark continent, but for years all cable information from Africa and the old world has passed through his hands before being given to the American public. The forthcoming volume will contain a full account of Africa from the earliest ages to the present day, including a detailed account of the causes and events of the British-Boer

The Provincial Secretary reports, for the information of the Committee of the Executive, that he has had under consideration communications from the Hon. C. A. Duff Miller, Agent General of the Province of New Brunswick at London, setting forth that the firm of Messrs. Elder, Dempster & Co., have arranged with the Dominion Government to run a line of steamers, carrying the Canadian mails during the winter months, making St. John the terminus, and that the Company intends to continue the line both winter and summer between St. John, Halifax and Liverpool if they receive sufficient support and encouragement to do so; and that if the freight traffic warranted it the result would probably be the establishment eventually of the much talked of Fast Line to Canada, as in that event the Company would be prepared to place faster steamers on the route. And also drawing the attention of the Government and the people of the Province to the desirability of taking such steps as may be necessary to promote the estab-THE WESTFIELD MAILS.—The mail lishment of a fortnightly line of steamers between the West Indies and St. John, may be necessary to awaken public interlishment of a permanent fast line of steamers between the Mother Country and Canada, and the opening up of trade with the West Indies, and obtaining of favorable freight rates, which the said Messrs. Elder, Dempster & Co., are pretablished, whereby new lines of business would be opened up and agricultural and

And would therefore recommend that a Committee of Council, consisting of the Premier, the Surveyor General and the Commissioner for Agriculture, be appointed to communicate with the May or of the City of St. John, the Mayors of other cities and incorporated towns, the Wardens of Municipalities, and leading business men throughout the Province, with a view to taking such action as may be deemed most effective to attain the desired result, and that the subject matter of the said communication and the action of the Government therein be brought to the attention of the people of the Province through the newspaper

Death of Henry Walton.

Thursday at noon the death occured at Upper Greenwich, Kings Co., of Henry Walton, one of the oldest and best known river residents. Mr. Walton who was in his 81st year had been in gradually failing health for over a half year, but despite his advanced age and physical ailments, maintained his grasp on his business affairs up to a couple of weeks ago. Then he became unable to leave the homestead and a few days ago took his bed, peacefully passed away yesterday.

Perhaps no up-river resident was better or more favorably known than Harry Walton. For over 50 years and up to the time of his death he conducted the Spoon Island grey granite quarries, an industry which has done much for the section of country around about the stone for New Brunswick, made a lengthy mines. In this connection Mr. Walton came in contact with the business world of Lower Canada and New England and his quarries have supplied stone for nearly all, if not all of the largest and best buildings in St. John and other provincial parts. As a man acquainted with the political phases of the country for many years back and of clear understanding his words were always listened to with respect. Generous almost to a fault and atfable on all occasion, he made hundreds of friends all over the country and at his comfortable home at Upper Greenwich and at his former home in Queens Co.

He leaves a widow, three sons and six daughters and fifteen grandchildren. May God's hand be with the bereaved.
