Heart Palpitation.

A QUEBEC LADY RELEASED FROM GREAT SUFFERING.

She Had Tried Many Medicines Without Avail, But Ultimately Found a Cure Through the Use of Dr. Williams' Pink Pills.

Few bodily afflictions are more terrible than disease of the heart. To live in constant dread and expectation of death, sudden and with last farewells unspoken, is for most people more awful to contemplate than the most serious lingering illness. The slightest excitement brings suffering and danger to such people.

For several years Mrs. Gravel, wife of P. H. A. Gravel, foreman in Barry's cigar factory, St. John's suburb, Quebec, was such a sufferer, but thanks to Dr. Williams' Pink Pills she is again in the enjoyment of good health. Mrs. Gravel says:—

"My general health was bad for several years, my appetite was poor, and I was easily tired, but it was the frequent sharp pains and violent palpitation of my heart which caused me the greatest alarm. I tried many medicines, and was treated by several doctors, but in vain. Finally I became so poorly that I was not able to do any household work, and was frequently confined to my bed. At the suggestion of one of my friends I decided to try Dr. Williams' Pink Pills. After taking a few boxes I began to gain new strength and vigor. The pains in my heart were less frequent and less severe, and in every way my health was improving. I continued using the pills until I had taken eight boxes, when I had completely recovered my health. I have gained in flesh; my appetite is good, and I am able to do all my household work without feeling the awful fatigue I was before subject to. I am very thankful to Dr. Williams' Pink Pills for they have truly released me from much suffering, and I hope that others may be induced to try this wonderful medicine."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

The Turk Not Disturbed.

CONSTANTINOPLE, May 6.—The United States legation is doing nothing in the indemnity matter, which, apparently, is now forming the subject of direct communication between the Yildiz Kiosk and the Turkish minister in Washington.
Rear Admiral Ahmed Pascha, whom an imperial trade, issued April 25, ordered to proceed to the United States to study the construction of warships, has not left Constantinople.

Twenty Americans Killed.

MANILA, May 2.—The American garrison of Catubig, Island of Samar, consisting of thirty men belonging to the 43rd regiment, has been attacked by rebels. Twenty of the Americans were killed. The remainder were rescued from annihilation.

Horrible Murder.
SOUTH BERWICK, Me., May 1.—Mrs. Fanny Spriggs, thirty years of age, a domestic in the family of Samuel Locke, at South Berwick Junction, was murdered in the barn on the premises this morning, and up to a late hour tonight the murderer had not been arrested. The unfortunate woman was the daughter of Thomas Abbott of South Berwick, and the badly mutilated condition of the body as found in the barn owned by Florence J. Knight, showed conclusively that the deed was committed about 10 o'clock this forenoon under conditions which indicate a premeditated murder of the most atrocious nature, and the attempt on the part of the murderer to burn the barn and conceal all evidence of his crime. The body, when found in a smouldering mass of excelsior, was entirely nude, with the exception of corsets and shoes, the remainder of the clothing having been eaten away by the flames, and the left arm of the woman was burned to a crisp. Mrs. Spriggs was probably dressed in her usual house apparel and wore a hat, and it is believed that when she left the house to go to the barn she was acquainted with the party who accompanied her. There is no evidence of a struggle in the barn, and it is generally supposed she was struck a terrific blow over the head and was afterwards dragged to a horse pen, where her throat was cut in three places; the body was covered with excelsior and then set on fire. The authorities learn that a man in Eliot, with whom the woman had lived previous to her coming here, and of whom she recently told her brother-in-law, Fremont, Littlefield that he was responsible for her delicate condition, had been out of town today. He returned to his home early this evening and local officers will visit him tomorrow morning to have him give an account of his whereabouts during the forenoon.

Thin, Watery Blood.

When the blood is thin and watery, the nerves are actually starved and nervous exhaustion and prostration soon follow. Feed the nerves with Dr. A. W. Chase's Nerve Food and you will impart to them the new life and vigor of perfect health. Face cut and fac-simile signature of Dr. A. W. Chase on every box of the genuine.

Steamer Wrecked.

ST. JOHN'S, Newfoundland, May 4.—The British steamer Montpelier of the Elder Dempster line of Liverpool, from Cardiff April 7th, and Los Palmas April 20th, for Montreal, while bound up the St. Lawrence went ashore last night in a dense fog at Duck Island, three miles from Cape Ray at the entrance to Cabot Strait. Nothing has been heard of the crew. The ship is probably a total loss.

One box will satisfy the most skeptical. 50 cents a box, sold by all dealers. Buy no other.

Appalling Disaster.

SALT LAKE, Utah, May 2.—Two hundred or more lives were lost in the explosion Mine No. 4, of the Pleasant Valley in Coal Co., yesterday at Schofield, Utah. One hundred and twenty seven bodies have already been recovered.
The work of rescuing is still proceeding, although there is no hope that any of the men who are unaccounted for escaped death.
The scene of disaster is just outside this place on the line of the Rio Grand Western railroad.
The explosion which occurred in the winter quarters of the mines is attributed by some, to the blowing up of a number of cans of blasting powder.
A special train was sent from Salt Lake bringing Supt Sharpe of the Coal Co., and Supt Wilby of the Railroad Co. and some doctors. As fast as bodies are reached they are taken to the boarding houses and other company buildings, where they are dressed and prepared for the corner's inquest.
These buildings are numerous and in each are ten to thirty-five bodies, which are laid in long rows. To those which have been identified are attached tags with names and addresses. These await the coming of relatives or friends.
Two hundred coffins have been ordered through local undertakers to be sent at once to the scene of disaster.

THE GULF.
Great Satisfaction in Quebec in Regard to Dodd's Kidney Pills.
Mrs. Anna Mongren, of Grand Metis, writes—Suffered Severe Pain in Region of Kidneys—Three Boxes of Dodd's Kidney Pills gave her Relief.

GRAND METIS, Que., May 7.—Throughout the Gulf district including the Maritime Provinces and Newfoundland, Dodd's Kidney Pills are conquering kidney disease and bringing people health and happiness. Every day brings news of another person cured, another home relieved from anxiety and suffering owing to the use of Dodd's Kidney Pills. The fame of Dodd's Kidney Pills has extended out into the Atlantic, and even on the fishermen's islands they have become the standard medicine.

It is a well-known fact that almost all the common and most fatal maladies spring from diseased kidneys, and it is on this principle that Dodd's Kidney Pills have been prepared. They act promptly and safely on the kidneys, restore them to perfect health and working order and thus cut away the foundation of nine out of ten of the diseases we hear most about to-day. Bright's Disease, Diabetes, Heart Disease, Rheumatism, Sciatica, Lumbago, Dropsy, Gravel, Inflammation of the Bladder, Women's Weakness and Blood Diseases all result from disordered kidneys and Dodd's Kidney Pills cure every time.

Mrs. Anna Mongren, Grand Metis, Que. writes: "I was suffering from a great pain in my side which caused me much pain and uneasiness. I took three boxes of Dodd's Kidney Pills and had no sooner taken them than I felt a great relief. I continued to take them and now I am perfectly cured and think myself obliged to tell my friends. I thank Dodd's Kidney Pills very much for such a great benefit."

One Irishman's Testimony.

The following is clipped from the Providence (R. I.) Sunday Journal:
To the Editor: I landed in this country last week, having come from Cape Town, South Africa. I came by the way of Liverpool, England. Hearing that the Irish, my own countrymen, are raising money for the Boers in Providence and vicinity, I desire to make a few facts known to them through your paper, if you will kindly let me.
I have lived in the Transvaal eight years, and I know a few facts about the Boers. In the first place—do they know that an Irishman or any other man never gets justice from a Boer in any court of law in the Transvaal? I will give \$1,000 to any man who will prove that they did within the last five years.
I will give you a type of the justice: In 1895 I was working in Johannesburg. I was working in the De Beer mines, which were owned by Mr. Rhodes, an Englishman, and Mr. Belt, a German. At that time there were about 300 Irishmen working in the mines.
That year a law was put in force whereby all children had to go to the Boer school, and all had to learn Dutch. Next door to me lived a man by the name of Patrick Fahey, who had three children, two boys and a girl. The girl was about 12 and the boys were younger, so he sent them to school, and one day, because the girl could not learn the Dutch, the teacher struck her on the head, and through that blow she went into convulsions and died. Mr. Fahey had the teacher arrested, but he was let off, as the teacher was a Boer. So Mr. Fahey would not let his boys go to school after that. So the Boer police came to arrest him, and because he would not go with them they shot him before the eyes of his poor wife. He lived about two hours after he was shot. Myself and Mike Carroll went and got the priest, but the Boer police would not let him into the house. This occurred on the 14th day of October, 1895. We called a meeting of all the miners, both Irish English and Scotch, and we subscribed and got a wood coffin and buried him decently. We decided also to let the English Governor at Cape Town know of the facts of the case. So we did. He sent two men to investigate it, but through that 20 of the miners were sent out of the country, and all the property, furniture and such like the Boers confiscated. We that stayed got together £115 and sent Mrs. Fahey and her children back to Ireland.
I can tell you 20 cases similar to the above, but I think that will be enough to let you see what the Boers are. I don't love England; but I say, give me English laws as they are in Natal, where every man has equal rights. That is what England is fighting for. There are over 10,000 Irish volunteers in Natal alone, and we will fight to the death to down the cruel Boers, and I appeal to all Irishmen to help the widows and orphans of the Irish soldiers who fell in battle. I have come here on a little business, and am going to Cape Town next week to fight the Boers and avenge poor Pat Fahey. So, at the last, I say, God bless old Ireland and her soldiers, who are fighting for a good and just cause.

DANIEL MALLEY.

You will not regret it if you always keep Kendrick's Liniment in the house.
