Cured of Epilepsy.

THE STORY OF A ST. CATHERINES LADY WHO IS RESTORED TO HEALTH.

She Suffered Severely, Sometimes Having as Many as Four Spasms in a Week—Several Doctors Consulted Without Benefit.

From the Star, St. Catherines.

Mrs. S. B. Wright, of St. Catherines, has for a number of years been a severe sufferer from epilepsy, from which dread disease she is now happily free. To a reporter who recently called upon her to ascertain the manner of her cure, she said:—“It is to Dr. Williams' Pink Pills I owe my release. It is some years since I had my first attack. At the time I did not know what the trouble was, but the doctor who was called in to attend me at once said it was epilepsy, and that the disease was incurable. After this I had the spasms as often as two, three or four times a week. I had no premonitory symptoms, but would fall no matter where I was. I always slept heavily after an attack. Finding that the local treatment was not helping me my husband took me to a doctor in Hamilton. He also said that he could not cure me, but that he could give me medicine that would prolong the period between the spasms. This he accomplished but I longed for a cure rather than a relief, and I finally consulted a specialist, who told me that he could cure me, but that I must have patience. I asked him how long he thought it would require to effect a cure, and he replied at least six months. He gave me medicine and I took it faithfully, but instead of getting better I was surely growing worse. After following this treatment for several months without avail, I felt that I could not hope for a cure and was about resigning myself to my fate. My sister, however, urged me to give Dr. Williams' Pink Pills for Pale People a trial and reluctantly I decided to take her advice. For a time after beginning to use the pills I continued to have the spasms, but I felt that gradually they were less severe and my strength to bear them greater, and I persisted in the treatment until the time came when the spasms ceased and I was as well and strong as ever I had been. I took in all twelve or fourteen boxes of Dr. Williams' Pink Pills, and although several years have elapsed since I discontinued their use, I have not in that time had any return of the malady, I owe this happy release to Dr. Williams' Pink Pills and will always have a good word to say for them.

The experience of years has proved that there is absolutely no disease due to a vitiated condition of the blood or shattered nerves, that Dr. Williams' Pink Pills will not promptly cure, and those who are suffering from such troubles would avoid much misery and save money by promptly resorting to this treatment. Get the genuine Pink Pills every time and do not be persuaded to take an imitation or some other remedy from a dealer, who for the sake of the extra profit to himself, may say is “just as good.” Dr. Williams' Pink Pills cure when other medicines fail.

The Elopers Arrested. MONCTON, July 20.—John McDonald, who eloped from Irishtown with Mr. A. White's daughter, was arrested at New Glasgow, Tuesday, and brought to Moncton Wednesday, along with his girl. He was brought before the court this morning and remanded until this afternoon. The girl, so McDonald asserts, claims that she is eighteen years old, but her parents state she is not sixteen. McDonald says he eloped with the intention of marrying the girl, but could not find anyone to marry them. Mr. White is resolved to press the case. D. I. Welch is prosecuting, and D. Grant defending.

Young Woman Hanged. LONDON, July 19.—Despite strenuous efforts to secure a reprieve, including an appeal to the Queen, Mary Ann Ansell, who was convicted of murdering her sister, an inmate of an insane asylum, by sending her poisoned cake, was hanged to-day at St. Albans.

The crime for which the girl was executed was committed for the purpose of securing the payment of life insurance money, the murderess having obtained a policy upon the life of her sister, giving a false description.

Prohibition in Manitoba. WINNIPEG, July 19.—In the Legislature on Tuesday Premier Greenway said it was not the intention of the government to introduce this session any measure prohibiting the sale of intoxicating liquors. He said the measure would be introduced at the first session of the Legislature.

Bob Ingersoll Dead. NEW YORK, July 21.—Bob J. Ingersoll died of apoplexy at his home, Dobbs Ferry, N. Y., this afternoon.

Big Blaze at Halifax.

The Standard Oil Company's steamer, Maverick, that put into Halifax Saturday, from New York, with five hundred thousand gallons of oil in her ten tanks, and with two thousand casks of oil, was burned last night. The fire broke out at 4.30 o'clock, and was caused by a burst in her pumping pipe. In five minutes the ship was in flames, an hour later one of the tanks exploded with terrific force. The ship was cut away from her wharf to save the tanks and warehouses on land. She drifted with the tide two hundred yards from the shore, a solid mass of flame. Then the Maverick touched bottom and went over on her beam ends. The oil poured out on the surface of the harbor which became a sea of fire.

Minor explosions followed, the masts fell and the flames rose skywards from 500,000 gallons of kerosene on fire. The conflagration had been caused by the bursting of the pumping pipe between decks. The oil from this deluged the room, coming in contact with the steamer's furnaces. Michael Michaelson, who was in the fire at the time, was badly burned and was removed to the hospital. The Maverick was valued at \$200,000, and was insured. Her cargo was worth \$30,000. One-third of the cargo had been pumped out when the burst occurred.

Appalling Catastrophe

VICTORIA, B. C., July 18.—Particulars of an appalling catastrophe, which occurred at Toyokuni coal mine at Kyushu, Japan, on the morning of June 15th have just reached here. Two hundred men and women were at work in the coal mine when the explosion of coal gas took place. People living in the region rushed to the mine and a party of them essayed to go into the pit from a side entrance, but were driven back by the suffocating gas which filled it. Prompt steps were taken to ventilate the gas laden pit, but it was some time before it was effected.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or liver trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at any Drug Store.

Severe Fight in Philippines.

MANILA, July 21.—News has been received here from General Smith, at Iloilo, Island of Panay, of a severe fight on Wednesday at Bobong between Capt. Byrne, of the 16th infantry, with seventy men, and a force of 450 Baboyones, who surprised the American troops. One hundred and thirteen of the enemy were killed, as is shown by actual count, many were wounded, and one was taken prisoner. The fighting was mostly at close quarters with bayonets and clubbed guns. A considerable stock of supplies and arms have been captured by Capt. Byrne, who is in command of the battalion operating at Lacarlota, in the district of Negros.

\$250,000 Fire in Brooklyn.

NEW YORK, July 19.—A fire destroyed more than a quarter of a million dollars worth of property on the Brooklyn water front to-night. It started in the eight story grain elevator facing excelsior stores on Atlantic basin, and which also extended through to Butternilk channel. The elevator was soon destroyed. The fire extended to buildings Nos 275 and 276 of the stores, which are constructed of brick and are six stories in height. These two buildings were gutted, and their contents, consisting of about 200,000 bushels of grain and valuable machinery, were destroyed. The stores and elevator were the property of the Brooklyn Wharf and Warehouse Company, and the grain belonged to various consignees. The loss is estimated at from \$250,000 to \$300,000.

Fatal Explosion.

LONDON, July 21.—By an explosion on board the torpedo boat destroyer Bullfinch, in the Solent, during her trial to-day, nine men were killed and four injured. It was the worst naval accident of this nature that has occurred in the British navy in twenty years. The victims were terribly injured, steam and boiling water filling the engine room. The Bullfinch is one of the latest designed thirty-knot torpedo-boat destroyers.

Whole Family Drowned.

TECAMAH, Neb., July 19.—Word was received here to-day of the drowning, owing to a cloud burst, in North Western Iowa, near the Minnesota line, Monday night, of A. W. Blades, his wife and eight children, while en route to Minnesota in an emigrant wagon.

SHE WAS SAVED!

Paine's Celery Compound

Restores an Ontario Lady to Perfect Health After Years of Failures with Other Medicines.

No Other Remedy Can so Effectually Meet the Needs of Debilitated, Weak and Nervous Women.

One of the grandest and noblest of medical triumphs ever given to suffering women is Paine's Celery Compound, a medicine that has saved thousands of daughters, wives and mothers of our Dominion.

In cases of debility, weakness, nervousness, irregularities, lack of nerve force, impoverished or impure blood, constipation and stomach troubles, Paine's Celery Compound is the only reliable, true and certain agent for the banishment of disease and the establishment of permanent health.

Mrs. Hopper, of Thornhill, Ont., one of the many thousands of women who sing the praises of Paine's Celery Compound as a blessing to women, says:—“With very great pleasure and satisfaction I wish to add my testimony to what has already been said in favor of Paine's Celery Compound. For a very long time I suffered from general debility, nervousness and run down system. Having heard of Paine's Celery Compound I determined to give it a trial, and I am happy to say it has done for me more good than I can express. For ten years I doctored with other medicines without any good results; but after using Paine's Celery Compound I am perfectly restored to health, can eat well, digestion is good, and my sleep is sweet and sound. Altogether, I am a new woman. I always recommend Paine's Celery Compound to my friends.”

All Eyes on the Cape.

PETORIA, July 17.—Mr. Chamberlain, the British Colonial Secretary, recently asked for a copy of the new Boer Franchise bill, and an explanation of certain of the clauses. He also suggested that the debate on the measures in the Volksraad be postponed until he had studied the bill. President Kruger has cabled to him that the debate is already proceeding and could not be stopped, but friendly suggestions would be received. This is regarded as disapproving Mr. Chamberlain's alleged bellicose attitude, but it is impossible for him to make suggestions pending the receipt of a mailed copy of the bill, as he has admitted in the House of Commons that he did not comprehend its provisions.

LONDON, June 17.—The House of Commons is becoming daily more divided over the Transvaal question. Yesterday the feeling ran high during the question time, when the usual demand for information about troops and special officers going out to the Cape was made by Labouchere and Dillon. At last Arnold Foster asked whether the Under-Secretary of War intended answering all these questions regarding the movements of the troops, which were evidently put in the interest of the Queen's enemies. The Government cheers caused a tremendous uproar among the Irish members, and cries of “Who are these enemies?” It was some time before order was restored, and then the question remained unanswered.

Although the attitude of Labouchere and Dillon is hardly patriotic, the Government policy is obviously to make the movement of troops as public as possible, since the only hope of averting war depends on convincing the Boer's of the Government's serious intentions.

Mr. Chamberlain stated that the estimate of the Uitlanders in the Transvaal today is 200,000. Of these, judging from the proportion in 1894, 150,000 are British subjects. In the gold fields English is theoretically allowed as a medium in instructing the children of Uitlanders, but more Dutch is being used daily, until practical Dutch is becoming the only medium. The Uitlanders were forced to subscribe \$100,000 to get an English education in the schools for children. Small changes have been made in the Customs tariff, but the high taxes on food and other necessities are virtually unaltered. The full despatches from the Bloemfontein conference will be published immediately.

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cts at any Drug Store.
