The constant dropping of water will wear away stone. A slight eye strain impairs the health, because it is constant. The strain which first manifests itself as a slight discomfort should be promptly remedied by the use of glasses.

in which his experience as a ship owner gave him considerable prestige. After his retirement from the bench he resumed the practice of his profession, his most important recent case being that of Hesse versus the Street Railway Company of St. John, in which he secured a verdict of \$25,000 to which the company objected as excessive. It was only a few days after the trial of this case that the ex-Judge met with the accident which no doubt hastened his death.

Mr. Palmer earned large fees in his profession and at one time was reputed to be wealthy. He is understood, however, to have lost largely by the failure of the Maritime bank and the decline in shipping, so that his estate is probably worth much less than it was years ago. Mr. Palmer twice contested Westmorland, unsuccessfully, in the Confederate interest previous to the union, his colleague being ex-Judge Steadman, who is now in Moncton. He afterwards removed to St. John where he was an unsuccessful candidate for the Federal Assembly in St. John in 1870, but was elected in 1872 to the House of Commons as an independent conservative. Mr. Palmer was re-elected in 1874, after the downfall of the Sir John A. Macdonald government but was defeated in 1878 when his party generally was successful.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praise throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50 cents and \$1.00 at any Drug Store; every bottle guaranteed.

10 Cent Cheese in Montreal.

HALIFAX, Aug. 9.—Jobbers in this city have advanced the price of cheese to 10 cents per pound. In Ontario the factories are now receiving that figure. At Cowansville, on Monday, the entire offerings sold at 10c. on the board; this would amount to 10½ to 10¼ laid down in Montreal. Ottawa and Cornwall are sold at prices which would bring about the same in Montreal. Some alleged finest Westerns were being offered at 9½, and no doubt, if the goods are as represented, there will be no difficulty in disposing of the whole. A fair quotation in Montreal would be 10½ for the finest Westerns. It is stated that the English market does not allow more than 10c. on this side according to last advices.

Montreal's cheese shipments, up to Saturday had reached 885,912 boxes for this season, compared with 693,297 a year ago.

West Indian Hurricane.

PONCE, P. R., Aug. 10.—A hurricane struck here at 8 o'clock Tuesday morning and lasted until 3 p. m. The rivers overflowed, flooding the town. It is estimated that 200 persons were drowned. The town and ports are total wrecks. It believed that the damage done will amount to over \$500,000. No news has been received from the interior since the storm broke.

KINGSTON, Ja., Aug. 10.—Turks Island reports that the cyclone passed away during the night, after doing trifling damage. The centre of the disturbance is apparently proceeding northwest towards the American coast.

ST. THOMAS, D. W. I., Aug. 10.—The island of Montserrat (British West Indies) was completely devastated by a hurricane Monday. Churches, estates and villages were destroyed and nearly a hundred persons were killed. In addition many were injured and rendered homeless and terrible distress exists among the sufferers.

CHICAGO, Aug. 10.—A special to the Tribune from Vancouver, B. C., says: The following advices were received by the Empress of Japan: A terrible flood has swept over the sub-prefecture of Warchow, where 1,850 houses were destroyed and thousands of poor people rendered homeless. A band of thousands of robbers is ravaging the country. Ten junks full of soldiers to head them off were captured, arms taken from the soldiers and the junks burned. Hundreds of the soldiers were drowned. Seven hundred natives who resisted the onward march of the enemy were killed, while 2,000 saved their lives by joining the robbers.

No Mormonism in Theirs.

PINEVILLE, Ky., Aug. 11.—Four Mormon elders, after preaching here for several days, have been forced to leave by angry citizens. In Wise County Mormon elders were warned to leave, but did not. Several citizens then went to the place where they slept with a bundle of switches, took the elders out and gave them a severe whipping.

Fishermen Fired on.

FOLKSTONE, Aug. 9.—The British torpedo gunboat Leda this morning found a French fishing boat, the Star of the Sea, belonging to Boulogne Sur Mer, fishing within the three-mile limit. The fishermen attempted to escape and did not stop when a blank shot was fired. The Leda then fired a shot, which disabled the Etoile de Mer and killed the latter's helmsman. The fishing boat was afterwards towed to this port with the body of the helmsman on her. The arrival of the Etoile de Mer caused much excitement, where it is hoped the regrettable incident will draw attention to the serious inroads made by foreign fishermen in British waters.

The admiralty authorities express extreme surprise at the fact that the fishing boat disregarded the Leda's signal to heave to, and in the absence of the official report they assume that the commander of the Leda only resorted to drastic means when other means were ineffectual.

Capt. Delathe of the Etoile de Mer was arraigned later in the day and pleaded guilty to fishing in English waters and evading arrest.

The commander of the Leda says the chase lasted five hours, under searchlight, and that he discharged thirty blank rifle shots before resorting to bullets.

The prisoners were fined \$50 on the first charge and \$25 on the second charge. The coroner's inquest upon the body of the helmsman resulted in a verdict of "accidental death," the jury exonerating the officers of the Leda.

British Embassy Demands.

PORT TOWNSEND, Wash., Aug. 8.—The recent seizure of seven Canadian fishing vessels by the revenue launch Guard in the vicinity of Point Roberts and Blaine for fishing in American waters has raised some intricate points in international law. It is claimed there is no law which prohibits foreign vessels from fishing in American waters, and under this claim the British embassy at Washington made a demand on the United States government for the immediate release of the vessels. This was referred here for investigation, and the revenue officers say the vessels were seized for landing nets in American waters without complying with the customs laws by having their certificates. This explanation was not satisfactory, and advices to-day from the Treasury department at Washington say that United States Consul Smith has been ordered to proceed to Point Roberts and Blaine immediately for the purpose of making a thorough investigation and report without delay to the department.

India's Frontier Defence.

SIMLA, Aug. 7.—The scheme of Lord Curzon of Kiddleston, Viceroy of India, respecting frontier defence, has been approved by the Imperial Government, and published here. It provides for the withdrawal of the regular troops from many frontier garrisons and the substitution of tribal militia, which will result in large economy.
