Local Happenings.

Items of Local Interest Carefully Prepared by the Gazette's "Man About Town."

ON WHEELS.—The daily mails are now arriving on wheels. Wheels are in general use around here now.

DONATION.—The donation for Rev. L. J. Wasson, at Young's Cove and other places on the circuit, amounted to over \$25.00.

MEASLES.—There are some severe cases of measles in Gagetown at present, and the schools were closed on Monday in consequence of same.

PURCHASED A TROTTER.—Mr. Charles Logue has purchased from Mr. Fraser Fox a young Wilkes colt which promises to be a fast trotter.

METHODIST CHURCH SUNDAY APPOINTMENTS.—Rev. I. N. Parker, pastor. Services will be held at Burton, Pine Grove, at 10.30 a. m.; Shirley at 2.30 p. m.; Oromocto Village at 7 o'clock p. m.

EAT WELL AND SLEEP WELL, but don't use drugs to make you sleep. The Baird Company's Wine of Tar, Honey and Wild Cherry is free from all injurious drugs. It is the "perfection Cough and Throat Remedy."

DIED OF SMALLPOX.—A despatch from Campbellton dated March 26, contains the information that a man named King died of smallpox, at that town, on the day the despatch was sent.

Geo. S. deForest & Sons' Union Blend appears to be the only Tea in general demand throughout the Maritime Provinces. A case without a parallel in the annals of the Tea Trade. It does all and is all that is claimed for it.

THE ICE.—The ice on the Creek was safe for travelling all the past week but is now generally considered to be getting unsafe. The travelling on the river is about done for this year.

FINISHED SAWING.—The portable mill of Mr. D. Palmer, which has been sawing scow lumber here for the past few weeks, finished sawing on Saturday last. The mill will be removed from here to Dunn's Corner, Petersville.

Dr. H. J. PUGSLEY, V. S., the skillful young operator will make a tour through the Counties of Sunbury and Queens beginning May 7th. This young man is unexcelled as a castrator and will be pleased to accommodate the public in any line of the Veterinary Profession.

CHEAP NEWSPAPERS.—We have made arrangements with the publishers of the Montreal Daily Star so that we can offer that excellent Daily and the QUEENS COUNTY GAZETTE for the remarkable small sum of \$1.75. The regular price of the Montreal Daily Star is \$3.00 per year. The offer is also open to old subscribers paying in advance.

AGED LADY'S DEATH.—The death is announced today of Mrs. Charlotte P. Atherton, at the ripe age of 89 years. The deceased lady's maiden name was Dennison and she was a native of Maugerville. Her children who survive are Dr. Atherton and Mrs. Geo. A. Cliff both of this city.—Fredericton Herald, Thursday.

A GRAND MOVEMENT.—Robert Choate, of Boston, an American, wrote the Montreal Star, enclosing twenty small subscriptions of his friends, and suggesting a popular patriotic fund to be started in Canada and the United States to gather in ten cent pieces, quarter dollars, etc., for the fifty thousand orphans and widows of British soldiers dead in Africa. The Star, in publishing this letter from Boston, suggested the starting of a Children's Testimonial to Queen Victoria, promoted by the boys and girls of Canada, accompanied by a special patriotic fund. It was proposed to engrave on parchment the name of ever giver to this fund of ten cents and upwards. The name of every boy or girl who collects ten subscriptions in the testimonial as a leader in the movement and the photograph, beautifully mounted, of every boy and every girl who collects five dollars or upwards is to accompany the gift and the testimonial. The latter of which will be in form suitable for placing amongst the tributes from her loyal subjects, placed in the room in Windsor Castle, where the public can obtain a view of them. The presentation of this great testimonial from the children of Canada, through Lord Minto, accompanied by the photos of the children who are raising it, will be a touching incident in her life, and it is an opportunity that will probably come only once in a life time to the children of Canada. Boys and girls wanting special blank subscription lists and particulars of the movement can obtain them by mailing a postal card to the Montreal Star. Photographers all over Canada are offering to photograph free to place in the Queen's testimonial the boys and girls of Canada who identify themselves successfully with the movement. Subscriptions by the thousands are pouring into the Star office.

LOST A HORSE.—Mr. Joseph Owens lost a very fine horse on Sunday, from a hurt it received in the stable.

CUT HIS FOOT.—Mr. Alfred Brooks, while hewing a stick of timber in Mr. R. F. Davis' ship yard on Monday received a severe cut. The axe slipped embedding itself in his instep. Two arteries were severed. The cut is a very deep one and will lay Mr. Brooks up for some time. Dr. Casswell rendered the necessary surgical aid.

THE PARK RESTAURANT.—The park restaurant will be managed this year by Mr. Hiram Belyea, of Greenwich, Queens county, who has secured the privilege, as well as the right to hire boats on the lake and to run a merry-go-round. Mr. Belyea hopes to make all the features attractive.—Globe.

PAINFUL ACCIDENT.—John Sypher, a well known resident of Sypher's Cove, Queens County, was the victim of a serious accident on Sunday last. It appears that while walking on the ice near the shore of the river, he slipped and fell, dislocating his hip and shattering his thigh bone. He was removed to his home and Dr. Earle of Young's Cove, was sent for, but owing to the dangerous condition of the river for travelling, it was nine o'clock on Monday morning before he arrived. Mr. Sypher suffered a great deal from his injuries, but at last accounts, under the doctor's skilful treatment, he was progressing favorably towards recovery.

THE RIVER.—On Sunday morning and afternoon there was a great run of river ice through the Falls, and most of the coves and docks were filled with it. Tuesday it also ran freely. If mild weather continues, the river may be open a little earlier than usual. A great deal of snow is reported from the headwaters, and the river is already high, so the Indian town residents are looking for a freshet as high as last year's. The owners of the tugs and river steam boats are hoping for a heavy warm rain to put the finishing touches to the ice in the river. A very slight rise of water will set it running, as it is very rotten and will break up easily. Some ice is coming down today, but it is only from the lower reaches, the upper body remaining intact.—Friday's Globe.

THE ST. JOHN RIVER.—Keswick, April 1.—The ice in the river is apparently as solid as at any time during the winter. Yesterday men were at work cutting it and today teams are crossing. Fredericton, April 1.—The ice here is apparently firm although teamsters are a little timid about venturing upon it. Evandale, April 1.—The ice is very unsafe. Westfield, April 1.—The river is open in the centre and the gap is rapidly widening. There is still ice in the coves and along the shore.

We advise you strongly to keep Keidrick's Liniment in the house.

British Consul Fatally Stabbed.

KINGSTON, Ja., March 23.—Advices received here today from Ciudad, Bolivar Venez., says that a fortnight ago James Lyall, the acting British consul there was fatally stabbed while leaving the consulate.

KINGSTON, Ja., March 23.—Despatches from Surinam, Dutch Guiana, received here to-day say the feeling of the Dutch there is strongly antagonistic to the British and that British subjects in prison have been so brutally treated that they recently revolted and shot one of the keepers. The British residents of Surinam are said to be suffering from the same grievances as complained of by the Outlanders of South Africa.

Washington Letter.

(From our regular correspondent.)

WASHINGTON, D. C., March 27, 1900.—It is rumored here that Lord Paunceforte will soon be raised to the rank of Viscount, as a further reward for his consenting to remain in service instead of retiring on his pension of \$8,000 a year, as he is entitled to do. If this is done, no one will congratulate His Lordship more warmly than his American friends. Lord Paunceforte appears to be the first envoy to this country who has succeeded not only in gaining the good will of Americans and Englishmen but also of Canadians who are said to be congratulating themselves on his continuance in office. This feat in itself is sufficient to stamp Lord Paunceforte as a diplomat of the first water, and it may be that his stay in Washington will be prolonged, not merely for a few months but more likely still for a few years, since after the conclusion of the war in South Africa, it will be more than ever necessary for England to have a man of his diplomatic caliber in the American National Capital, owing to the fact that the Canadians who have rendered the home government such valuable and gallant services in the South African trouble will be more than ever eager that their interests at Washington should be cared for.

It has been generally supposed that Lord Paunceforte was sent to this capital in the first place as the result of an intrigue against him. At that time the post was that of a Minister Plenipotentiary only and was not considered anything like equal to that of permanent head of the Foreign Office in London, then held by him. It is now positively stated, however, that it was Lord Paunceforte himself who appealed for the mission at Washington. It was shortly after the unfortunate Lord Sackville episode, and Lord Paunceforte was far-sighted enough to see the almost unrivaled opportunities that existed at Washington for restoring there the sadly damaged prestige of English diplomacy, and of rendering invaluable service to his country. Moreover he had always felt a particularly warm sympathy for America and Americans, and was convinced that he would feel at home in Washington.

The Senate has ratified the treaty between England and the United States relative to the estates of citizens of one country who die in the other. Article four was amended so as to provide for the extension of the provisions of the agreement to dependencies of the United States "only upon direction of the law making power of the United States," thus relieving the treaty of the criticism that it conferred too great power upon the President. As drafted the treaty conferred upon subjects of Great Britain in the United States and upon those of the United States in Great Britain "the same right in acquiring, possessing, or disposing of property" as is possessed by the citizens of the country itself. The words "acquiring" and "possessing" were stricken out.

The Post Office Department has given notice of the mail arrangements for Cape Nome, Alaska, during the coming season. Four round trips will be made from San Francisco, Cal., by ocean steamer sailing from that port about May 25, July 5, July 25, and August 15, 1900. Three round trips will be made from Seattle, Wash., the steamers sailing from that port about May 25, June 25, and July 25, 1900. For the same season of navigation postmasters will accept parcels, as well as letters, for registration for Nome, Alaska; for all post offices on the Yukon river in Alaska; for St. Michael, Alaska; and all offices north of St. Michael. Up to the sailing of the steamers registered letters only, and not parcels, will be conveyed to Alaska over a route from Skagway through Dawson and down the Yukon river.

R. E. L. Brown, the American mining engineer, whose claim of some \$5,000,000 against the Transvaal Government was set aside by President Kruger after being allowed by the courts, passed through this city on his way from Mexico recently. Speaking of the African war, he said:

"The tide seems to have at last turned in favor of the English, but it could not well be otherwise in the end, when the superior resources in wealth and men England had to draw on were taken into consideration. But Pretoria has yet to be taken and wicked fighting and enormous loss of life to the English soldiery lie between Lord Roberts and this wished for goal, and when he leads the guards into the capital of the Boer Republic, as he has promised, they, I think, will be a sadly diminished organization. Across the Vaal river the country becomes broken and mountainous, and will afford to the Boers innumerable natural fortresses from which to fight and of which I do not doubt they will take full advantage and render the price of the conquest heavy indeed."

Among the recent visitors to the Capitol was a party composed of Lady Minto, wife of the Earl of Minto, Governor-General of Canada; Mrs. Drummond, and Moreton Frewen and Arthur Guges, of the Governor-General's staff. Earlier in the day Lady Minto accompanied Senator Wolcott to the White House to call upon the President. The following pensions have been issued to residents of Canada. Original widows.—Catherine Dauphinee, Marriott's Cove, Nova Scotia, \$12 per month;

Charlotte E. Winn, Toronto, Ontario, \$8. E. G. Siggers, Patent Lawyer, Washington, D. C., U. S. A., reports the following patents granted by the United States Patent Office, March 20, 1900, to inventors residing in the Dominion of Canada. He will mail copy of specification and drawings of any patent for 10 cents. Postage stamps will not be accepted.

D. Brown, Vancouver, Electric light hanger; S. Clarke, Perth, Die for forging car-wheels; C. S. Dean, St. Erie, 2 patents: Steam-engine, Automatic feeder, for cleaners or scrapers for boiler tubes or flues; A. W. Grant, Montreal, Bottle; J. M. K. Latsen and F. W. Barpee, Vancouver, Fish-cutting machine; A. M. Lyon, New Westminster, Gold saving device.

Russian Aggression.

LONDON, March 29.—The Evening News publishes a despatch from Kobe, Japan, under today's date, announcing that Russia has demanded leave to land troops near Massanpo, Korea. Korea, the despatch says wants outside interference.

SEATTLE, March 29.—The government transport Garrone from Manila, Feb. 17, has arrived from quarantining, with news of an active preparation in military and naval departments of Japan for war with Russia.

The Russian fleet at Nagasaki has disregarded the harbor authorities and anchored where it pleased.

The war spirit is said by Captain Condred of the Garrone to be strong in Japan on account of the Czar's secret attempt to gain influence in Korea in violation of the treaty.

The Indian Famine.

CALCUTTA, March 28.—The Viceroy, Lord Curzon of Kedleston, addressing the council on the budget today, said that nearly five million persons were in receipt of regular relief and that the cost of the ensuing year was estimated at 255 lacs of rupees. The loss on revenue for the year had been 121 lacs of rupees. The government, he said, hoped during the forthcoming year to spend 100 lacs of rupees in irrigation, but he could see no change of cutting down the military estimate. "There are two duties of Indian statesmanship," said the Viceroy, "one is to make these millions happy and the other is to keep them safe. For the sake of the one we must not neglect the other."

Droppings in the Throat

A Symptom of Catarrh Permanently Cured by Dr. Chase's Catarrh Cure.

The hawking and spitting which the catarrh sufferer goes through in the morning to clear the throat of the droppings is a marked symptom of this distressing disease. In the early stages the discharge may be slight, but it becomes so thick and tough that considerable effort is required to expel it from the throat.

It is encouraging for the catarrh victim to know that he can be relieved of this distress and permanently cured of catarrh by using Dr. Chase's Catarrh Cure. Both acute and chronic catarrh are eradicated from the system by Dr. Chase's Catarrh Cure. It clears the choked up air passages, heals the ulcers, and quickly conquers disease.

Mr. Thomas Squirrel, 214 Bay Street, Ottawa, Ont., states: "I was afflicted with a very severe form of catarrh for nine years, and was so bad that the doctors gave me up to die of consumption. A careful, systematic use of Dr. Chase's Catarrh Cure brought about a complete change. I no longer have any hawking and spitting, and am perfectly cured. The doctors burnt out my throat three times for this disease." Dr. Chase's Catarrh Cure, 25 cents a box, blower free, at all dealers, or Edmansson, Bates & Co., Toronto.
