Woman's Influence

Has Made Paine's Celery Compound

The Great Home Medicine.

As a Spring Remedy It Meets

the Wants of Women in Every

Sphere of Life.

When weakly, sick and broken down women are seen to gain health and vigor from day to day from the use of Paine's Celery Compound, no room for doubt is left to the most sceptical individual.

Medical science devised Paine's Celery Compound, a medicine uniformly successful in banishing the troubles that afflict the great majority of women, and honest physicians are always pleased to recommend it.

It is a well known fact that all the women who have recovered health and strength by means of Paine's Celery Compound were induced to use it through the influence and persuasion of other women—sisters, mothers or friends.

In the spring time, when women are weak, overworked, nervous, have tired feelings, dyspepsia, backache, sideache, headache, neuralgia, blood troubles or any of the many nameless ills from which they suffer in silence, Paine's Celery Compound will quickly banish all dangers and sufferings; it will impart that strength, health and vivacity that make women womanly and admired.

Paine's Celery Compound is at present carrying on this joyous transformation work all over Canada, and women, young and old, of all ranks and conditions, bless the memory of Dr. Phelps who conferred such a blessing on his sex.

Dear women of our country, why continue in misery and suffering when such a friend as Paine's Celery Compound is within such easy reach, and ready to do for you all you so much desire?

Do not be deceived by any of the many nervous, bitters, sarsaparillas or advertised pills; they cannot bestow that pearl of great price—good health. Paine's Celery Compound has given new life to your friends; it will not fail in your particular hour of need. Bear in mind that Paine's Celery Compound makes sick people well.
