Dominion Christian Endeavor Con

vention.

The first Dominion Christain Endeavor Convention will be held in Montreal, beginning Thursday evening, Oct, 5th, and closing Monday night, Oct 9th, 1899. The meetings will be held in the elegant and commodious St. James Methodist church, St. Catherine street.

A strong and enthusiastic local committee is making great preparations for this event and looking for a large rum ber of delegates from all parts of the Dominion-especially Ontagio, "Quebec and the Maritime Provinces. The Secretary for Montreal '99 Committee is Mr. Guy Tombs, care of G. T. R. Board of Trade Building, of whom enquiry should be made for any information not found in the newspapers.

Single first-class fare for the round trip, from all stations in Canada, is the rate granted to delegates by all the railway companies. For further particulars, write to Mr. C. J. Atkinson, Secretary Canadian Council of C. E., 26 Langley ave., Toronto.

Accommodation in the homes of citizens or in boarding houses, during the convention, can be secured at the uniform rate of fifty cents per night for lodging and twenty-five cents each for meals, by applying at once to the chairman of the Hotel Committee, Mr. J. H. Cayford, 297 St. James St., Montreal. Hotel accommodation may be had by those who prefer it, in good, respectable places, at from \$1.50 to 3.50 per day.

The programme, which is arranged by the Canadian Council of Christian Endeavor, is very inviting and promises to be full of interest and profit to all who attend and very practical and helpful to C. E. workers. Various topics under the heads of Christian Citizenship, Missions, Bible Study, Junior Work, &c., will be done, but the despicable wretch pulled discussed. Speakers are expected from the string twice more, the final wrench each province and at least two from the United States, namely, Rev. J. Wilber off at the joint. There are marks on the Chapman, D. D., of New York City, and Mr. J. Willis Baer, Secretary of the United Society of Christian Endeavor, of Boston. Both of these gentlemen are distinguished leaders in the C. E. movement, able and eloquent, and very much beloved by Endeavorers. The former new street. The boy was cared for by will conduct a "Quiet Hour" at the opening session on Thursday, Friday and Saturday. Much prominence will be given to Junior Christian Endeavor. On Saturday there will be a Junior Workers' breakfast and a grand Junior rally; at the latter meeting there will be a display of physician had to cut off a small portion young Canadian patriotism in connection with the children's exercises which are erly dress it, The boy stood his sufferbeing prepared.

# Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered urtold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvellous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis, and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Sold at any Drug Store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

# Killed By a Train.

Parrsboro, N. S., Sept. 5.—William Booth, aged fifty-five, a miner from Springhil', fell from the picnic train near Lakelands last night and was killed by the train running over him.

It is unfortunate that no one appears to have taken sufficient notice of the three men as to be of material assistance to the police in running them down. The best that could be learned was that they were apparently seamen, wearing sailors' caps. Some say they were under the influence of liquor. One was shorter than his companions, and it is said he it was who pulled the string. ' It is hoped they will be discovered--Telegraph.

# Brave Men Fail

Victims to stomach, liver and kidney troubles as well as women, and all fee the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at any Drug Store. Every bottle guaranteed.

KANSAS CITY, Mo., Sept. 4.-A petition has been filed in the Circuit Court for a pro forma decree of incorporation of the American Equel Wage Union. The headquarters are in Kansas City and it is expected the other lodges will be formed all or the United States. One of the organizers said today: "The object of the organization is to do away with men labor as market possible. In all continents of on merce and industry generally, women have to do a certain extent taken the place of men in some occupations. # St. John Exhibition.

The St. John exhibition is now on, and in the general display as well as special features surpasses all its predecessors. Every inch of space in the industrial and agricultural building is taken up. All the space for live stock is taken up and new quarters for the entire sheep exhibit had to be provided. The poultry show is larger than last year.

A special feature is the C. P. R. exhibit of grains, grasses and other products along its line, occupying 2,000 feet of space. The Nappan experimental farm makes a fine exhibit, of trout and other fish from lakes and streams, and a complete list of New Brunswick reptiles and amphibians. These are in tanks and cages, all alive, and are publicly fed twice a day. It is a great drawing card.

Everybody in the provinces who possibly can will want to see Sanborn's famous string of fifteen horses, including the French coaching stallions that carried off the honors at Madison Square Garden and the Boston horse show. In the group are some half hreeds, showing the splendid characteristics imparted by French coaching stallions to stock raised from the ordinary mares of the country. The stallions are shown on the long rein with mounted groom, and the others in various fancy hitches on the green every bay before the grand stand. Mr. Sanborn brought a carload of carriages, etc., for parade purposes.

The live stock exhibit includes Senator Cochrane's famous Shorthorn herd. R. H. Pope of Compton, P. Q., has horses, cattle, sheep and swine; and Guy Carr of Compton, P. Q., the same, besides poultry. Nearly all the maritime breeders have space. There are 31 entries of live stock from P. E. I. C. W. Holmes of Amherst, besides shorthorn and other stock, shows a herd of 100 swine. There are more birds than last year in the poultry building, where much better facilites for exhibiting them have been provided.
