The Stmr. Hampstead arrived at Hampstead on Friday. There was a large run of ice every day last week and it thought that the main body of the ice has passed this place. A number of tugs went up to Fredericton from St. John on Sunday and Monday. It is expected that the Stmr. May Queen will arrive here to-day (Wednesday) if the running ice does not interfere. The river boats no doubt will go on their regular route the latter part of this week.

> RECENT DEATHS. - Mrs. Hudson, wife of Jabez Hudson, died at her home at Upper Maugerville Tuesday morning from the effects of child birth. She was daughter of J. Kelly of Fredericton, and leaves a husband and four small children. Mr. Hudson, who is at present in New Hampshire, is a son of Judah Hudson, whose sudden death at Rusiagornish is also reported in this paper. The Fredwhom she was a great favorite, will regret to learn of her sad death. Mr. J. Hodgson arrived home at noon Thursday, from New Hampshire, to attend the funeral of his wife and infant child. The funeral took place at 2.30 that afternoon and was largely attended.

Judah Hudson, a well known resident dead. of Rusiagornish, died at that place Monday from heart failure, aged 66 years. A family of five sons and four daughters survive him.

SAD ACCIDENT. - Oue of the saddest accidents that has happened in Cambridge for a number of years took place on Saturday afternoon at three o'clock, in which Mrs. Gilbert Thorne lost her life. It seems that Mrs. Thorne was cleaning the rubbish that had collected near the door during the winter and had started a fire to burn the same. The grass in the immediate vicinity being quite dry became ignited and spread for a considerable diftance. Mrs. Thorne in company with Mr. Arthur and Wilmot Perry started to put the fire out. In some manner Mrs. Thorne's clothes became ignited and in a few minutes she was a mass of flames. The two men ran to her assistance but men write about their successes an before the fire could be extinguished she was terribly burned about the body. The bride received the following handsome and useful prèsents: a wicker rocker, Mr. and Mr. G. Emery; toilet set of mats and a quilt, Miss Ethel Emery; picture easel and cushion, Mr. and Mrs. H. > SAILED TO ST. JOHN. - The steamer Martello, which has during the winter been rebuilt, started on Monday to sail for St. John. Capt. Brilges rigged a city, at which place her engine is undergoing repairs. The Martello will be a first class steamer this year. She is about 25 feet longer than she was and over twenty inches higher. Mr. James Reece, of n.en did the repairing on her. She has a very small part of the old hull and her accomodations for the crew greatly enlarged and improved. When the Martello has her engine on board and her re pairs finished she will be second to none on the river.

> THIS SHOULD NOT BE. - Mr. Wilson went to Cody's on Saturday and telephoned to a party in St. John concerning the death of Mrs. Thorne, and paid for a reply but could not get one. On Sunday he had to come all the way to Gagetown to telephone to the same party, who in formed him the message from Cody's had not been received. This should be look ed after as a system of that kind is of very little service in any place. The urgency of this case should have made the operators even more prompt than they would be with ordinary messages. Those managing the telephone should see that a better service was given the people.
