Queens County Gazette.

GAGETOWN, N. B., SEPT. 6, 1899.

ST. JOHN LETTER.

A good many people in the city remember Mr. and Mrs. Jack Van Shaick who were residents here for a considerable period four or five years ago. Mr. Van Shaick is a son of millionaire Van Shaick of Chicago. They separated about two years ago and Mrs. Van Shaick brought an action against the elder Van Shaick for alienating her husband's affections and got a verdict against him for \$60,000, but compromised for a settlement of \$15,000 on her infant son. Later the elder Mrs. Van Shaick died, leaving \$50,000 to "Jack" on condition that he kept away from his wife. Mrs. "Jack" went on the stage and last Friday she and "Jack" met by accident in New York. They adjusted their differences in about five minutes, and the \$50,000 left to Jack by his mother goes to her other heirs. When here Mrs. Van Shaick attracted a good deal of attention by her "style" and vivacity and Jack was known as a thoroughly good fellow.

George S. deForest and Sons have just received word from India that their order for 1500 half chests of Indian teas has been executed, and that they may be expected in St. John during the next two months. This is probably the largest purchase of Indian teas ever made in the maritime province. They also have three car loads of China teas landing and in transit and 550 packages of Ceylon teas ordered forward. This with their present supplies make no doubt the largest stock in the maritime provinces. Their sales of Union Blend are increasing rapidly and their four travellers are busy looking after the firm's interest among the retailers, most of whom in the three provinces are among their customers. The markets are very steady; prices are generally unchanged; business is good and collections are improving. Small lots of Nova Scotia apples are arriving; red astrachans are quoted at \$1.25 to \$1.75 per barrel. The market is over stocked with eggs and price has dropped to 13 cents. Choice butter is in limited supply and arrivals are quickly taken up at 14 cents.

Rev. W. W. Brewer, formerly pastor of one of the Methodist churches in this city and well known all over the maritime provinces has been suspended for drunkenness.

Mathew Garnett went into the North End post office last Wednesday and asked the young lady in attendance for change for a \$10 bill. When she had counted out the money, he threw a handful of dust in her eyes, grabbed the cash and made off. In two hours he was behind the bars.

Robert Courtney, surveyor, was treated to an involuntary bath in the harbor last Thursday. He was tired when he was fished out but kept on with his business just as if nothing had happened.

A man who was arrested for debt on Charlotte street last Thursday was a tough customer, but he "got there" in the end.

A large quantity of furniture was stolen from a Bay Shore cottage a few days ago while the occupants were temporarily absent. It was carried off on wagons.

By the falling of a staging at the I. C. R. elevator last Friday afternoon, Herbert Harris, formerly of Truro, was instantly killed and John McEachern is thought to have been fatally injured.

EDWARD EDWARDS, St. John, Sept. 2.

Diamond Dyes Far Ahead of All Others.

Practical Experience Has Demonstrated That They Are the Easiest to Use.

It is the easiest matter in the world to dye with Diamond Dyes, as thousands of women know from practical experience. By using these simple home dyes one can make old clothing look like new and save a great many dollars in the course of a year. Do not accept imitations of the original Diamond Dyes from any dealer, no matter how strongly he may recommend them, for while he makes a larger profit on them they do not dye as much goods, nor do they equal the Diamond Dyes in fastness of colors.

When poor dyes are used, both your money and labor are thrown away and the goods spoiled forever. Use the Diamond Dyes only and get the best possible results. All reliable dealers can supply you with the Diamond Dyes.

HAPPY MEN AND WOMEN.

Paine's Celery Compound Has Given Them New Health and Long Years of Life.

THOUSANDS MADE WELL DURING THE SUMMER MONTHS.

How to Be Strong and Happy in the Autumn Season.

Happy indeed are the men and women who, during the summer months, have taken advantage of the disease-banishing and life-giving virtues of Paine's Celery Compound. Dangerous ailments and wasting diseases have been overcome and banished, and they enter the autumn months full of life and vigor, with long and happy years before them.

If you are unfortunately numbered with those who are tired, worn out, nervous, dyspeptic, rheumatic, neuralgic, or your life made miserable by kidney disease, liver trouble or blood diseases, and have met with sad failures in the past under medical treatment and the use of wrong medicines, we would impress upon you the wisdom of trying Paine's Celery Compound, a medicine that cannot fail or disappoint you. It is the only remedy in the world that has the full and hearty approval of educated men and women—a remedy that has received the complete indorsement of the best physicians.

Fell to His Death.

A terrible accident occurred this afternoon shortly after two o'clock on the new I. C. R. elevator.

Two men fell from the top of the building, a distance of more than fifty feet, and one was instantly killed, having his brains dashed out on the solid flooring of the immense structure.

Four men, it seems, who were working on the inside of the elevator near the top undertook to raise their staging, a light structure. They were holding it in position with their hands, preparatory to making it secure, when some lumber fell from above and striking on the staging knocked it from their grasp. The blow, which was at one end of the staging, caused the two men at that end to lose their footing and they fell headlong down through a narrow opening not more than four feet wide, and intersected by a heavy beam.

The man who was killed struck on the top of his head on the heavy flooring timbers. He was a frightful looking sight. His brains were scattered all over the flooring and the blood spurting, staining the wood work and flowing in a stream down on the underpinning. Apparently he was not injured about the body. After some time had elapsed he was identified as Herbert Harris, aged 27, hailing from Truro, N. S. He and his wife boarded at 97 Britain street. His body was taken to Mr. Chamberlain's undertaking premises.

Harris's companion was John McEachern, a Chipman, Queens county, youth, a son of Mr. Donald McEachern, blacksmith. He escaped without external injury, but at 3 o'clock the doctors were unable to say whether or not he had been injured internally. McEachern told the Globe that he was feeling first rate. He did not know just what had happened.

Dr. D. E. Berryman had him sent to his home in Cosman's boarding house, Mill street, in the ambulance, and enjoin-

ed on him the necessity of keeping perfectly quiet until a critical examination could be made. It is presumed that he struck against the cross-beam while falling and that his fall was broken thereby.

The two men who worked at the opposite end of the staging were Messrs. Alex. Duplissis and Walter Downing. Their story of the accident is substantially that given above.

The staging in its fall struck against the cross-beam and lodged about twenty feet from the floor.

This terrible disaster is the first that has occurred in the building of the elevator and it seems to have completely unnerved the workmen. Engineer Jamieson feels very badly over the accident, and did all in his power to make comfortable the injured men.

Drs. Broderick and G. A. B. Addy were on hand soon after the dreadful occurrence, but their services were not needed.—Globe.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and \$1.00, at any Drug Store; every bottle guaranteed.

Important to Farmers.

Professor Robertson, Commissioner of Agriculture and Dairying, left Ottawa on August 30th for the Maritime Provinces in connection with the establishment of chicken fattening stations, and also to arrange for the establishment of creameries in some parts of Nova Scotia, where co-operative dairy work has not yet been introduced or been successful. The provincial government of Nova Scotia has made provision for granting a sum of about twelve hundred dollars to each county where a successful creamery or cheese factory is not yet in operation. The Dominion Department of Agriculture will undertake to run these creameries for a few years on a plan similar to that which was followed in Prince Edward Island and which has been eminently successful and satisfactory there.

Meetings will be held by the Commissioner at the following places: Caledonia Corner, Shelburne and Queens counties, on Saturday, September 9th; Baddeck, Victoria County, Cape Breton, on Wednesday, September 13th; Mabou, Inverness county, Cape Breton, on Friday, September 15th; Grand River, Richmond county, Cape Breton on Tuesday, September 19th; Enon, Cape Breton county, Cape Breton, on Wednesday, September 20th; Boylston, Guysborough county, N. S., on Saturday, September 23rd; Antigonish, Antigonish county, N. S., on Tuesday, September 26th.

Brewer Suspended.

FREDERICTON, Aug. 30.—The committee appointed to investigate the charge of drunkenness, preferred against Rev. W. W. Brewer, Methodist minister at Marysville, met yesterday. Rev. G. M. Campbell, the chairman of the district and president of conference, presided.

The accused, after hearing the charge, acknowledged the offence, and was suspended from the office of the ministry until the ensuing annual conference of N. B. and P. E. I., when the whole matter will be investigated and finally disposed of.

The Keeping Up of Quality.

The Keeping Down of Price.

This is our one and only business aim and business method. Customers are realizing more and more the advantage of trading with a firm which says what it means, and proves what it says. When we offer goods lower than others, the goods never suffer in quality, but it is because we are willing to sacrifice a little cash for the sake of your company, on that we can afford to make the reduction on account of some special purchase on our part.

LOOK! READ!! COMPARE!!!

Dress Goods We can suit you with almost anything you want in this line. We are showing some very special values in Black and Colored Dress Goods for the Spring and Summer in all the most fashionable goods.

Prints Now this is where you have a chance at an Extra Bargain in New Prints. Canadian Prints - 5c. per yard, regular 8c. quality. Wide English Prints - 8c. a yd. regular 12c. quality.

SPECIAL VALUES IN WHITE COTTON, TICKINGS, TABLE DAMASKS, GREY COTTONS, SHEETINGS, TOWELS, ETC., ETC.

We would be glad to have you look through our stock when you are in the City.

11 CHARLOTTE STREET, - - ST. JOHN, N. B.

Few Men Original.

Did you ever notice how few people are original in things they say and do? For instance, one man makes a fortune out of a simple thing; immediately hundreds of others try it. This is human nature. While it is gratifying to be the "first man" to bring out an idea, the great mass must be content to follow their leaders. There is one line that is always original, however, and that is the business of Bradley-Garratson Co., Limited, of Brantford, Ont., because they continually bring out publications, to suit the times and seasons, thus their agents as kept steadily at it to make big money. In fact, no other occupation is more honorable, healthful, lucrative, or offers half as many opportunities for promotion. It is a life school. Many men and women in Canada to-day, testify to the truthfulness of his claim, in fact, it is conceded on all hands, that one year's experience with this Firm is worth more to any young man or woman, than two or three years at College, from an educational point of view, and financially, it is all that can be desired.

Agents:—Did you ever think of handling our latest work "The Light of Life"? If not now is a good time to start. \$3.00 a day sure; some make twice that. Experience or capital unnecessary. BRADLEY-GARRATSON CO., Limited, BRANTFORD, ONT. DIED.

DEVEBER—At Elmhurst, Long Island, New York, on Aug 21st, James W. DeVeber, formerly of Gagetown, N. B., aged 78 years.

BISHOP—At Bangor, Me., Aug. 28th, of typhoid fever, Charles L., second son of Jas. Bishop, aged 26 years. Besides his parents, four brothers and four sisters remain to mourn his departure. The remains were brought to Chipman for interment.
