Most Valuable Discovery by Prominent Halitax Traveller.

But Rockingham People Have Known it for Several Years-Dood's Kidney Pills a Perfect Mine of Health-They Cure all Kidney Diseases.

ROCKINGHAM, N. S., May 1.—(By telelegraph.) The rich mine recently discovered by the oldest traveller in Nova Scotia, Mr. J. H. Ireland, of Halifax, is said to have been known to the citizens of this town five years ago An old resident states that he drew a new lease of life from the mine, at least four years ago. Others have made similar claims. Mr. Ireland says he cares not how

many people use the mine. He has named it the good health mine, and say that this is the most suitable title for it, as Good Health is enjoyed by all who use its output-Dodd's Kidney Pills.

There is no doubt about the genuineness of Mr. Ireland's cure. All his friends-and he has Lundreds of them-have remarked Agent for Pelee Island Wine, Teas, &c the improvement, and congratulated him upon it. To each inquiry he has replied that Dodd's Kidney Pills cured him in a few days.

The reputation enjoyed by Dodd's Kidney Pills in this section of Nova Scotia, is indeed a proud one. It is safe to say that they are used in every household And in every case in which they have been tried a complete and lasting cure has followed. A large number of cures of Bright's Disease, Diabetes and Dropsy have been cured by them here, and the cases of Rheumatism, Lumbago, Lame Back, Sciatica, Gravel, Stone in the Bladder, Blood Impurities, Diseases of Women and all Urinary Diseases, that have been cured by them, are simply uncountable.

Dodd's Kidney Pills are sold by all druggists, at fifty cents a box, six boxes \$2.50, or will be sent, on receipt of price, by The Dodds Medicine Co., Limited, Toronto, Ont.

> OAKHAM, Queens Co. April 28th 1899.

TO EDITOR QUEENS COUNTY GAZETTE. Dear Sir: Kindly allow me space in your paper to call attention to a matter which has been very forcibly brought to mind by a letter in your issue of the 19th inst., from your Salmondale correspond- ing. ent, which was devoted to the purpose of "showing up the characteristics of your

noted Oakham correspondent."

Not long since I received intimation that certain kindly disposed individuals were good enough to assert that the slanderous notes from Oakham were written by me; and the prevailing public opinion is, that I am the person whose "characbut, if so, your correspondent is laboring may soon recover. under a great mistake.

During my short stay in Oakham I have never devoted my spare time to the purpose of writing slanderous reports concerning its people. If they will pause 113 Princess Street, to consider they will probably understand that their "extensive lumber operations, magnificent teams, roomy sleighs," etc., hardly interest me to the extent which would lead me to write any exaggerations concerning them; and if those with mali cious intent would find the right person before throwing out so many insinuations it would probably be as well.

> those who have made me the subject of so many ill-natured remarks, that any one in this, or the surrounding districts, who says I wrote any article, scandalizing their character; or casting unpleasant reflections on their valuable property, is guilty of an impertinent falsehood.

Respectfully yours, IDA M. MARR.

To Editor Queens County Gazette. In the GAZETTE of April 12th, there appeared an article written by one Geo. A. Wilson, D. T., concerning an item which was published in the GAZETTE of

(I O. G. T.) held in the Public Hall at Cody's. Mr. Wilson starts out with the refine language such as "falsehood," "manliness," etc., etc. In the next paragraph we are informed that all the speakers regretted the stand the Dominion Government had taken on the prohibition question. Mr. Wilson tells the readers of the GAZETTE that all the speakers in the afternoon regret, grieves over, was sorry for, looked back with sorrowful longings, repent, bewail. We are informed that in no way did Mr. Pearce justify the Dominion Government for refusing to grant a prohibitory law, with the small vote that was taken at the plebiscite. How did Mr. Pearce grieve, and look back with sorrowful longings, repent, bewail? Why was all this sorrow wasted? when he (Pearce) knew the utter impossibility of enforcing a prohibitory law. If Mr. Wilson's version is correct he (Pearce) is playing a double part. First he laments because the Dominion refused to grant a prohibitory law and with the next breath he uses the argument that is used by the rum seller and rum drinker to justify the action of masty blood disease, Paine's Celery Comthe Dominion Government on the temperance question. Now Wilson you owe Pearce a public apology for misrepresenting him, for surely Pearce is not the man to first lament the action of the government, and then to use the argument of the rumseller to justify the action of the Government. We all know the vote that was taken on the plebiscite was not small one, but in the English speaking provinces was a large one considering the circumstances under which the vote was taken. Pearco is made to say he was in hopes that the Government would give all the provinces a prohibitory law ex cept Quebec. If Pearce made that statement he surely was not sincere for he Pearce) knew that the law referred to was not a Provicial but a Dominion one. Mr. Pearce is too correct a man to place

himself in such a false position. The statement made by the correspondent in reference to what he calls the socalled Christian teachings, in my opinion, he cannot substantiate in any way. In the article referred to the question was asked, "How many sermons were preached in Queens before the eighteenth of February warning the people of the sin

of bribery on Election Days?" Mr. Wilson fails to answer the question asked, but, with a style peculiar to himself imagines that a question is

Narrows correspondent had any reference to him. For he is not regarded as being a sky pilot, but is simply known as a news carrier from Gagetown to the Narrows; and possibly he had better bend his energy to his local business and not meddle any more in public matters.

## Health Should Be Banished This Month.

Faine's Celery Compound Is the World's Great Health Restoring Agent.

It matters not whether your trouble be rheumatism, neuralgia, kidney disease, dyspepsia, nervous prostration or some pound possesses virtues sufficient to meet your case and overcome your sufferings.

Diseases of any kind that have manifested themselves in the winter, and have fastened their deadly grip in the spring months, are terribly perilous to life, if allowed to run into the heat of summer. This is the time to grapple with disease, and Paine's Celery Compound is the only sure friend and helper of the sick.

The work of disease banishing and health restoring already accomplished this spring in Canada by Paine's Celery Compound is marvellous and astonishing, judging by the many letters received from cured people, supported by the endorsation of leading druggists and merchants to whom the cured people are known.

Paine's Celery Compound is the only medicine that can honestly claim public recognition. Its work is never failing and sure. It first cleanses the blood, causing the life stream to flow pure in every artery and vein of the body. It quickly restores lost strength; it gives perfect digestive vigor, sweet sleep and lasting health.

Tornado's Violence.

More than a dozen of the injured will die. Although rescuers have been searching the ruins ever since the storm spent its fury, many are still missing, and it is thought that a considerable number of the unfortunates were consumed in the flames that broke out soon after the storm had ceased. The work of rescue continues, but it may be days before the

The tornado cut a clean path one mile long and six hundred feet wide through the residence section. leaving death and destruction in its wake. Buildings were demolished or twisted apart and scattered to the four winds. A conservative estimate places the aggregate amount of damage at \$200,000.
