Nerve Energy and Eye Glasses

The constant dropping of water will wear away stone. A slight eye strain impairs the health, because it is constant.

The strain which first manifests itself as a slight discomfort should be promptly remedied by the use of glasses.

THIS IS THE ONLY CURE.

The Doctors Puzzled.

THE PECULIAR CASE OF A NOVA SCOTIAN LADY.

The Trouble Began in a Swelling of the Big Toe Which Spread to All Parts of the Body—Doctors Could Not Account for the Trouble, and Their Treatment Did Her No Good.

From the New Glasgow Enterprise.

Loch Broom is a picturesque farming hamlet situated about three miles from the town of Pictou, N. S. In this hamlet, in a cosy farmhouse live Mr. and Mrs. Hector McKinnon. A few years ago Mrs. McKinnon was taken with a disease that puzzled several doctors who attended her. It was generally known that Mrs. McKinnon owed her ultimate recovery to good health to the use of Dr. Williams' Pink Pills for Pale People, and a reporter of the Enterprise being in the neighborhood called upon the lady and asked her if she had any objection to relating the particulars of her illness and cure.

"Indeed I have not," replied Mrs. McKinnon, "I think that those who are cured owe it to the medicine that brings them back to health, always to say a good word for it. My trouble apparently had an insignificant starting point. It came on with a swelling in the big toe, accompanied by intense pain. Gradually the swelling extended to my limbs and then to my whole body, accompanied by pain which made my life a burden. A doctor was called in but he did not help me. Then another and another until I had four different medical men to see me, one of them the most skilled physician in the province. Yet my case seemed to puzzle every one of them, and none of them gave me more than the merest temporary relief. One doctor said the trouble was inflammation of the bone. Another said it was aggravated sciatica and gout. The other two called it by other names, but whatever it was none of them helped me. By this time I had got so low and weak that I could not lift hand or foot if it would save my life, and no one expected to see me get better. In fact the doctor said if I sank any lower I could not live. And yet here I am today as well as ever I was in my life. While I was at the lowest a minister called to see me and asked why I did not try Dr. Williams' Pink Pills. I had tried so many remedies and spent so many dollars in medicine that I hardly thought it worth while to experiment any more. However, I was persuaded to try them and after using a few boxes there was some improvement. By the time I had used a dozen boxes I had left my bed and was able to move around, and after a few more boxes I was again perfectly well, and able to do all the work that falls to the lot of a farmer's wife. All this I owe to Dr. Williams' Pink Pills and I think that after what they have done for me I am justified in recommending them to others."

Dr. Williams' Pink Pills give new life and richness to the blood and rebuild shattered nerves, thus driving out disease due to either of these two causes, and this means that they effect a cure in a large percentage of the troubles which afflict mankind. Some unscrupulous dealers impose on the public imitations of this great medicine. The genuine Dr. Williams' Pink Pills are never sold in bulk or by the hundred or ounce, or in any form except in the company's boxes, the wrapper around which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." No matter what the color of any pill offered in any other shape, it is bogus. These pills cure when other medicines fail.

Moncton Street Railway.

As a result of the negotiations between the Moncton Street Railway directors and Messrs. A. E. Pond and S. MacLauchlan, of New Haven, Conn., it is not improbable that the work of extending the road may be commenced within two or three weeks' time. The company has made the American gentlemen a proposition, and the latter have taken ten days to consult with those associated with them to consider the matter. Messrs. Pond and MacLauchlan expressed themselves well satisfied with the proposal, and Mr. Pond returned home yesterday afternoon and will report within ten days. If the company's offer is accepted by the American end of the city better accommodation. The road will be extended west to Dominion street and north probably as far as John street, while tracks will also be laid on some of the principal side streets. The extension of the road to Lewisville and Humphrey's pond, where it is proposed to have a park, is, of course, also in the scheme, and when the road is on a paying basis it will be extended to Shediac.—Times Monitor.

The Situation in the East.

LONDON, May 30.—The Shanghai correspondent of the Mail says Japan is assuming a threatening attitude toward Russia and is sympathizing with China, while China is determined to resist Italy's seizing of San Mun and any further German encroachments at Shan Tung. The British squadron, it is said, will shortly assemble at Wei Hai Wei.

Disastrous Fire.

HALIFAX, May 31.—The lumber mill at Steviacke owned by Alfred Dickie was destroyed by fire tonight. The conflagration is believed to have been started by a spark from a locomotive of the St. John day express. The cook house, dwelling, blacksmith shops and mill were soon a total loss. The fire spread to a pile of cut lumber of which Mr. Dickie had seven or eight million feet. Of this three millions were pine that had been standing a couple of years. An engine with seven hundred feet of hose has been sent from Halifax to the scene of the fire.

June 1.—A despatch from Steviacke at 1.30 this morning says the fire is under control and the damage to the sawn lumber will be smaller than expected. Millions of material are uninjured.

Believed to Have Drowned.

POINT DU CHENE, May 29.—James Hamill disappeared Saturday, and it is thought he has been drowned. He was seen about two o'clock on the wharf and afterwards noticed going down the dock towards a vessel lying at the ballast wharf. His hat has been found lying on a pier directly at the foot of the gangway to the vessel. The steward of the vessel says about 2 o'clock he heard a man shouting, and it is now thought Hamill was endeavoring to get on board and slipped from the ladder. Men have been grappling near the vessel all this morning, but with no results. Hamill was a man about 35 years of age, and will be remembered as the man who was arrested for the murder of his brother, Owen Hamill, who was discovered in the coal house at Point du Chene in the fall of 1897. He was under the influence of liquor when last seen going down the wharf. He was a splendid swimmer but it is supposed when he slipped from the ladder he must have struck his head on the curbing of the wharf and was stunned.

That Weak Back

Can be strengthened and the chronic pain removed by prompt application of one of those old English Remedies, Dr. Cook's Penetrating Porous Plasters. Hundreds of testimonials as to their curative qualities have been forwarded unsolicited to the company by persons who have been wonderfully benefited by their use. 25 cents each. Sold by all druggists, or sent post paid for same price to the Cook Chemical Co., Fredericton, N. B.

Derouled on the Stand.

PARIS, May 30.—The section of the Court of Cassation engaged in the hearing of the case against MM. Paul Derouled and Marcel Habert, charged with inciting soldiers to insubordination, resumed its sitting at noon. The entry of the defendants elicited shouts of "Vive Derouled." M. Derouled resumed his harangue immediately upon the court being called to order, reiterating, amid applause, his statement to the court on yesterday that he had not desired the establishment of a dynasty, but of a plebiscitary reply.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all Druggists.

Forty Injured.

CHICAGO, May 30.—Forty people were injured this afternoon in a rear end collision between a Harlem race track special and Forty-eighth street train on the Lake street elevated road. It is not believed that any of the injured will die, the most serious injuries so far reported being broken limbs. The motorman on the Harlem special lost control of his train as he was nearing the Oakland avenue station, and the motor car with its trailers crashed into the rear of the Forty-eighth street train, which had stopped at the station platform. Several of the cars were splintered, but none of them were thrown from the elevated structure.

Accidentally Drowned.

POINT DU CHENE, June 2.—Coroner C. A. Smith held an inquest on the body of James Hamill, which was recovered yesterday morning between the barque Aftensjernen and the wharf. Hamill was last seen alive on Saturday at twelve o'clock and was somewhat intoxicated. His hat was found near the vessel later in the afternoon. Notwithstanding that several had seen him on the wharf no one had seen him fall, and many of the people of the Point, as well as his own friends, thought he had gone away on a short visit. A few gashes were found on the face, caused by striking the wharf in his descent. Dr. Dennis, of Shediac, performed a post mortem and pronounced death from drowning. The jury rendered their verdict in accordance with the fact, accidental drowning.

Cook's Penetrating Plasters.

Are You Still in Suffering and Misery?

HAVE CONTINUED DISAPPOINTMENTS MADE YOU DESPONDENT?

Paine's Celery Compound Guarantees Safety and Good Health.

There are thousands of well meaning people in our Dominion who are either adding to their burdens of physical sufferings, or who are making so little progress in banishing disease from their bodies, that they are continually despondent and miserable.

The people we refer to are the men and women who are placing their confidence in the many advertised pills, tablets, sarsaparillas and nervines that have little or no medicinal value to commend them.

The tens of thousands in Canada who are at present using Paine's Celery Compound for the banishment of blood diseases, nervous affections, rheumatism, neuralgia, dyspepsia, liver and kidney complaints, are the wise and prudent. They have been guided by the advice of relatives, friends and neighbors, who have found new life, health and strength from Paine's Celery Compound.

The continued flow of testimonials from cured people is the strongest proof that Paine's Celery Compound is the only salvation of the sick, the only true friend that never disappoints when disease threatens life.

Are you, dear reader, one of the many disappointed ones, still in the death grasp of some serious ailment? If you are, we would counsel you to throw aside the useless medicines you are now using and give Paine's Celery Compound an honest trial.

The great medicine is a prescription of one of the ablest medical men that ever lived, and is endorsed by the highest practitioners. You must use it if you wish to live.

Twenty Millions Starving.

LONDON, May 28.—Particulars received regarding the famine in Russia confirm the previous harrowing accounts. The members of the Russian aristocracy have at last awakened to a full sense of the gravity of the situation, and money is beginning to flow in on all sides for the relief of the starving monijks. Unfortunately, charity is almost too late. The censor at first prevented the truth from being published by the Russian press. Now the facts are allowed to appear. But the famine spectre is stalking through the land. Some authorities estimate that as many as 20,000,000 peasants are starving.

The Rev. Mr. Francis, pastor of the British-American Church at St. Petersburg, who did much to secure British and American aid during the last famine, appeals to the British public today. He says seven provinces, covering 18,000 square miles, are affected, and that 5,000,000 persons are famine-stricken and will need to be fed during the next three months.

The Trackmen's Strike.

MONTREAL, May 31.—There are no developments in the trackmen's strike today. Reports from all along the line show that the sympathy of the public is very much with the strikers, "scabs" being unable to get board.

The strike committee claim that offers of \$2.50 per day to foremen and \$1.50 to men find no response. One hundred and fifty men left Portland this morning for Montreal to take the strikers' places.

KINGSTON, May 31.—A Grand Trunk car containing men sent from Montreal to fill the places of the striking trackmen was attacked by a mob of fifty citizens last night with stones. The "scabs" returned the attack last night with revolvers. Some of the mob also had revolvers and a lively fight ensued. No one was seriously hurt.

PRINCETON, Ont., May 31.—A number of Italians accompanied by a posse of detectives, who came here yesterday morning to work as "scabs" were not enthusiastically received by the townspeople, who ordered the keeper of the only hotel here not to accommodate them. He, however, gave them dinner, tea and lodging. The enraged citizens broke into the hotel and dumped the furniture through the doors and windows into the street and drove the officers out of town.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, sends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney troubles, purifies the blood tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by all Druggists.
