A SERIOUS TIME.

A QUEBEC FARMER SUFFERED FOR NEARLY TEN YEARS.

Had the Best of Medical Treatment. Tried Hot Springs Without Receiving Benefit-Dr. Williams' Pink Pills Cured Him.

Mr. John Story, of Maryland, Pontiac Co., Que., is well known to all the résidents of that section, and his cure from an unusually severe attack of rheumatism, by the use of Dr. Williams' Pink Pills, after all other remedies had failed, has, if possible, added to the popularity of this favorite medicine. Mr. Story gives the following statement of his suffering and For making Lemonade and Devonshire cure. He says:—"Some ten years ago I Cider. Two Tablespoons full make two was engaged in railwading on the Lake was engaged in railroading on the Lake Superior section of the C. P. R. I was exposed to all kinds of weather, and as a result sustained a severe attack of rheumatism, which all but crippled me, and from which I suffered much agony. spent more than a hundred dollars on doctors and for medicine, but was gradually getting worse and finally had to quit work. At this juncture the doctor told me that he did not think medicine could

cure me, and advised me to go to some hot springs. I took his advice and went to the Harrison Hot Springs, in British Columbia, where I remained for eight weeks under the care of the house physician, but experienced on benefit. I then went over to Tacoma, and took a coarse at the Green River Hot Springs, but with no better result. Completely discouraged I returned to my home in Quebec, and went to farming, but the rheumatism bothered me so much that I could scarcely do my work. Dr. Williams' Pink Pills were recommended to me and I decided to give them a trial. After taking a few boxes I found they were helping me and I continued their use until I had taken sixteen boxes, by which time every vestige of the trouble which had bothered me for years, and had cost me so much money, had disappeared. It is now more than a year and a half since I discontinued the use of the pills and during that time I have not had the

From further information gleaned by the police today regarding the mysterious drowning of the young man supposed to have been Thomas Morris of North Street on Thursday, Allan Nosworthy the Newfoundlander who was the only eye-witness of the tragedy, may be taken into custody,

Nosworthy in his talk with Sergeant Ross yesterday did not tell all he knew and while he may be innocent of any criminal connection with the young man's death, yet he may be ast ed why he withheld actual occurrences connected there-

A Gazette reporter in an interview with Mr. L. A. McAlpine today learned much more of what occurred just previous to the young man's jumping from the

bridge, than Nosworthy told the police. Mrs. McAlpine, who was with her father, Rev. Job Shenton, drove across the Suspension bridge on Thursday afternoon, saw Allan Nosworthy and another together on the bridge. Nosworthy, Mrs. McAlpine recognized from having seen him at her door asking alms, the other man she did not know, but paid much attention to him as both he and Nosworthy were acting strangely.

When asked by the reporter as to what was meant by strange actions, Mrs. Mc-Alpine said she noticed and became nervous at the two because they had gone to the side of the bridge and thrust their bodies almost through the bars and to an extent that was dangerous. This they did more than once.

Another thing Nosworihy did not tell and which Mrs. McAlpine noticed, was that Nosworthy had hold of the other man and was apparently going through his pockets as the victim was holding a small black pocket book and a couple of matches in his hand.

The reporter remarked that perhaps Nosworthy, was at that time looking for the others pipe, to which the lady remarked "perhaps so but it looked different."

Mrs. McAlpine is a lady of very keen perception and is very positive of all sle

There seeems to be no boubt that the unfortunate man was other than the young man Thomas Morris, who left his home on Thursday morning and has not since been heard of.

Chief Clark today detailed Sergeant Ross to keep an eye on Nosworthy and if quiry .- Gazette.

Still They Come.

London, May 17 .- Two thousand and seventy-eight more Doukhobors left Batoum on the steamer Lake Huron on May 12 for Quebec, under arrangements made by the Canadian Pacific Railway. This makes over 7000 of these people settling in the Canadian Northwest in the past few months.

A thousand Galicians are on the way to Canada on the S. S. Phœnicia, and another thousand are on the point of sailing. The tide of European emigration seems turned strongly towards the Do minion; in fact, some authorities profess to think that it may prove embarrassing-

Murdered by Indians.

Belleville, May 18. - Early in April twelve Prince Edward County young men left Belleville for the Atlin gold regions. Two of them were compelled to turn back by illness. From information now to hand it would appear that the remaining ten were ambuscaded and murdered by Indians in search of loot. No further particulars are yet available.

QUEBEC, May 16.—The steamer Calli has been unloaded, but lies in about the same position. The full force of five powerful tug boats pulling together was unable to move her an inch. The water if it continues at such a rate the Gallia The Countess of Strafford left this may be compelled to pass the summer where she is. They are beginning to remove machinery to further lighten her.

Death of Rev. Dr. Carey.

OTTAWA, May 16 .- This evening the sad intelligence was circulated that Rev. Dr. Carey, recently pastor of Brussels street Baptist Church, St. John, was necessary to hold him impending an in dald. His death took place this forenoon, but it was not known to his family for some hours afterward.

Dr Carey had been suffering from acute indigestion and was lying down. He was staying with his daughter, Mrs. Tyrell, whose husband is now in the Yukon. This morning he was lying down, and when some members of the household went to see how he was, he was supposed to be asleep. Mrs. Tyrell had the same impression when she went to his room afterward. She discovered later that he was dead, and it appears he had died some hours before the fact was known. Strange to say, he had arranged to conduct the funeral service for the late Mr. Cameron, a prominent member of Dr. Carey's former congregation in this

The deceased clergyman had a host of friends in this city, as he was several years pastor of the First Baptist church here. This was immediately before his last St. John pastorate.

A few days ago the marriage of Dr. Carey's daughter to Dr. Gibson took place here. Dr. Carey has been in Ottawa since then, renewing old friendships, and was a frequet visitor to the press gallery in the house of commons.

The Big Victoria Fire.

VICTORIA, B. Attempts to remedy the defect have been made but without success the age of the chimneys no doubt causing many weak spots. The fire was discovered by the private secretary who heard the crackling of flames in the attic and telephoned for the brigade, but the old house burned like tinder and the fireman could do little.
